Mrs. F. R. Beals and Fred C. Baker was appointed on the committee.

At a meeting of the Water Commission and the City Council on Tuesday evening, Mayor Beals, G. W. Dwight and Rollie W. Watson were appointed on a committee to confer with the underwriters to ascertain what should be done for better fire protection before spending money on the same, with the idea of having fire rates reduced in this city.

Hood River High School's track team competed with The Dalles in the annual field meet held last week. The local boys were not in good form and the score was 107 to 32 in favor of the Dalles. Robert Henderson, son of Attorney J. L. Henderson, of this city, was the biggest point winner for the locals, winning first in the shot put, third in the discus throw, third in the half mile and first in the javelin throw.

There seems to be some misunderstanding as to what the Company Fund is for. The money previously collected was used for incidental expenses in connection with the armory but an effort is to be made to raise more money to provide the boys with things the government does not furnish. One effort to swell the Company Fund is an endless chain of letters, and those who receive them are asked to put up a small fund and write other letters.

On Monday the new cigarette law went into effect. On and after that date it will be a punishable offense for any one to sell, offer to sell or keep for sale, exchange, barter, dispose of, or give away to any minor any cigarette or cigarettes in the state of Oregon. And the keeping of cigarettes in any place where minors may take them or help themselves, is prima facie evidence of an intent to sell to minors. A violation of this provision will subject the violator to a fine of not more than \$1000 for the first offense and a fine of not more than \$500 nor less than \$25 for the second offense.

A letter from F. M. Lamb, who is at Olin, Iowa, visiting his old home after an absence of 53 years. He says there are some changes since he was there, but the extent of farming in that state this year is simply tremendous.

Mrs. C. E. Barnes was surprised to be called on the long distance phone late one night, but to her surprise she found she was talking to a sister in Chicago. Mr. Barnes also talked to her, and he said she could be heard as plain as talking to a person in this city.

Fred Peterson, who is connected with the Agricultural Department, came in last week to arrange for a committee in Tillamook City to keep the government informed as to the food situation, and at a meeting Thursday evening Rollie Watson,

Vancouver, Wash., was the scene of a well appointed wedding recently when Anna Roenicke, of Woods, Oregon, and T. J. Harris, of Tillamook, were united in matrimony. News of the event came as a complete surprise to the many friends of both contracting parties there and in Tillamook. The bride was born and reared to young womanhood in Portland, having made her home until recently in different parts of that city, and has a host of friends there. She is the only daughter of the late Otto Roenicke, one of Portland's pioneer business men, who established the Oregon Paper Box Factory, the first one to be opened there, and was active in that concern until taken by failing health. The groom is a prominent business man in Tillamook. He is senior member of the firm of Harris & Ammer, and conducts the only furniture store in Tillamook. He is a prominent lodge and club mem-

ber in this city. They will be at home to friends after May 25.

Engineer at Siuslaw Jetty Comes to Tillamook.

F. E. Leece, junior engineer, who has been in charge of jetty construction at the mouth of the Siuslaw for the past four years, has received notice that he is to be transferred to Tillamook and has instructions to take charge of the jetty work at Tillamook and Nehalem as soon as the emrockment of the jetties near Florence is completed.

Mr. Leece expects to go to the new location about June 1, where he will succeed Engineer W. G. Carroll, who was also his predecessor on the work at the Siuslaw.

Railroad Building Starts.

Forest Grove, Or., May 20—Construction work on the extension of the United Railways line from Wilkesboro to Tillamook is now under way. Machinery is being conveyed to Cedar Canyon, about 10 miles up Gales Creek, where a camp has been established.

The contracts for the construction of the first ten mile unit will be let to I. J. Rouston and Arthur Porter for clearing and grading; the Interstate Bridge Company, the bridgework, and W. D. Haley the furnishing of material.

The work of construction of the 50 miles to Tillamook is to be finished by the end of the year 1917. The new road is to be used for lumbering exclusively for the present.

St. Alphonsus Academy.

"A Dream in Fairy-land," a pretty and catchy opera, will be given by the students and music class of the Academy, on Tuesday evening, June 12, at 8:15 p.m. Admission for adults 35 cents, children 15 cents.

Diplomas will be presented to the eighth grade graduates the same evening.

Miss Aileen Fitzpatrick, who has been taking piano lessons from the sisters during the past seven years, finishes the junior course of music as prescribed by the institute, will also receive her diploma on June 12.

Miss Aleen has studied assiduously, especially during the last two years; the completion of "Matthew's" ten grades, besides various other classics and technical exercises is evident of what constant application and industry can do.

The Tillamook Commercial Club will take charge of one of the largest patriotic demonstrations ever held in Tillamook County on the Fourth of July. A number of business men took the matter up on Wednesday evening, as a result of the suggestion made at the meeting of business men on Monday evening, when E. T. Halton was appointed to get a committee together and talk the matter over.

Those who were selected to manage the patriotic demonstration were Fred C. Baker, president of the Commercial Club, A. A. Pennington, A. G. Ammer and Leo Morrison. C. E. Barnes and Cloyd Dawson consented to raise the funds.

As probably this will be the last time that the 10th Company, Coast Artillery, will parade in Tillamook and the people of the county given an opportunity to see them before they are called away, the occasion will be made a special feature of the patriotic demonstration, with the business men and the Women's Civic Improvement Club taking part in the parade.

Good Roads Boosters.

Tillamook good roads boosters for the election to be held on Monday June 4th, held a meeting last night to take immediate steps to a campaign of knowledge on the issues of the state and county bond issues. It was decided that as there was much indifference shown that the importance of getting the local vote out to the polls was necessary to carry the measures in this county.

Committees were appointed of the business men of Tillamook City, to boost for the success of the bonding measures, both the state and county bills. M. D. Ackley, D. L. Shrode, W. G. Dwight, W. B. Alderman, G. H. Ward, A. C. Everson, Rollie Watson and F. C. Baker were appointed on the various committee assignments. One of the main features of the committee work laid out was the authorization of "Tag" Day, for Saturday, May 26, and every day thereafter until election day Monday June 4th.
