

**County Defence Committee.**

With the idea of perfecting a permanent working organization in this county to take up matters of county, state and national defense, a meeting was called on Monday evening of this week. The suggestions offered by the State Council of Defense were carried out, namely; that the Chairman of the various war work committees that have already operated in the county make up an executive committee of the County Council of Defense. This committee in this county is composed of R. C. Jones, Co. Agriculturist, chairman; C. E. Trombly, secretary; F. A. Rowe, 2nd Liberty Bond Drive; R. W. Watson, 4 minute men; Mrs. C. J. Edwards, Red Cross and Women's Committee; C. J. Edwards, Y. M. C. A. Drive; D. L. Shrode, fuel administration; Robt. McGrath, food administration; Chas. Kunze, agricultural council; A. M. Hare, County Judge; W. L. Campbell, county Sheriff and Draft Board and Geo. B. Lamb, School Superintendent.

It is the duty of the Executive Committee to pass and supervise all county wide solicitations for war activities, and to so organize the county that it may be covered in the various drives, with the least amount of lost motion. In other words to coordinate the war work of the county.

It is also the duty of this committee to see to the publicity end of the work, securing of speakers, arranging for local and county war conferences, etc.

It is aimed to organize community councils in all the communities of the county for the purpose as laid out by President Wilson in a letter of March 19th.

Calls for these community council organization meetings will come some time within the next two weeks. Plan to attend. Let the aim of every individual in this county be to help win the war.

**Red Cross Notes.**

Portland, Ore. April 5, 1918.  
Mrs. C. J. Edwards, Chairman, Tillamook Branch of the Portland Chapter, American Red Cross,  
My Dear Mrs. Edwards:

In reply of yours of the 3rd inst., in regard to magazine subscriptions taken in the Christmas Drive, say that the list of these subscribers were sent into the publishers within the last month. It is hardly time yet for the magazines to be received, but no doubt they will arrive within the next few days.

We are extremely sorry for this delay, but it was not a matter we had any control of. Mr. W. R. MacKenzie Auditor of the Christmas drive has been very slow in making these re-

ports and it was not possible for us to send in the lists before they were turned over to us.

Very truly yours,  
Portland Chapter American Red Cross, By A. M. Smith,  
General Manager.

At an entertainment held at the logging camp at the Brighton Mills Company, near Mohler, for the benefit of the Mohler branch of the Tillamook Red Cross, about 50 members of the Loyal Legion of Loggers who attended the entertainment contributed \$475, to be used by the ladies of the Mohler branch for the purpose of purchasing material to be used in their local workroom. The men of this camp are loyal and liberal beyond any question. On April 6, Liberty day they subscribed over \$2000 in less than 15 minutes, following patriotic exercises held that day at the camp. Since that day the amount of the subscription has been largely increased.

**Notice.**

The city ordinances require all toilets within 155 feet of a sanitary sewer to be connected with the sewer. Complaint is made that some have not connected. This is to give notice that unless this is done forthwith, persons guilty will be prosecuted as provided by the Ordinance.

E. F. Heusser,  
City Marshal.

**Constipation and Indigestion**

These are twin evils. Persons suffering from indigestion are often troubled with constipation. Mrs. Robert Allison, Mattoon, Ill., writes that when she first moved to Mattoon she was a great sufferer from indigestion and constipation. Food distressed her and there was a feeling like a heavy weight pressing on her stomach and chest. She did not rest well at night, and felt worn out a good part of the time. One bottle of Chamberlain's Tablets corrected this trouble so that she has since felt like a different person. For sale by Lamar's Drug Store.

**Nature Cures The Doctor Takes The Fee.**

There is an old saying that "nature cures, the doctor takes the fee," but as everyone knows you can help Nature very much and thereby enable it to effect a cure in much less time than is usually required. This is particularly true of colds. Chamberlain's Cough Remedy relieves the lungs, liquifies the tough muscles and aids in its expectoration, alleys the cough and aids nature in restoring the system to a healthy condition. For sale by Lamar's Drug Store.

**Agricultural News Notes.**

By R. C. Jones, County Agriculturist.  
**Army Men for Farm Labor.**

On March 16th, Congress enacted a law enabling enlisted men to obtain furloughs during the present farming season for the purpose of augmenting agricultural production. That there may be no misunderstanding regarding this matter a portion of the general orders No. 31 is here reprinted.

