Quite a number of persons in this city had made arrangements to attend the Fair on Friday and were disappointed on account of the weather.

Rev. R. E. Jope, who tendered his resignation as pastor of the Roseburg Christian church two weeks ago, reconsidered his action and at the close of the services Sunday morning announced that he would remain to fill the pulpit for another term. Much pressure was brought to bear upon him to remain, not only by a large majority of the members of his church, but the business men of the city generally. Mr. Jope was formerly pastor of the Christian church in this city.

Mrs. W. J. Reichers returned from Alberta, Canada, on Saturday, where she had gone on account of the sudden death of her sister, Mrs. Cleo Konecki, who told the prosecuting attorney that her husband was a saloon keeper at San Francisco. After the justice had decided the case the woman wanted the whiskey and cried when she was told she could not have it. She claimed it was for medicinal purpose, a doctor some year ago having advised her to take whiskey for her ailment.

Charles Finch vs. Miami Valley Creamery Co. is a suit filed in the Circuit Court to recover \$400.00 damages. Plaintiff was the cheese maker at this factory and he claims the company employed him for a period of ten months at \$70.00 a month, and at the rate of \$3.00 a day during the winter season of 1917 and 1918. He remained in the service of the company until August 24, 1917, when he was discharged without any cause, and was refused permission to perform his part of the contract, and that by the wrongful action of the company he now claims the above amount.

C. C. Byers, who was school clerk of Rockaway district for over four years, was arrested on Friday and locked up in the county jail charged with embezzlement of school funds of that district, his shortage amounting to over one thousand dollars. He waived examination and Justice Stanley placed his bail at \$3,000, to appear before the grand jury. Since then Byers has turned over property at Rockaway and in Multnomah county to his bondsmen that will cover the shortage, whereupon the justice reduced his bond to \$1,000, and this being furnished he was liberated from jail.

The piano recital given by Miss Salena Dick, assisted by Mr. and Mrs. E. E. Koch, at the city hall on Friday evening was well attended and proved a real treat to all lovers of music. Miss Dick is certainly a gifted pianist and her playing delighted the audience. Her first two pieces were Prelude op. 3 No. 3, and "Love's Dream" followed by a violin solo, "Lucia Di Lammermoore, fantasia," by Mr. Koch. Miss Dick then rendered "March Wind," "Witches Dream" and "Valse Poetique," and Mrs. Koch sang "O Losing Heart," "Trust On." Miss Dick closed the program with sextet from Lucia and Rhapsody No. 2. All the players came in for a general applause.

The Holstein breeders in the vicinity of Fairview have decided to erect a cheese factory, to be used exclusively for milk from Holstein cows, and to organize a new co-operative association. There is more or less difference of opinion between dairymen as to the intrinsic value of Holstein and milk from other stock for cheese making purposes. It will be remembered that the Holstein breeders had an experiment at the Fairview Dairy Association's factory for six months, when all the milk from Holstein cows were kept separate and placed in one vat, and the experiment proved satisfactory to the Holstein breeders, the Holstein Breeders Association decided to build a new cheese factory to be used exclusively by Holstein breeders.

The arrival of "Hell Morgan's Girl" at the Gem theatre, September 26 will mark an unusual event in local photoplay annals. Without being heralded as the "greatest ever" or guaranteed to embody all the reforms and dogmas of civilization, the play will afford stirring scenes and a gripping interest that has seldom been reflected upon the screen. Its scenes are laid in San Francisco at a period just preceding the great earthquake and consequent fire. This catastrophe is used as the climaxing incident of a series of sensational events that lead to the Presidio, where refugees congregated in thousands after the night of terror and destruction. Dorothy Phillips, one of the most famous emotional stars the screen has ever introduced, will play the leading role, the daughter of "Hell" Morgan, keeper of one of the most notorious spots in San Francisco's Barbary Coast. Her leading man will be William Stowell, and Lon Chaney, a clever actor of villainous parts, will provide the counterbalance to Stowell's manliness in the principal role.

A suspicious package arrived at Nehalem addressed to Oscar Fanning and was marked "canned clams." That was a dead give away, for it made the people look up and take

notice when anyone will send canned clams from San Francisco to Tillamook. Sheriff Campbell and District Attorney Goyno made an investigation of the clam mystery, and found what they had surmised a jug of whiskey. They decided to leave the package in the express office, and a deputy sheriff was appointed to keep watch on the "canned clams," which he did, for Tuesday a woman went to the office and asked for the canned goods. She was immediately arrested and brought to this city and pleaded guilty to violating the prohibition law and Justice Stanley fined her \$10.00 and costs. The package was addressed to Oscar Fanning and the woman's name was Mrs. Mary Konecki, who told the prosecuting attorney that her husband was a saloon keeper at San Francisco. ### NOTE INDICATES DEATH.

#### Message from Mrs. Graham Washed Ashore.

A note washed ashore at Manzanita on Thursday indicated that E. R. Viers and Mrs. W. A. Graham, of Dallas who disappeared from Garibaldi were washed out to sea and drowned. The note came ashore in a hairpin box, and was signed, "Mrs. W. A. Graham, at sea." It read:  
"We left Garibaldi this morning to go crabbing and as we were crossing the straits the tide was going out and it carried us out to sea, and as the ocean is rough, I don't think we will ever see land again. Our boat is sinking now."  
The note was picked up by Hazel Spencer, granddaughter of F. Spencer of Manzanita.

### Atkinson-Whalen.

On Tuesday, September 11, the home of Mr. and Mrs. John Whalen, of Sandlake, was the scene of a pretty wedding when their daughter Miss Nellie became the bride of Joel Atkinson. The bride was charmingly dressed in a gown of shadow lace and wore carnations and the vows were given under a curtain of carnations. The Misses Oneita and Letha Whalen, bearing flowers, accompanied the bridal couple. The ceremony was performed by Rev. R. Y. Blalock, at high noon. After the ceremony a wedding dinner was served. In the afternoon, the many friends

of the young people came in to offer congratulations and best wishes. At 4:00 p. m. Mr. and Mrs. Atkinson left for a short trip by auto. They will later go to their new home in South Prairie. They have been popular in the community and many regrets will follow the leaving as well as the heartiest good wishes for their future life together.

### The Paving Controversy.

An adjourned meeting of the City Council will be held next Monday evening, when the matter of the assessments for the sewer system and pavement will come up again. The City Council deferred this matter for two weeks to give the property owners time to consider what is best to do, and they are invited Monday evening. The litigants and the Construction Co. entered into a stipulation to compromise the suit, the latter to pay the litigants \$27,000, reduce the cost of the pavement 25c per yard, and maintain it for another five years, and it was upon this stipulation that the Supreme Court acted and returned a mandamus compelling the City Council to make the assessment. Now a number of the litigants object to that kind of a settlement, and the non-litigants, object to it also, for the reason that they feel that it is not right for the litigants to dictate what settlement they should make, and without being consulted. There appears to be a strong sentiment amongst the property owners, to settle this vexed question, and to pay the Construction Co. what the pavement and sewer system is worth, but here is where trouble is liable to bob up arriving at a just valuation, for some of the property owners allow their prejudices to control their better judgment. Rollie W. Watson is having the proceedings of the City Council printed when the matter was taken up two weeks ago, and it is his intention to have these circulated between now and next Monday. It is a little hard to tell what the property owners of the City Council will do next Monday in the matter.
