County Agricultural News Notes

By R. C. Jones County Agriculturist.

More Holstein Cows for Tillamook
Ward has been received from Henry Rogers and B. A. Folks that they will arrive in Tillamook today with a carload of extra fine registered Holsteins. They left, as representatives of the Holstein Club, about a month ago going to Minnesota, Wisconsin, Michigan and Ohio. After scouring these states they have secured a load of fine stock of excellent breeding. In the lot is a bull backed up with 1000 pound dams and producing sirs that is no doubt one of the highest record individuals in the whole Northwest.
These cattle are to be distributed in much the same manner as those brought in a year ago. No one makes any money in the sale except those who buy the cattle. The liberal hearted spirit of the members of the Holstein Club, in bringing these loads of high class cattle into the county and thus improving the dairy stock of the community is much to be commended. All of those who are interested in the great breed of black and white cattle should attend the sale and tie up to one or more good foundation cows. The date of this sale will be announced later.

Farm Crop and Labor Survey.
The survey returns of some 200 farms in the county are now in. At an early date the needs of the various farmers will be summarized and given to the public. As a result of this survey we have also found where the farmers had any surplus seed or live stock.
The wants and for sales will be published soon in an issue of the Exchange sheet, so those in need of more stock can get in touch with those who have a surplus.
A considerable shortage of farm labor is also indicated. An effort to find hands for these people will be made. Any who want places on farms would do well to apply to this office, also any who need help. With many the milking machine will no doubt have to be resorted to, to tide over the labor shortage. Considerable data is being gathered on those already in use in the county and will be published as soon as completed.
The exchange of work with neighbors in hay harvest will have to be made more than ever this summer.

Red Cross News Notes.

The "old time" dance given at Fairview was a decided success, \$76.40 being netted for the Fairview branch of the Red Cross, besides everyone having a jolly good time.
Two new senior Red Cross auxiliaries are reported, one at Mohler and the other at Onion Peak.
The Cloverdale Auxiliary recently received a gift of \$50.00 from the Rebekah Lodge of that city.
Lieutenant W. A. Wiglite, from the 447th Squadron A. S. S. C., stationed at Garibaldi, has asked the Red Cross for magazines for the boys. By the last of this week there will be 150 boys there. Those having magazines not more than two months old please leave them at Coast Power Co.'s office, in Tillamook City.
As a result of the minstrel entertainment at Wheeler recently, \$153.25 was taken in which will be given to the Red Cross. Quite a number of places in the county are raising goodly sums for the Red Cross, which show how anxious and willing the people of Tillamook county are to help this good work.
The first annual meeting of the Portland Chapter American Red Cross embracing the counties of Clackamas, Columbia, Multnomah, Tillamook, Yamhill and Washington, will be held Thursday evening, February 28, 1918 at eight o'clock at the Central Library, Portland, Oregon. Twelve directors will be elected and

the plans of the Red Cross for the ensuing year will be outlined. Detailed financial reports will be presented. A complete outline of the work achieved in the first eight months of the existence of the Chapter will be given.
Red Cross members will be urged to ask questions and every feature of work done under the banner of the Red Cross will be gone into thoroughly.
All auxiliaries of the Red Cross are requested to send one or more members as delegates, while it is trusted that the officers of all branches of the Portland Chapter, of which there are six, these being at Forest Grove, Hillsboro, Newberg, McMinnville, Oregon City and Tillamook, will attend this meeting.
"We trust," said Amedee M. Smith, Chairman of the Executive Board, "that every County under the Portland Chapter will be largely represented at this first annual meeting of the Portland Chapter. We want to lay plans for the future. We want to hear discussions. We want to have the advice of our members and to that end we urge that every possible member of the Red Cross attend."

Garibaldi Auxiliary.

The auxiliary was too busy last week for items but a showing of the work that has been done since organized January 11, 1918 follows: 16 new Red Cross members. Donations of \$2.95; from the dance of Feb. 2nd, \$17.00. The following articles were sent to the Tillamook branch last week. Abdominal bands 12; Tray cloths 11, Napkins 12, Hdks. 41, sub-hdks 20; wash cloths 23; ice and water bag covers 13; Ambulance pillows 2; Ambulance pillow cases, 2; comfort pillow, 1; comfort pillow cases 1; making a total of 138 pieces.
The sewing chairman (with the consent of the auxiliary chairman Mrs. Frank Crane) called for 2 extra meetings last week to help finish up work and packing in order that the things might be sent into Tillamook in season for them to be inspected and passed on to Portland.

Oretown Auxiliary.