"Commanding officers may grant such furloughs within the rules here announced whenever it appears that the granting of such furloughs will contribute to the purpose for which they were intended. But it is desired to reduce to a minimum the interference thereby created in the progress of military training and preparation; therefore, whenever the furloughing of an enlisted man substantially interferes with the training or preparation of the organization of which he is a member, the applications will be denied, in which case the reason for denial will be indorsed upon the application. Furloughs granted under this order will be for short periods, largely for seeding and harvesting time. They may be given by commanding officers of posts, camps, cantonments, divisions and departments. Such furloughs will not be granted to enlisted men of or above the grade of first sergeant; nor will they be granted in an organization that has been ordered or is in transit from points of mobilization or training to a port of embarkation; and all furloughs granted will be recalled and the men ordered to their organizations when the later have received preparatory orders for duty overseas. Furloughs granted under this order will be without pay and allowances except enough pay will be retained in each case to meet allotments in force on the date of this order, war-risk insurance and pledges on Liberty Bonds.

Individual applications for furlough submitted by relatives will be on form 1035 P. M. G. O., which form will be furnished the local boards. After sections 1 and 2 are made out by the applicant the form will be given the local board having jurisdiction of the registrant and it will complete section 3 of the form and then secure the action of the county Agent or representative of the Department of Agriculture, and if there be no such county agent or representative of the Department of Agriculture, then by the Government Appeal agent of the local board. The application will then be forwarded to the soldier's post, camp, or cantonment commander and the soldier given an opportunity to sign section 5 of the form, which signature will be considered as a voluntary application for the furlough with in the meaning of the law. If the furlough be granted the application will be filed by the commanding officer and a certificate furnished the soldier to the effect that a furlough without pay or allowance except as herein provided has been granted for the time therein set forth. If not granted the application will be returned by the commanding officer setting forth the reason for disapproval in section 6 of the form.

Furloughs may also be granted en bloc to men that are willing to accept them upon requests of farmers when the time to be consumed in traveling from the post to the places of labor will not exceed 24 hours. In making these requests farmers will make use of form 1035, P. M. G. O. making alterations to show number of soldiers requested and adding that are in a position to pay the wages usually paid in the vicinity, and such wages will be paid to the soldiers assisting them. These applications will be made to the local boards, who will proceed as in the preceding paragraph. When the application reaches the post, camp or cantonment commander, he will cause to be indorsed on the back by the soldiers who desire to accept work, and such signatures will be considered as voluntary applications with the meaning of the law. If the number of soldiers desired signify their wishes to accept such furloughs, telegraph authority will be requested by the commanding officer upon whom application is made from the Adjutant General of the Army for the granting of such furloughs, stating the number of men requested and the number of the local board through which the request was forwarded, giving the recommendation of the commanding officer. The Department of Agriculture will then be called on for information as to agricultural conditions in the particular district, and telegraphic instructions then sent the commanding officer.

By order of the Secretary of War  
Peyton C. March,  
Major General, Acting Chief of staff.

These applications for furloughs can be obtained from the County Agent or from the Local Draft Board. We should all remember, however, that the idea of this law is to make possible a maximum production of food and not simply a vacation for the enlisted men. Requests should not be made unless it is absolutely necessary in order to get in your crops or harvest them. We want maximum crop production and at the same time we do not wish to interfere with the efficient training of our military forces. We should hold these requests for furloughs, therefore as a last resort. If we cannot get help for hay harvest in other ways it may be advisable later to request 15 or 20 men, or as many as needed in the hay fields until the harvest is completed, be sent in to the county.

Unprecedented Sale  
And Showing of  
Exquisite New Styles in

**Ladies' Afternoon and Street Dresses and Coats.**

Dresses,  
\$13.95 to \$31.50

Coats,  
\$15.97 to \$35.00

Makes Clubbing Arrangement With

**The Oregon Farmer**

Offers Unusual Opportunity to Its Readers

**A**MONG our large circle of readers there are a great many who are interested directly or indirectly in fruit growing, dairying and other branches of farming. All of these naturally wish to keep in close touch with agricultural activities throughout the state; and to know about any fight which is being waged for the measures Oregon farmers want and against all sorts of schemes that are detrimental to the people and agricultural interests of this state.

We have, therefore, made a special clubbing arrangement with THE OREGON FARMER whereby any farmer or fruitgrower, who is one of our regular subscribers and who is not now a subscriber to THE OREGON FARMER, will be entitled to receive THE OREGON FARMER in combination with this paper at the same rate as for this paper alone.

This offer applies to all those who renew or extend their subscriptions as well as to all new subscribers. If you are interested directly or indirectly in Oregon agriculture, do not miss this unusual opportunity, but send your order in now.

THE OREGON FARMER is the one farm paper which is devoting itself exclusively to the farming activities and interests of Oregon. It has a big organization gathering the news of importance to farmers, dairymen, fruitgrowers, stockraisers and poultrymen; and it has the backbone to attack wrongful methods and combinations and bad legislation, and support honest leaders and beneficial measures. We are confident that our readers will congratulate us on our being able to make this splendid and attractive clubbing offer.
