Tillamook county was covered with a blanket of white on Sunday night and Monday morning, it snowed intermittently during the day but on Tuesday the warm sunshine melted most of the snow in the low lands and in the hills is fast leaving the ground.

Hatching eggs for sale from trapped S. C. Rhode Island Reds, with records up to 245 eggs in one year. The kind that pay a profit on war time feeding prices. Flock headed by "Vibert" strain Cockerels from 271 egg stock. Eggs, \$1.00 for 15; \$5.00 per 100.—Mrs. Hugh Barber, Fairview Creamery.

The City Council has passed an ordinance to keep minors under the age of 17, off the streets after nine o'clock during the months of October, November, December, January, February and March, or after the hour of ten o'clock at night during the remainder of the year. The penalty is \$10.00 or one day's imprisonment for each \$2.00 of such fine.

Married on Sunday at the home of the bride, D. V. Jennings and Miss Margaret Follett, Rev. Chas. Gibson of the M. E. Church officiating. After the ceremony the happy couple took the train for Portland where they will make their home in Portland. They had planned to get away quietly and took the train at Idaville, but a number of friends had previously gone to Bay City where the happy couple came in for a good shower of rice.

"Alice in Wonderland" has arrived and will be exhibited at the Gem Theatre, March 15, afternoon and evening, under the auspices of the Civic Improvement League principally for the benefit of the Red Cross association. Matinee 3 p.m., evening 7 p.m. The ladies of the League have seen the play and they say it is one of the best plays ever seen and every child and grown person in the county should see "Alice in Wonderland."

Mr. John Weiss Sr. and Mrs. Weiss were in Tillamook on business Saturday. Their loss of the house occupied by Dr. Hoy which occurred in this city on January 28th and which was insured for \$1600 in the Oregon Fire Relief Association (Mutual Co.) has not been settled yet and their house is standing in the same condition as after the fire. The loss sustained by Dr. Hoy on his household goods and which was insured in the "Hartford" was settled the next day after the fire.

Fred Lockley, writing from France to the Oregon Journal, had this to say about a Tillamook boy. "A night or two ago I heard a young French soldier playing the violin. He was about 19 years old and played beautifully. An American soldier was his accompanist. He started to play 'The Humoresque.' The last time I heard it my son played it, and for a moment I was home again. When the boy in olive drab got up from the piano stool I spoke to him and found he was W. T. Coates of Tillamook."

The Priscilla Club met at the home of Mrs. Albert Plank last Friday afternoon with a good attendance of members. The club will report the last Thursday in the month at the Red Cross rooms for work, and a number of the members have taken up knitting for the Red Cross at the regular meetings. There was a number of visitors present and all enjoyed a social afternoon, and a nice lunch was served by the hostess. The next meeting will be March 15 at the home of the president, Mrs. Partridge.

Recent realty deals made in Tillamook show that the realty market is not entirely dead: Chas. Van Patten sold his house and one lot on 6th street to Will Himes. Bud Winters sold his house and lot on 6th street to Harry Edith Emerson, F. E. Pangborn sold his house and lot on 3rd street to Will Berns. Billy Hill sold his house and lot on 3rd street to Harley Folland. Mr. Hill has purchased a lot on 3rd street and Bud Winters has purchased a corner lot on 1st street and these gentlemen will improve same by building modern homes thereon. A number of lot sales have also been made and are under way on various properties in this city.

Supplies of cheese held by Oregon factories in storage must be sold by June 15, unless there are conditions which warrant issuance of a special permit by the Federal Food Administration granting an extension of the time 1917 cheese may be sold. Rules covering these points have just been received by State Food Administrator W. B. Ayer. The Washington officials first fixed June 15 as the recognized opening of the 1918 cheese making season, and then made the ruling that the product of this season in storage must be marketed by that date unless good reasons for not doing so are presented. This does not effect Tillamook county, for there will be no last year's cheese in this county next June.

