

IS TOUGH ON IDLE RICH.

As Well as Town Bums and the Loafing Class.

If all the idle men in the state will join hands with the Farm Help Specialist, the crops will be harvested. The city council of Tillamook has taken steps to help see that this is done. Men not engaged in some useful occupation will be in a very embarrassing position, if they don't get busy pretty suddenly, for a compulsory labor act was passed at the council meeting Monday night. O. K. Baldwin, Asst. to J. W. Brewer, Farm Help Specialist for Oregon, presented the ordinance to the council, who passed it without a dissenting vote. If you haven't yet a job get one and show us you are a real 100 per cent American. If you get your own job it will pay wages, but if the city or county has to furnish the job there won't be much pay but plenty of work on streets and roads with some war bread and plenty of water for the labor slacker.

It shall be unlawful for any male person in Tillamook City, who is physically fit to perform some useful service, to remain idle during the period of the war, and all such persons shall, during such period, be habitually and regularly engaged in some lawful, useful and recognized business, profession, occupation, trade or employment for at least thirty-six hours per week, and any person refusing to be so employed shall be deemed guilty of a violation of this ordinance and shall upon conviction thereof before the Recorder, be punished by a fine not exceeding \$100, or by imprisonment in the City Jail for a period not exceeding 90 days, or by both such fine and imprisonment. In no case shall the possession by the accused of money, property or income sufficient to support himself and those regularly dependent upon him be a defense to any prosecution under this ordinance.

In no case shall the claim by the accused of his inability to obtain work or employment be a defense to a prosecution hereunder, unless it shall be proved that he promptly notified the City Recorder of his inability to obtain employment and requested that employment be found for him and that such employment was not furnished him, and shall hold a certificate from the Recorder that such application has been made.

It shall be the duty of the Recorder whenever any person shall inform him of his inability to obtain employment as aforesaid, to register forthwith the name of such person in a book to be kept by him for that purpose, together with his address, age and any other information he may deem necessary; the recorder shall thereupon assign, or cause to be assigned and, if necessary, reassign or cause to be reassigned, such person to such occupations as aforesaid carried on by the City, by the State or any county or municipality thereof, or by private employers, engaged in agricultural, industrial or other occupations of the character above mentioned, and who will accept the services of such person; provided, that no person shall be required to work under this ordinance any greater number of hours per day than lawfully constitutes a day's work in the occupation in which such person is required to engage. In the event of the Recorder being unable to procure employment for such persons applying as aforesaid, he shall so certify to such person in writing.

All persons required to work under this ordinance shall receive compensation of not less than the wage or salary paid to others engaged in the same nature of work to which each such person is assigned. If any such person is assigned to work, the compensation of such person shall be paid by the person, corporation, municipality, county, or the department, board or commission of the state, accepting the services of such person, the compensation to be paid by any department, board or commission of the State to be paid out of the appropriation made to it by the State.

Any person failing or refusing to do, or to continue to do, the work assigned to him, in the meanwhile, has not become regularly or continuously employed in some lawful, useful and recognized business, occupation, trade profession or employment as aforesaid, shall be guilty of a violation of this ordinance and upon conviction thereof shall be punished by a fine of not more than one hundred dollars or by imprisonment in the City Jail for a term not exceeding three months, or by both such fine and imprisonment.

In assigning anyone to work the Recorder shall take into consideration physical conditions of the person assigned and any other appropriate circumstances of such person.

It shall be the duty of the Marshal to seek and to continue to seek diligently the names and places of residence of able-bodied male persons within the city not regularly or continuously employed as herein required.

The provisions of this ordinance shall not apply to persons temporarily unemployed by reasons of differences with their employers, nor to bona fide students during the school term, nor to persons fitting themselves to engage in trade industrial pursuits.

Owing to the advance in material and labor in connection with our business we are compelled to make a small advance in price of work accordingly—Crystal Laundry, Tillamook.

New, Smart, Stylish Welworth Blouses

That Still Defy the Tide of Rising Prices.

\$2.00

As Always.

THREE and four years ago the price of Welworth Blouses was just \$2.00. They were then regarded, as they have been ever since, as the finest Blouses that two dollars could buy.

Now, notwithstanding the sharp increase in the cost of everything that goes into the making of these Waists, they are still to be sold for the same modest sum as heretofore, and they are just as sightly and pretty as ever they were.

The new models now on sale are wonderfully pretty and stylish and they are finished in the usual Welworth excellent manner.
