Larson's new candy shop is located between Morris Schnall's and Jenkins jewelry store. Go to Larson's for fresh home made candies and fresh roasted peanuts and popcorn.
Demand that your contractor use Santa Cruz cement. It is always uniform and has exceptional fast setting qualities which is preferred. For sale at the Kuppenbender Warehouse.
Thos. Hamilton of the Royal Chop House, is a loyal citizen. He subscribes \$700.00 for Liberty Bonds. He deserves your patronage when you need good cats and a good loyal place to eat at.
For the information of those who bought Liberty Bonds to be paid for in installments, the second payment must be made at the local banks by the 14th of this month, for the money must be in San Francisco on the 19th.
For Sale—2 dwellings, Lots 3 and 4 on 5th St. and Park Ave. Also furniture, 1 range, 3 heaters, water-power washing machine, and other household furniture. Inquire of Mrs. K. White.
Carl Haberlach wired a complaint to the Public Service Commission on account of not being able to obtain a car to bring box shooks from Wheeler to this city, which was causing delay in the shipment of cheese.
P. S. Seabrook & Co. shipped 51,874 pounds of wild blackberries out of the Tillamook county. This is a fine beginning of what will eventually grow to be a big business.—Williamina Times.
For Sale, a dairy farm of 80 acres on Bewley creek, 20 acres of which is cleared. At \$2,500 it is a bargain. Can be bought on time with \$1,000 down. Apply to C. J. Chaffee, near City Dairy, Tillamook Ore.
In the City Hall, Friday, Nov. 9th at 8 o'clock the children of St. Alphonsus Academy will present their school play, the chief feature being a cantata entitled "The Fairy Shoemaker." All are cordially invited.
Wesley Rush and wife are leaving this week for Agula, Maricopa County, Arizona, where their sons are about to engage in farming and cattle raising. Mr. and Mrs. Rush will stay with them until they get matters well under way, and will then be back in Tillamook.
260 acres Coos County, Oregon, land three miles from North Bend on navigable channel of Coos Bay, with boat service. 130 acres bottom land which is dyked and ready for cultivation, 130 acres bench and hill land. Price \$22,000.00. Terms \$12,000 cash, balance to suit purchaser at 6 per cent. Price at bed rock as owner must sell. Address W. G. Robertson, Cooson, Oregon.
Several fishermen have been caught in the dragnet for violating the fish laws. T. R. Fraser was caught on two hooks and pleaded guilty. He was made to cough up \$50 and \$10. He was caught on the Tillamook river. Edward Clark and Louis Ludtke on the Nehalem river were also caught in the dragnet and Clark had to dole out \$100.00 and Ludtke \$150.00. Owing to extenuating circumstances Jess Davis was only called upon to punge up \$20 on two charges. G. A. Edwards and G. W. Parrish are going to scrap it out in the court before they are made to punge up.
G. W. Gates and Company vs. A. F. Coats Lumber Company is a suit filed in the circuit court for damages. The complaint alleges that defendant agreed to sell plaintiff and to deliver to him within three and not later than five months from that date on board cars 23,333 feet of clear spruce lumber for the agreed price of \$35.00 per thousand feet. By reason of defendant's failure to deliver 5,323 feet of lumber, plaintiff was obliged to go to the market to and purchase elsewhere to fill an order with the government, having to pay therefore the sum of \$328.70 over and above the price at which the defendant had agreed to sell the lumber, plaintiff was \$544.75 damages.
Central wouldn't answer last Friday morning at the Pacific Telephone and Telegraph Co.'s office, the reason being that the operators, or nearly all of them, went on strike as well as the linemen. The reason why a strike was called the operators want an increase of \$5 a day and the union to be recognized. Those who struck in this city were Roy, McLinnis and D. C. Brown, Mrs. Brown and Mamie Lafolet and Mrs. Florence Baker. Miss Alvin Austin refused to strike, and is still at work, with the office force is Miss Hattie Ripley, Miss Lotie Wade, Mrs. Wade and Mrs. Fulton. There is not the least doubt but what the operators are entitled to more wages, for they are consented to an increase, but the strikers is recognition of the union.
Tom Hiatt vs Solon Schiffmann is a suit filed in the circuit court, in which the plaintiff prays for judgment for \$4,450.00 as the result of an auto accident. Plaintiff alleges that on the 25th of October, at the special request of the defendant, was invited to make a journey from Wheeler, which he did, and by reason of the negligence and carelessness of the defendant and plaintiff was violently thrown and hurled under the vehicle and thereby