Clark Embum was arrested last week for violating the prohibition law. Two suit cases of whisky were found in his room when a search was made. It seems that Sheriff Campbell and Embum came in from Portland on the same train, and Embum's conscience troubled him for he was suspicious that the officer was watching him. He at first was going to stand trial on the plea that he had the whisky in his possession before the prohibition law went into effect and was fortunate for him that he did not go to trial on that pretext, for the labels on the bottles stated that the whisky had been bottled since the prohibition law went into effect. Embum pleaded guilty on Thursday, and Justice of the Peace Stanley let him off with a light fine of \$25.00.

The city administration are very much in favor of purchasing the two blocks bounded by 3rd and 5th streets Miller Ave. and 6th Ave. E., for a city park. This property is a very desirable tract and the only compact available tract in the city at this time for a city park. There are some 20 lots in the two blocks and are now owned and occupied by the Sisters of the Most Precious Blood, of this city, and Beaverton. The price asked we are informed is \$10,000. The buildings on the ground will be removed by the Sisters and modern improvements for their needs would be constructed on the now vacant Catholic Church property on the south side of 5th street adjoining the church and parish house.

NOTICE.

All persons having an account with Grant Mills, kindly call at the City Recorder's office and settle same, with Kathleen Mills. Grant Mills.

A TILLAMOOK DELEGATION PLUGS FOR BETTER ROADS.

Confers with Federal Officials, Colonel Disque and the State Highway Commission.

On Tuesday a delegation, appointed by the County Court, composed of C. J. Edwards, D. L. Shrode, T. H. Goyne and Fred C. Baker, were in Portland to meet with the Federal authorities and the State Highway Commission in regard to obtaining Federal and State aid for county roads.

The first person to be called up was the government Forester, Mr. Cecil, but he was out of town, and the matter was taken up with the government engineer and another government official with regard to the government, state and county improving the Three Rivers Road, as the government had made an offer to expend \$15,000 if the State and county would each appropriate a like amount would government officials in Portland were heartily in favor of doing so, and it was ascertained, now that the State Highway Commission had decided upon that road, an engineer had been sent out and was now making a preliminary survey. It is going to take several weeks before permanent survey and all the preliminaries are arranged, but from the looks of things the government will come through. The delegation was authorized to say that the County Court was ready to turn the \$15,000 over to the government whenever it was decided to go ahead with the work. This appeared to please the government officials and would prevent delay and some red tape.

The delegation had an appointment with Colonel Disque the same morning, and was in conference with him for more than an hour. At first the Colonel did not appear to be very good humored. He stated that he had been in Oregon for two months and saw mills did not make much effort to help increase the production of spruce, hence it was necessary to resort to rived spruce. He said people did not realize the difficulties that he was up against. After the delegation had informed him it was their purpose to help him in every possible way, he became more interested in what the delegation had to say. It was then explained to him that in hauling rived spruce over the county roads they were being cut up, especially the Miami and Foley roads, and something should be done to keep them in good condition. The question of building a logging road to the spruce belt south of this city was next taken up, but after discussing the matter it seemed to be the best solution of the problem to hurry up the hard surfacing so that rived spruce could be hauled to Tillamook with as little delay as possible. Colonel Disque promised to furnish men at \$2.00 and auto trucks to haul gravel or rock. This is a matter that the County Court will have to pass upon, but this solves the question of labor and paying teams \$10.00 a day, and as it is important that the government obtain the spruce as soon as possible, the county can help the government by keeping the roads up and putting in as much hard surfaced road as possible. When the delegation left there was perfect understanding with Col. Disque.

Tuesday afternoon the delegation had an appointment with the State Highway Commission. It was first ascertained that the Commission had decided upon the Three Rivers road, when it was stated that Tillamook county was ready with its \$15,000 towards improving that road. The delegation was informed that the Commission was ready with its \$15,000. It was now up to the government to come through. It took but a few moments to settle this matter with the commission and to obtain the information that the Commission and Yamhill county would improve the Grand Ronde road.

