DO-YOU-WANT-A-PURE-BRED-BULL?
GET-IN-LINE!

THE DAM—No. 330077. Junior 2 Yr.

THE CALF—No. 209945-at-4 Months.

"CANARY FORBES MAY DE KOL."

"TILLAMOOK EASTER PIEBE FOBES DE KOL."

This beautiful individual as a junior 2 yr. old took 1st Champion and Grand Champion places at the 1917 Tillamook County Fair. Calved Feb. 11th, 1915 at Lakemills, Wis., and is now 3 yr. old. Was owned and bred by Benjamin F. Berg, of Wis., now owned and being developed by Rollie W. Watson, Tillamook. This cow freshened on Easter Sunday—April 8th, 1917 and dropped the Bull Calf whose picture is shown in this advertisement as a 4 months old.

"CANARY FOBES MAY DE KOL" has made since freshening over 8394 lbs. milk and has held an average test of 3.6, she is a line decedent of "JESSIE FOBES BESSIE HOMESTEAD" and "PONTIAC HERCULES" and on the sires and dams sides carry several World's Records and innumerable ARO daughters and sons. It is the plan of the owner, to place "CANARY FOBES MAY DE KOL" on Official Test during the coming season. Whoever gets her Bull Calf will thus realize these benefits.

This is the Bull Calf—10 month old Feb. 8th, 1918. The dam, "CANARY FOBES MAY DE KOL" shown in this advertisement. The sire "SIR PIEBE GLEN ROSE 2nd," owned by Benjamin F. Berg, of Lakemills, Wis. This bull will, in my opinion make a good record for the dairyman that is fortunate in securing him. He is more white than black and is beautifully marked. He is straight line, big boned, broad across back and shoulder and has a large line of producing ARO ancestry behind him. No Tillamook dairyman need be doubtful in the purchase of this animal. He is a mighty good individual. His breeding is certainly right to make his mark felt in your herd, and he is priced right within the easy reach of the small breeder that wants to improve his herd. This bull calf will be ready for light service in your herd this season.
