### The AGRICULTURAL NEWS NOTES.

By R. C. Jones, County Agriculturist.

#### Report of Tillamook Cow Testing Association for December.

As this is the fag end of the lactation period for most of our cows, we do not have a very large number of 40 lb cows to report this month. All of these cows happen to be fall fresh and it will be interesting to watch the reports from month to month to see how these cows go through the sea-

son. The high herd is owned by T. H. McCormack, who milked only three cows through the month, with an average production of 28.33 lbs fat. Cary & O'Brien's herd of nine pure bred Jerseys were second with an average of 27.26 lbs fat. The high cow owned by Mike Abplanalp, made 59.57 lbs. The feed cost per cow was \$5.16 but remember this does not represent the total cost of producing milk. Interest on the investment, depreciation, service fees, care and many other items would be included in the cost of production. The above represents only the actual feed cost. The honor list follows.

Owner and name of cow	breed	Age	Fresh	lb milk	lb fat	per fat
Mike Abplanalp, No. 15	Nat	8	Nov.	876	59.57	6.8
C. W. Tilden, Grace	G. J.	7	Oct.	1179	58.95	5.0
Mike Abplanalp No. 14	Nat	4	Nov.	915	52.16	5.7
C. W. Tilden, Bess	G. J.	8	Oct.	1275	51.28	4.1
Amos Vaughn, Pide	G. J.	8	Nov.	840	50.40	6.0
Ebinger & Son, No. 18	Nat	5	Oct.	1228	46.66	3.8
Ebinger & Son, No. 14	Hol.	3	Nov.	1597	46.31	2.9
Ebinger & Son, No. 9			Nov.	1333	43.99	3.3
C. W. Tilden, Queen	G. J.	4	Nov.	945	41.58	4.4
Ebinger & Son, No. 4	G. G.	4	Oct.	884	40.66	4.6

#### Nestucca People Ready to Swat New O.A.C. Dairy Department Chief Visits Tillamook.

Some of the cows of the county, by not producing enough to pay for their feed and care, are working for the kaiser and against democracy. The people of the Nestucca Valley are going to strike the kaiser a blow by finding these silent German workers and eliminate them from their herds. Over 500 cows are already signed up for a cow testing association and there is room for four or five more herds. This will make enough to insure success of the enterprise.

#### New O.A.C. Dairy Department Chief Visits Tillamook.

Prof. P. M. Brandt, chief of the Dairy Department of O. A. C. spent all week with the county agent in organizing the Nestucca Cow Testing Association, meeting with the Breeders Clubs and getting acquainted with the people and condition of the country.

The object of the Agricultural College is to help, in every way possible, the development of the agricultural resources of the state and the community life of its people, as well as to educate the youths who go to Corvallis. Prof Brandt is particularly anxious that the dairy department shall fulfill its mission in this respect shall week in the county has acquainted him with our conditions and better fitted him to intelligently help us. He gave the breeders some valuable suggestions regarding official testing and we look forward to future visits from Prof. Brandt, anticipating much good to come to this county from his department.

#### IS FRIEND TO ALL.

#### Soul of British Soldier Full of Milk of Human Kindness.

You wouldn't think that men would go to war to learn how to be kind, but they do. There is no kinder creature in the whole wide world than the average Tommy, says Lieutenant Dawson in Good Housekeeping. He makes a friend of any stray animal he can find. He shares his last franc with a chap who isn't his pal. He risks his life quite inconspicuously to rescue any other who's wounded. When he goes over the top with bomb and bayonet for the express purpose of "doing in" the Hun, he makes a comrade of the Fritz he captures. You'll see him coming down the battered trenches with some scared lad of a German at his side. He's gabbling away making throat noises and signs, smiling and doing his inarticulate best to be intelligible. He pats the Hun on the back, hands him chocolate and cigarettes, exchanges souvenirs and shares with his last luxury. If anyone interferes with his Fritz he's willing to fight. When they come to the cage where the prisoner has to be handed over, the farewells of these companions whose acquaintance has been made at the bayonet point are often as absurd as they are affecting. I suppose one only learns the value of kindness when he feels the need of it himself. The men out there have said "goodbye" to everything they loved, but they've got to love someone—so they give their affections to captured Fritzes, stray dogs, fellows who've collected a piece of shell—in fact to anyone whose a little worse off than themselves.