WEEKLY OREGONIAN, 1 year.
OREGON FARMER, 3 years.
All For \$2.50.

received a serious and painful fracture of his collar bone, and his arm and shoulder dislocated and seriously, dangerously and painfully lacerated. The plaintiff also alleges that the auto was defective, in that the same was out of order and had no safe nor proper brake nor safe or proper steering gear, and that while operating the auto the defendant carelessly and negligently steered the same. On account of the accident plaintiff claims he has suffered physical pain and mental anguish, and his limbs and person have been seriously and permanently injured and wants \$3,000.00 damages, and \$450.00 for being deprived of his vocation.
Congressman W. C. Hawley came in on Monday to confer with his constituents, and had a meeting with the business men at the club rooms in the City Hall that evening, when the matter of better and deeper channel to the central part of the county was discussed. Mr. Hawley stated that the government engineers were not in favor of any more jetty projects, and an effort was being made to induce the government to build a bar dredge for the smaller harbors on the coast which would include Tillamook Bay. This would save a large amount of money in not having to build a south jetty at the Tillamook bar. Mr. Hawley wanted to know what local assistance could be given to help build the dredge, but owing to the local situation the Port of Tillamook was not in a position to give financial assistance. The matter of improving the channel from the bay to Tillamook river and Tillamook City was freely discussed, and Mr. Hawley promised his assistance. The last rivers and harbors bill contained an appropriation for a survey and Mr. Hawley is in hope this will be completed by the next meeting of the Port of Tillamook. The Port of Tillamook has promised to furnish the government engineers with data. Mr. Hawley left on Tuesday for Wheeler. He has two sons, both of whom are in France with the U. S. army.

TILLAMOOK MAN HONORED
Albert Yates Thanked by President for Patriotic Postcard Design.
Albert O. Yates, 695 Alberta street, Portland has been awarded a blue ribbon for his design for a patriotic post card, for which he has a copyright running for a period of 28 years.
The design represents the United States Government, the State of Oregon and the City of Portland.
He has also received the congratulations of Governor Withycombe, State Senators and Representatives and a letter of thanks from President Wilson.
Mr. Yates is a native of England, and spent the early part of his life at Dallas, and for a number of years resided in the south part of Tillamook county where he took up a homestead on the Nestucca River.
Thanks the Headlight.
Mr. Fred C. Baker, Headlight, Tillamook, Oregon.
My dear Mr. Baker:—When I ran into a long list of names of subscribers that you published during the Liberty Loan, I could not help feeling very appreciative of the work you were doing. Then I noticed that front page issue of yours of October 25th, in the copy of the paper you were good enough to send me. This time I was amazed.
It is impossible for me to do more than extend to you my hearty appreciation of the work you carried out in the highest point of perfection, but who knows it? It does no good for us to do all of these things and then keep it to ourselves when we have the product to sell.
However, with all the reputation which Tillamook cheese has, we are confronted with a drop of 3 cents a pound. This is not all for there are some 84,328,064 pounds of cheese in storage—7,000,000 stored on this coast alone, Canada is racking up and New Zealand is stocked to the guards. It is time that we dairymen of Tillamook woke up, rub the sleep from our eyes and get into action and get there quickly. Let us get busy and tell the buying public what we have, let us educate the housewife, the mother, concerning the food value contained in cheese, let us bring it to the attention of our government as a food for our boys at the front and those on their way, they would appreciate a good fat Tillamook cheese sandwich. You farmers, dairymen and people of Tillamook—let your pork barrels go empty this fall and do your bit—eat your own famous Tillamook cheese. With bacon at 45 cents per pound and cheese at 23 cents, with cheese containing twice the food value of meat, eat cheese three times a day—begin to-day.
Let us appropriate 1/4 of a cent a pound for a good clean, well directed advertising campaign and I am sure we will not have to worry what Withycombe or any other cheese is selling for. We will then establish our own trade mark, make our own price and give the customer a dollar's worth for every dollar he spends for Tillamook cheese. Let us have a Tillamook Cheese Day.
Ben Kuppenbender.