The matter of hardsurfacing the additional 15 miles of road south of the city was taken up with the commission, when Mr. Thompson explained that they were up against a condition that they would not be fully advised about for several days. It seems that before bonds can be sold for any purpose they will have to obtain the approval of the government. The delegation was authorized to say that the Commission wished to proceed with the 15 miles of hard surfacing, Tillamook county would manage to have \$25,000 available this year and in two more years would have sufficient money to pay its share. Owing to the action of the government the Commission was unable to enter into any agreement with the delegation. As it was seen that the Commission's hands were tied and they did not know exactly where they were at themselves, it was not a suitable time to talk business. This is a matter which will have to be taken up after it is ascertained that the Commission can sell bonds. If it can be shown that hardsurfacing the 15 miles of road will help in any way in the production of spruce, probably the government will allow

the Commission to sell bonds. As this road is in close proximity to large bodies of spruce, the road between this city and Hebo will be used in hauling rived spruce, the delegation is thoroughly convinced that Tillamook county can help the government win the war if the 15 miles of road should be hardsurfaced as soon as possible.

The delegation was remarkably successful in accomplishing what it went after, the only disappointment was in not coming to an understanding with the State Highway Commission in regard to the 15 miles of hard surfaced road on account of the government's action about the selling of bonds, but when this is pressed later there is some prospects of the road being completed in the near future.

VIOLATE FOOD RESTRICTIONS

Some of the Instructions About Meatless Days, Etc.

The restrictions which have been in force concerning the use of meat have been modified for the State of Oregon and for the present the only restriction as to the use of meat is that Tuesday will be a strictly porkless day. There will be no other restriction on the use of meat of any kind whatever.

Accompanying the instructions regarding the removal of restrictions on meat products, comes a more urgent appeal to save wheat. One of the principal reasons for removing the restrictions on meat is in order to enable the people to save wheat to a greater extent than they have been doing.

Reports coming from commercial travelers show that many eating places in this county are acting in total disregard of the meatless and porkless day programs. With the one day restriction on pork this matter should be very simple and the one porkless day and the restriction concerning the use of wheat and sugar should be strictly observed. All retail dealers who sell to restaurants and boarding houses have been required to take out a license from the Food Administration at Washington D. C. Any dealer who, without having applied for such license, sells any licensed product to any hotel, restaurant or boarding house is subject to a heavy penalty.

Robert H. McGrath, the Local Food Administrator for Tillamook County, says that if the restaurants in this county continue to disregard the rules concerning the use of wheat and pork he will forbid the retailers to sell licensed products to the restaurants so offending.

In order that there is no misunderstanding of the matter the following rules which have been adopted by the Federal Food Administration of the State of Oregon, Idaho, Washington, California and Alaska are published.

Tuesday's porkless day. Conserve ham, bacon, lard and lard substitutes at all times.

Monday and Wednesday are wheatless days and the evening meal of each day is a wheatless meal.

In public eating places (including boarding houses) the service of Victory Bread or Rolls, containing at least 20 per cent of substitutes, and pies, pastries, cakes and sweet yeast doughs containing at least 33-1/3 per cent of substitutes is required at all meals, and will be permitted on wheatless day and wheatless meals. It is urgent, however, that bakers and caterers follow the Government's recommendation as to increasing the percentage of substitutes in bread and rolls served on wheatless days and wheatless meals. Noodles, spaghetti, macaroni, wheat cakes and breakfast foods made of wheat are not permitted on wheatless days or wheatless meals.

The portion of bread or rolls served should consist of not more than two ounces and not more than this quantity should be served to any one at any one meal.

Rolls should not weigh more than 1 ounce each. When corn, oatmeal or bran bread or rolls are served alone, without any Victory Bread being served at the same time or to the same person, the portion may consist of not more than four ounces.

Crackers containing the same amount of substitutes as Victory Bread may be used the same as Victory Bread and served at the meals when it is permitted. Keep sugar bowls off the table except when required for use by the guests and limit sugar service to three cubelets or two medium sized lumps or an equal amount of soft sugar.

Encourage consumption of potatoes by charging the smallest possible price, making them free if possible, and serving extra large quantities, but guard against waste. Use as large proportion of potatoes in bread making as possible.

Mr. McGrath calls the attention of all retailers who propose to sell to restaurants to the necessity of applying at once for a license. As stated above all retailers who sell to restaurants, hotels and boarding houses without having applied for such license are subject to a heavy fine and imprisonment.
