Only Edison re-creations can be mistaken for the original voice. Its rich true tones fill many homes with gladness. Call at Lamar's Drug Store and hear one.

Tom Watt, of Brighton, and Otto Effenberger, of Nehalem, have enlisted, not in the army or navy but in the baby buggy brigade, their wives presenting them with a son last week.

Henry Crenshaw, with Mrs. Crenshaw and sons, left for Woodburn last week. They left on Wednesday with Dr. T. P. Wise and wife to motor through Yellowstone Park.

The official degree team of the W. of W., of Portland, will be in the city on Saturday to initiate a class of 40 candidates, when the team will exemplify the new ritualistic work.

Married on July 29, at the home of Herbert Alley, at Nehalem, Ore., Orlando Franklin Knight and Martha Elizabeth Alley, Rev. R. C. Young, pastor of the M. E. Church performing the ceremony.

Miss Dick, a concert player and piano teacher of Portland, has decided to locate in Tillamook. Miss Dick will be heard in recital in the near future, after which she will accept a limited number of pupils.

Dr. Jack Olson was in Portland last week and took an examination. He has been advised that he and another dentist has been recommended for surgical work, and will in all probability, be sent to France.

Mrs. A. F. Coats and two children, of Seattle, who have been visiting relatives in this city, left for their home last Friday. She was accompanied as far as Portland by her brother, O. A. Shultz.

As a result of the farewell dance given on Saturday evening, \$112.00 was added to the Company fund. It is gratifying to say that all those who had anything to do with the dance, the musicians as well, gave their services free.

Mrs. Chas H. Castner, of Hood River, State President of the Oregon Federation of Women's Clubs will be in Tillamook Saturday as guest of the Kill Kare Klub and will speak at the City Hall at 2:30 p.m. All ladies are invited to attend.

Rosenberg Bros. have opened a large feed store on 2nd Avenue East near the saw mill and will carry a large line of all kinds of hay, feed, flour, grass seeds at the very lowest prices. Special prices on hay and feed in car lots.

Sheriff Campbell and deputy Sheriff Stanley were in the north part of the county on Saturday, as trouble was expected with I. W. agitators, but we are glad to say the day passed without the agitators putting their threats to close down the logging camps and saw mills into execution.

Married on July 26th, at the home of C. E. Trombley, in this city, Clarence Bettes, of Clackamas County and Miss Mildred Ford. The ceremony was performed by the bride's father, Rev. F. S. Ford, pastor of the M. E. Church at Pleasant Home, Oregon. The bride is a sister to Mrs. C. E. Trombley, and will make their home in Clackamas County.

James Feeney went to Portland again on Tuesday, and he does not expect any further complications in regard to obtaining a contract to repair two government vessels. About 20 prominent business men went on the bond to see that the necessary dredging was done, which was the only thing in the way of obtaining the contract when Mr. Feeney was in Portland last week.

Frank Sirong left on Saturday to work for the government at American Lake, Wash., and Ben Arge, Lee Hubbard and F. H. Mathews left on Tuesday. They expect to be gone about three months. The increase pay was the attraction, for whereas carpenters receive 50c. per hour in Tillamook, they will receive 75c. per hour working on the cantonment in Washington.

Geo. W. Kiger was in Raymond, Wash., last week, where the saw mills are closed down on account of I. W. activities. Mr. Kiger thinks a good deal of the trouble is on account of difference of hours of labor, the government legislating to give government and some of the railroad employes eight hours and not legislating eight hours for loggers and those who work in saw mills.

All arrangements have been completed and it seems to be agreed that the Peeney-Bremer Co. is to be awarded contracts to build two vessels for the government. Someone appears to have been doing some "knocking" at Washington, but these have been overcome. A bond has been put up to do the necessary dredging, so as to provide plenty of water when the vessels are launched.

O. F. Johnson, president of the First National Bank, Camas, Wash., and wife, were in the county for a few days visiting with the Rosenbergs, who are old friends. Mr. Johnson came by way of Astoria and in looking over this part of the county was wonderfully impressed with the dairy farms, for he had been connected with dairying in the East. He was also greatly pleased with the city.

Dr. Reedy has gone to Pullman, Wash., to take an examination, as the government is calling for veterinarians.

Dave Martiny missed his cow on Wednesday from the pasture near the house, and it was thought that someone had stolen the animal, so a search was made in different parts of the vicinity. It dawned on him that evening about a covered cesspool on the place and on making an investigation found the cow had broken through and the animal's neck had been broken. It was a valuable cow worth probably \$200.00.

Wednesday afternoon, July 25, was the occasion of a quiet wedding at the home of Mr. and Mrs. I. H. Wilson of the Gold Creek Fish Hatchery; when their daughter, Miss Cecelia, was united in marriage with Ralph Johnson, of Gaston, Oregon, by Rev. Cady. The groom is a prosperous young rancher of Gaston, where the young people will make their home. The bride has many friends in Tillamook, and many good wishes attend her as she leaves our midst.

Gene Garrett was tried in Justice Taylor's court on Saturday, charged with a violation of the fish law and the jury brought in a verdict of guilty, the justice imposing a fine of \$50. The case against Jeff Fleck was dismissed and a complaint filed against his wife, Mrs. Lulu Fleck, who owned the net, on a like charge, it being stipulated between District Attorney Payne and Attorney Winslow that the same evidence would apply to both cases, consequently Mrs. Fleck was fined \$50.00.