and the wonderful work that is being accomplished through this agency is far beyond the realization of most of us. Y. M. C. A. huts are being established in the army camps of our own country, as well as those of the Allies, where those weary and worn boys can have an hour of relaxation, a cup of coffee, a comfortable desk at which they may sit while writing to those home folks, with stationery and every necessity furnished, where they may also have the privilege of hearing the best music upon the gramophone, seeing the moving pictures, reading the best magazines or even taking hours of special training and study.
For this, each million men will require 200 experienced workers, 500 pianos, 500 talking machines, 25,000 talking machine records, 500 motion picture machines, 1,000,000 ft. of film a day, 10,000 pens a day, 25,000 chess and checker boards, 50,000 magazines a week and 1,000,000 bibles.
To accomplish all this, and you would have them accomplish no less, they will also surely require your most liberal offerings.
This great undertaking is to be accomplished with the gifts of loving, warm hearted patriots who want our boys to have all these things to uplift them and protect them from the moral contamination that everywhere awaits them as well as the physical dangers that threaten them.
The amount required to accomplish these things in our own country upon the seas and over the seas, is \$35,000,000, of which Oregon's share outside of Portland, is \$100,000. Tillamook County's share of this burden of responsibility is \$2,000. The amount has been apportioned among the various districts of the County. Will our district raise its quota? Let us take up the task with a will and see that our district does its share. What will you do? This is an individual question.
\$6,000 provides one of these huts fully equipped, in our home land. \$1,000 provides one over the seas. Will we provide them?
Let us ask again where are our boys?
Date of campaign Nov. 11-19.

Wants to Advertise Tillamook Cheese
Dear Editor:—Your paper of November 1st states that the price of cheese has taken a decided drop. When the value of cheese as a food product is considered, it can readily be seen that such a slump is absurd. There seems to be no reason unless it is our negligence. We have here one of the best organized associations for the cheese industry and are going to the limit in our efforts to improve as fast as modern equipment and scientific methods are brought forth. First prizes at National Dairy Show at Springfield, Mass., and also at all fairs and shows in the Northwest where we exhibited, prove that we make the best cheese in the United States. We are now testing all the cows in Tillamook County for tuberculosis and all re-actors will be slaughtered, thus destroying any fear that might exist as to the condition of our herds; our stringently enforced rules for the weekly inspection of factories and cheese is a further safeguard against anything that would impair the value of the food in the least, and establish the fact that we are first in uniformity, quality, flavor and purity.
Thousands of dollars have been spent for pure bred cattle to further the development of our herds which are the backbone and mainstay in Tillamook County. Nothing has been spared to bring our cheese to the highest point of perfection, but who knows it? It does no good for us to do all of these things and then keep it to ourselves when we have the product to sell.
However, with all the reputation which Tillamook cheese has, we are confronted with a drop of 3 cents a pound. This is not all for there are some 84,328,064 pounds of cheese in storage—7,000,000 stored on this coast alone, Canada is racking up and New Zealand is stocked to the guards. It is time that we dairymen of Tillamook woke up, rub the sleep from our eyes and get into action and get there quickly. Let us get busy and tell the buying public what we have, let us educate the housewife, the mother, concerning the food value contained in cheese, let us bring it to the attention of our government as a food for our boys at the front and those on their way, they would appreciate a good fat Tillamook cheese sandwich. You farmers, dairymen and people of Tillamook—let your pork barrels go empty this fall and do your bit—eat your own famous Tillamook cheese. With bacon at 45 cents per pound and cheese at 23 cents, with cheese containing twice the food value of meat, eat cheese three times a day—begin to-day.
Let us appropriate 1/4 of a cent a pound for a good clean, well directed advertising campaign and I am sure we will not have to worry what Withycombe or any other cheese is selling for. We will then establish our own trade mark, make our own price and give the customer a dollar's worth for every dollar he spends for Tillamook cheese. Let us have a Tillamook Cheese Day.
Ben Kuppenbender.

Where Is Your Boy?
6,000,000 boys in prison camps! 14,000,000 boys under arms!
The trenches will soon be filled by our own boys. If it is not your boy, you are especially favored, by his presence in your fireside. But how about your neighbor's boy? What are you doing to make his lot as easy as possible, under conditions that cannot, at the best, be what we would like?
Would you not like in some way, to help in the work that will protect, in some measure, these home ties from breaking, while the boys are passing through these trying experiences for you and me?
There is just one institution that is accomplishing this work but whose powers are greatly thwarted by lack of means. It is an institution in whose hands you are always safe in entrusting your funds, and also your boys, during those "Off Duty" days; or during those "When time drags, when loneliness puts to the test and when temptations make their most formidable attacks.
This institution is the Y. M. C. A.,

First War Taxes Take Effect.