#### Knit! Knit! Knit!

Oh, Betty my wife,  
The star of my life,  
Or has been for many long years,  
But sad to relate,  
The facts I now state  
Have worried me almost to tears.  
My house it was wrecked,  
My farm I neglect,  
I'm going in rags and uncombed;  
The washing is out,  
There's no one about—  
Oh, what will become of my home?  
For Betty, my wife,  
The star of my life,  
Is knitting for soldier boys.  
From morning till night,  
She tires herself, quite,  
Knitting for soldier boys.  
She goes down the street,  
Her friends there to meet,  
Still knitting for soldier boys.  
Their tongues chatter quick,  
Their needles go click,  
Still knitting for soldier boys.  
Said Betty: "My man,  
I'll do what I can,  
My knitting for soldier boys;  
I'm sorry for you,  
With nothing to do,  
Like knitting for soldier boys."  
Now, I hate to object  
Or make her neglect  
Her knitting for soldier boys  
Am I "doing my bit"  
To put up with it?  
Then hurrah for the soldier boys!  
—Orpha Collins.

Don't forget those busted castings. Can be welded for half. Goods sent by parcel post and express promptly returned. Hiener & Reed, Tillamook, Oregon.

#### In the Ranks.

(Copyright by Life Pub. Co.) Courtesy of Life and Charles Dana Gibson.

The American House Manager is today a member of the army that is fighting to save democracy in the world. More than 11,000,000 managers of American homes have enlisted for the duration of the war and pledged themselves to support the fighting men by the way they buy, cook and serve food. Food will win the war, and these women will help to win it. America must send food to Europe. The armies cannot hold out if we fail to send it. Only certain foods

can be shipped—those that pack the most food value into the smallest shipping space. These foods are wheat, meat, fats, sugar. We cannot eat them and send them too. We cannot eat them and send others. We must send these foods, and in order to do that we must eat other foods ourselves. The American House Manager will see to it that no food comes into her home that does not do its full duty under her management in winning the war.

#### NEW CONSERVATION CARDS ARE NOW BEING ISSUED.

#### Two Wheatless, One Meatless and Two Porkless Days Weekly.

The new home card of the food administration has been issued and shortly will be distributed throughout the United States to aid housekeepers in observing the 1918 food conservation program of two wheatless and two porkless days a week, as announced in President Wilson's proclamation.

The card, carrying an explanation of the weekly plan, will go into effect today when the bakers begin the manufacture of the "Victory" loaf, a war bread containing a 5 per cent substitute for wheat flour. Bakers are to increase the substitutes for wheat flour until a 20 per cent substitution is reached February 24. At the same time grocers will sell householders wheat flour only when the purchaser buys an equal amount of some other cereal.

The food administration cards asks "every loyal American to help win the war by maintaining rigidly as a minimum of saving the following program:

Have two wheatless days (Monday and Wednesday) in every week and one wheatless meal in every day.

#### Reduced Consumption Aim.

"Explanation—In 'wheatless' days and in 'wheatless' meals of other days use no crackers, pastry, macaroni, breakfast or other cereal food containing wheat and use no wheat flour in any form except the small amount that may be needed for thickening soups or gravies, or for a binder in cornbread and other cereal breads. As to bread, if you bake it at home use other cereals than wheat, and if you buy it, buy only war bread. Our object is that we should buy and

consume one-third less wheat products than we did last year.

"Have one meatless day (Tuesday) in every week and one meatless meal in every day. Have two porkless days (Tuesday and Saturday) in every week.

"Explanation—'Meatless' means with out and cattle, hog or sheep products. On other days use mutton and lamb in preference to beef and pork. 'Porkless' means without pork, bacon, ham lard or pork products, fresh or preserved. Use fish, poultry and eggs. As a nation we eat and waste nearly twice as much meat as we need.

#### Saving of Fats Urged.

"Make every day a fat saving day (butter, lard, lard substitutes, etc.)

"Explanation—Fry less, bake, broil, or stew food instead. Save meat drippings. Use these and vegetable oils for cooking instead of butter. Butter has food values vital to children; therefore give it to them. Use it only on the table. Waste no soap; it is made from fat. Be careful of all fats. We use and waste two and a half times as much fat as we need.

"Make every day a sugar saving day "Explanation—Use less sugar, less sweet drinks and candy containing sugar. As a nation, we have used twice as much sugar as we need."

The card also cautions householders against hoarding food and gives renewed assurance that the government "by its control of exports, will retain for our people a sufficient supply of every essential foodstuff." Warning against limiting the food of growing children is given.

#### The Government Wants Spruce For Airplanes.

Look at the South East quarter of South East quarter of Sec. 5, Township 5 South, Range 10 West, containing 40 acres. A liberal cash offer considered. Address to E. H., Box 62, Sea View Wash.

## Announcing the New Grant Six

This is the largest and finest car that has ever carried the GRANT SIX name plate—a car that is without real competition in its Price class.

The individual beauty of its lines, its unusual size and its extraordinary mechanical refinement, will make this new model one of the most talked of cars of the coming season.

Its powerful, flexible and remarkably smooth-running engine is of the overhead valve type with balanced crankshaft, forced-feed oiling and many other advanced features.

Come and see the GRANT SIX at the Auto Show held at Portland, Feb. 7th to 13th. Reduced railroad fare. See BEN KUPPENBENDER.