The Oretown auxiliary is working hard to complete a shipment of finished articles by February 26.
At each meeting about twenty women are present. Three machines are kept busy. The rooms open at 10 a.m. the work stopping only about 30 minutes at noon for lunch. Hot coffee is served Ernest Edmunds, of Neskwim, donated three cans of coffee for the use of the members for lunches, which is highly appreciated by the auxiliary.
A successful dish towel drive was made last week. The towels have been shipped to the army and navy auxiliary of Portland for immediate shipment to France.
The membership roll is steadily increasing, the total number now being one hundred and ten. Yarn has lately been received and knitting has just commenced.

The Junior Red Cross.

Up to Tuesday morning the Chapter School Committee of the Red Cross had received five applications for Junior Red Cross Auxiliaries. The schools making application are the Tillamook City school, the Maple Leaf School, the Fairview school, the Beaver school and the Blaine school; the total enrollment outside of Tillamook school will be from three to four hundred in addition to the above number.
There will be many more auxiliaries to the schools organized at once. The children are all anxious to be doing something.
The certificates of membership and the buttons for the children will be sent to those schools whose membership is approved by the American Red Cross School Committee at Portland, as soon as received.
The Tillamook City school gave a patriotic entertainment at the City Hall on Friday evening. It was a most excellent program and was a credit to the school and teachers in charge. All the numbers were patriotic and the hall was filled to its full capacity. The proceeds amounted to \$70.00 and is to be used to pay membership fee for all the school children in the Junior Red Cross.

Child Meets with Bad Accident.

On Thursday the 4 year old daughter of E. W. Hilderbrand was the victim of a serious accident which necessitated the amputation of her right leg just below the hip joint.
Mr. Hilderbrand, an employe of the Silver Spruce Lumber Company of Bay City at their logging camp on the South side of Tillamook Bay, took passage with his wife and 4-year old daughter on the company's launch for Tillamook City.
Mr. Hilderbrand left his wife and small daughter in the cabin of the boat for a short time and was standing on the bow of the boat. Over the propeller shaft a hole had been cut through the flooring of the cabin, exposing the propeller shaft, and in there projected a set screw. The child

stepped through the hole in the floor. The set screw caught her leg and tore the flesh and muscles from her leg up to her body and destroyed the sciatic nerve.
The boat was stopped as quickly as possible and the child extracted and taken at once to the hospital of Dr. R. T. Boals.
Dr. Boals finding that the sciatic nerve was destroyed and that the leg could no be repaired, amputated the same.

The Thrift Campaign.

Monday evening the County School Superintendent had received teachers' reports from seven schools in the county, on the Thrift movement.
The reports filed show as follows:
No Liberty Bonds owned by pupils, two.
Amount invested in Liberty Bonds by pupils, \$100.00.
No pupils owning War Savings Certificates, 24.
Amount invested in War Savings Certificates, \$138.37.
No pupils owning Thrift Stamps, 100.
Amount invested in Thrift Stamps, \$102.25.
No pupils having money in Savings Bank, 47.
The Bay City school made a record for itself by selling to persons outside of the school War Saving Certificates and Thrift Stamps to the amount of \$590.16.
As the reports come in it will be seen that the schools are doing most excellent work in this line.

Tillamook Commercial Club and the Spruce Output.

Washington, Feb. 22.—The aircraft board, in a letter to Representative Hawley, stated today that the spruce requirements of the United States and the allies aggregate 15,000,000 feet per month while the present supply is only 4,000,000 feet. A possible maximum production of 8,000,000 feet could be obtained by expanding logging operations and starting idle mills, it is said.
This information was furnished in response to the request of the Port of Tillamook for the building of a Government response to the request of the Tillamook Commercial Club for the building of a Government railroad from Tillamook City to a heavy spruce belt about six miles to the southeast. The Club is advised to the logging road if convinced that it will add materially to spruce production.

Washington, D. C., Feb. 15, 1918.

Hon. Fred C. Baker,
President Tillamook Commercial Club, Tillamook, Oregon.
My dear friend:—Your telegram of the 15th inst., addressed to myself and the Oregon delegation in Congress, calling attention to the manner in which spruce timber is now being secured by the Government in Tillamook County and urging better methods in the interest of speed, conservation and efficiency, is just received. Your special suggestion that a railroad be constructed by the Government from Tillamook City so as to haul logs and dump them in Tillamook Bay where they may be sawed into first and second grades of aeroplane lumber by a local mill, is noted.
I am handing a copy of your telegram to all members of the Oregon delegation in Congress, that they may be advised of its contents, and I am also giving the matter my personal attention at once.
With best wishes, I am,
Truly yours,
W. C. Hawley.