Effective the new war taxes on theatre tickets, freight way bills, passenger tickets, pullman tickets, express tickets, telegraph and telephone messages, club dues and new insurance policies.
The new taxes on tobacco, cigars, cigarettes and snuff, and the tax of one cent on each piece of first-class mail except local letters.
Effective December 1 will be the documentary taxes, which are similar to those of 1898.
The taxes on wholesalers and jobbers of motor vehicles, musical instruments, sporting and amusement goods, toilet preparations, patent and cameras must be paid on stock on hand October 4, but returns showing the number of articles and their value need not be filed with the internal revenue collector until last Tuesday.
The special taxes which become effective are:
One cent on each dime paid for amusement admissions.
Three per cent on payments for freight transportation.
Eight per cent on passenger fares.
Ten per cent on payments for Pullman and similar accommodations.
Five per cent on oil pipe line transportation.
One cent for each 20 cents or fraction paid for express packages.
Five cents for each telegraph, telephone or radio message costing 15 cents or more.
Ten per cent on club dues.
Eight cents on each \$100 of new life insurance and 1 cent on each dollar of premium paid of fire, marine, casualty and other insurance policies.
The one-cent tax on first class mail will mean that letters will need three cents in stamps and postcards two cents. The tax will not apply to drop or local letters.
Books of three cent postage stamps will be placed on sale at the post-offices.
Amusement admission taxes became effective Thursday at places charging more than 10 cents. They are 1 cent for each ten cents or fraction paid for such admissions, payable by the person admitted but collected by the government from the amusement proprietor, required to make sworn returns to the treasury.
A flat tax of one cent, for each child under 12 admitted when children are charged also is provided. Passes also are taxed, except those to bona fide employees, municipal officers and children under 12 at the regular rate, which also is extended to cabarets or other entertainment in the parks paid for refreshments, merchandise or service. Persons leasing theatre boxes must pay ten per cent on their rental.
The new rate on cigars range from 25 cents to \$7 per thousand and on cigarettes from 80 cents to \$120 per thousand. Five cents a pound is the new tax on tobacco, while cigarette papers are taxed from one-half cent to one cent per hundred. As the taxes are now reaching the ultimate consumer, the raises mean about one cent more on five cent tobacco packages, from two to five cents on cigarette packages and from one to ten cents on cigars.
The tax on freight and passenger transportation are also extended to motor vehicle competition of steam and electric railways and water lines. The passenger transportation tax is not applicable to fares costing 35 cents or less or commutation or season tickets for trips less than 30 miles. Payments for services rendered by the federal and state governments are exempt from taxation.
The ten per cent tax on Pullman accommodations is applicable to payments for seats, berths, and state-rooms in parlor and sleeping cars or on vessels.
The five cent tax on telegraph, telephone or radio messages costing 15 cents or more applies only to those originating in the United States.
Clubs whose dues are less than \$12 exempt from the 10 per cent tax on club dues.
The new insurance taxes are imposed on new policies issued, with reinsurance policies exempted. Industrial or weekly payment policies are taxed forty per cent on the first premium on policies for \$500 or less.

