have a jollification meeting and burn Dougal-Dougally-Doism in effigy.

Well, Well, Well, who would have thought it, 41 live, progressive citizens in Fairview precinct who are willing that other parts of the county should enjoy hard surfaced roads. Don't blame all the Fairviewites for being little Dougal-Dougally-Do puppy dogs. 20

Why wouldn't it be a good idea, seeing that Fairview precinct has gone on record as opposed to hard surfaced roads, to divert the money that is appropriated to extend the 000 for the Bayocean road, and the lowest contract to build the road as hard surfaced road to the grange hall to recruise the timber that is not payfar as Flower Pot was over \$16,000. It will take another \$5,000 or \$6,000 ing its share of taxation?

The snap shot man has often pre-Bayocean property line. AGRICULTURAL NOTES.

By R. C. Jones, County Agriculturist.

The Mole Must Go.

Unfortunately the mole campaign, organized in the winter, was delayed on account of inability to secure traps These traps arrived after most of the schools had closed, and are being slowly taken up.

A letter this week from Mr. Scheffer state that now is the very best time to trap moles, as they are the most active at this time and the furs are prime.

It is just as important to save the crops raised for our stock as it is to raise it, so let us make an united effort right now to lessen the number of moles my a systematic trapping campaign.