Fifty thousand dollars will be expended by Pendleton in putting on the 1917 Round-Up, September 20, 21 and 22, which insures the very best in contests, horses, steers, performers and contests worth seeing. Special Pullman trains have already been engaged and will go from Portland, Spokane and St. Paul. The attendance will be equal to if not greater than 1916. The railroads have granted the usual special rate of one and one-third fare for the round trip from all points in the northwest. The railroad officials assure the management there will be no falling off in attendance and the only question with them is whether or not they will be able to furnish the equipment.

TO BUILD FIVE MILES OF HARD SURFACED ROAD

State Highway Commission Calls for Bids, to be Opened Next Tuesday.

As a result of the special State and county bond elections, Tillamook County is to have five miles of hard surfaced road constructed this year out of the 20 miles or more to be built in the south part of the county. With the three and a half miles of hard surfaced road already built south of Tillamook City, the additional five miles will take the road to Pleasant Valley, as far as the John Theiler place. By constructing that part of the road this fall, it will save considerable money in maintenance charges.

TILLAMOOK GIVES HOME BOYS ROUSING SEND OFF.

10th Company, Coast Artillery, Left Sunday for Fort Stevens.

Several thousand persons, from all parts of the county, assembled at the depot on Sunday to bid farewell to the home boys, who had volunteered their services to the country in this national crisis, which was a notable event in the history of Tillamook, for when the 10th Company, Coast Artillery, entrained it was the first military company in the history of Tillamook to respond to the country's call. Quite a number of Tillamook boys have joined the army and navy, but the coast company was the first actual military organization in the county. The large crowd showed how intensely interested Tillamook people were in the home boys, and the rousing send off given Captain S. S. Johnson and his brave boys was something to feel proud of.

Captain Johnson had advised the proper authorities that he was ready to move soon after the company was called out on Wednesday of last week and on Saturday it was known that the company would entrain next morning and leave on the regular train for Fort Stevens. Most of the boys were given leave of absence on Saturday to say good bye and make final arrangements.

Early Sunday morning the remaining equipment was gathered up and taken to the depot, and at nine o'clock the company was assembled at the fair grounds, and at nine thirty headed by the Stars and Stripes, the company started for the depot. The depot was packed with people and on arriving there the company opened ranks and the people passed down either side and shook hands with the boys. It was a touching scene in many cases of parents and relatives saying good bye to their sons and brothers. A few minutes be-

LAW OF SUPPLY AND DEMAND.
DEMAND for Tillamook products will exceed the supply for many years to come. New fields of needs are constantly opening, while funds are made available for the conduct of Old and establishment of New enterprises through the facilities of the Federal Reserve System—and such Member Banks as the First National.

Your Checking or Savings Account Invited.

B. C. Lamb, Building Materials. John Morgan, Farmer.
W. J. Riechers, Cashier.

The First National Bank
TILLAMOOK OREGON

fore ten o'clock the boys were ordered to entrain, and when the train pulled out the boys were given a rousing cheer, with the waving of flags and handkerchiefs. At Bay City, Garibaldi, Bar View, Rockaway, Brighton and Wheeler, large crowds were at the depot to give the boys a fitting farewell.

The company has been sent to Fort Columbia, on the Washington side of the Columbia river, with the Medford company.

Third Payment Due.

The third payment of twenty percent on Liberty Bonds purchased by installments was due on July 30. The payment must be made on or before that date according to the official statement of terms and conditions of the sale of Liberty Loan Bonds made by Secretary McAdoo at the time subscriptions were invited.

Whether the bonds were purchased from the Treasury or the Federal Reserve Banks or through other banks or agencies it is important that these and succeeding installments be paid promptly.

THE NEXT DRAFT.

Official List of the First 150 Men to be Drawn in Tillamook County.

As there were quite a number of errors in the list of names to be drawn in last week's issue for the first draft in Tillamook County, we have corrected it by the figures received from Washington. Quite a number of names have been added and only two taken off. It is expected that the next draft will call for 68 men from this county, but it will be necessary to draft 150 or more so as to provide for exemptions. We will probably give the entire list next week showing the order in which those who registered will be drawn.

Oakland Being Saved.

Wheeler, Or. July 30.—The schooner Oakland, wrecked on Manzanita beach in March, 1916, is now in fair way of being put in commission.

A. D. Moodie, of Portland, has taken the vessel out of the sand and up over the sea wall and already moved her at least 1000 feet over the sand spit toward Nehalem Bay, having moved it 160 feet Saturday. From this time he expects to average 200 feet daily, and to reach Nehalem Bay in two weeks. Ways will be constructed and the vessel put in seaworthy condition by a crew of ship carpenters before launching.

The Oakland is in much better condition than might be expected after a year of buffeting by the tides and the strain put on her by the many unsuccessful attempts to haul her out to sea through the breakers.

Some \$12,000 has been spent in fruitless attempts to float her out through the surf. Contractor Moodie is moving the ship easily with a crew of seven men and will realize a good profit from his contract price of \$6000 for moving and launching in Nehalem Bay.

Henry Albers, the present owner, will be well repaid in salvaging and when ready for sea the schooner will find waiting cargoes at either Wheeler or Brighton mills.