ANNUAL REPORT SHOWS ECONOMY

Corporation Commissioner Operates Department Cheaper Than Did Predecessor.
Salem, Or., Oct. 31.—Corporation Commissioner Schulderman submitted his annual report for the year ending June 30, 1917, to Governor Withycombe today, and it shows that during the year he made a saving of \$352.82 in the operating expenses of the office over the year 1915—the last year of his predecessor. The funds turned into the state treasury also represented a net gain of \$1,885.51 over the year 1915, according to the report.
The gross receipts of the department for the year totaled \$203,318.30, an increase of \$14,212.69 over 1915. Of the gross receipts, \$8,752.70 was paid by foreign corporations as entrance and license fees.
"Neither my last annual report nor this report included my fees from banks, as all fees paid by banks are now paid into the banking department," says the report in commenting on the receipts. "Had the fees paid by banks been included in the reports for the last two years the increase of receipts would have been much greater."
The total disbursements for the year were \$15,608.95, as against \$10,961.77 for 1915. The funds turned over to the treasurer totaled \$187,709.35, as against \$169,143.84 for 1915. The cost of the operating expenses has been 7.7 per cent of the revenue received.
During the year 862 corporations filed articles of incorporation, and 26 heretofore dissolved were reinstated. A total of 825 corporations were dissolved during the year by the proclamation of the governor.
"Prominent among the corporations organized during the past year are 15 shipbuilding companies," says the report. "These corporations represent a total authorized capital stock of \$5,952,000."
Sixty-six foreign corporations were authorized to transact business during the year, and 58 were disqualified. Twenty-five corporations having an aggregate capitalization of \$1,444,840 making a total reduction of \$3,900,160. Twenty-nine corporations filed resolutions increasing their capital stock from an aggregate of \$4,149,800 to \$12,056,620, an increase of \$7,918,820.
Two domestic building and loan associations were organized with a total capital stock of \$21,200,000 and at the close of the year there were 13 building and loan associations, representing a total capitalization of \$51,116,000 of record. Two of these associations have on deposit with the commission or trust companies securities totaling \$5,330,223.25.
During the year 102 permits were granted to corporations under the Blue Sky Law. They had an authorized capitalization of \$26,135,000, of which the department authorized the sale of \$6,895,436. Permits were also issued authorizing the sale of \$471,200 in bonds. Eleven permits were revoked because of insolvency or mismanagement, and 75 were canceled by dissolution of the corporation or failure to comply with the law. There were 16 questionable applications to sell securities made to the department, 11 of which were refused for cause, and five dropped or recalled by the applicants. The 11 cases of cancellation for cause, together with the 11 refusals to grant permits asked for involved approximately \$2,245,000 in stock, and \$152,000 in bond issues.
"It has been my purpose to construe this law in the broadest manner possible, not overlooking, however, the safeguarding and protecting of the interests of the public and investors," says the commissioner in referring to the Blue Sky Law.

YOU CAN EARN \$200.

each month selling "Wear-Ever" specialties in Tillamook county. C. Irvine Armstrong, Lewis county, Washington, averaged \$275 per month in July and August. A recent month's commissions of T. J. Fellow, Astoria, Oregon, were \$264. Do not apply unless you are exempt from army draft, can furnish references and have funds to pay expenses for one month. Successful applicant will be selected in few weeks after personal interview with our sales supervisor. For particulars write to The Aluminum Cooking Utensil Company, Portland, Oregon.
The Franklin Fish Market is now open for business, drop in and look around at the Old Spanish Kitchen. F. N. Elliott, Proprietor.

A movement and urge him to take advantage of the facilities of the Y. M. C. A. to the utmost. It is absolutely free to him.
The Y. M. C. A. in the army is his club. He goes to it for amusement, entertainment, physical, social and spiritual help. He is always welcome and finds there some of the comforts of home, writing paper and envelopes, reading matter and friendship. It is the greatest influence for good that he finds in the army. It is the connecting link between the soldier boy and his home.
Write him a letter and give him news of the folks at home. He will appreciate it. It will show him that there are those who love him and it will help to strengthen him in the face of temptation. Write that letter on Sunday, November 11, the day that the Y. M. C. A. starts its national drive for \$35,000,000 to maintain its work in the American armies, and send him a copy of the old home newspaper.

SOLDIERS' LETTER DAY, NOVEMBER 11.

There are two things the soldier boy wants more than anything else in the world—a letter from home and a copy of the old home newspaper. The first brings him the love he craves, the other the news he longs for. Sunday, November 11, has been set aside as a day when everyone is asked to write a letter to a soldier boy and to send him a copy of the home paper.
The home tie is the strongest that the soldier knows. Keep it intact. Help the Army and Navy Y. M. C. A. It is established in every camp, at every cantonment and follows or creeps the soldier wherever he goes. It is the nearest thing to home he knows. A great national drive for \$35,000,000 to secure funds to continue and extend this work will be made between November 11 and 19. Let the soldier know that you are helping in this for it means a great deal to him.
Write a letter to your boy or your neighbor's boy in the Army or Navy on Sunday, November 11. Tell him that you are thinking of him, that you believe in him and prove to him that you mean all this by writing him a letter. It is the letter from home, whether from mother, father, sister, brother, sweetheart or neighbor that helps to keep that boy's spirits up and to make him a good soldier. When you write tell him that you are supporting the Army and Navy Y. M. C.
