Henderson, of this city came to Tillamook this week in the interest of Dixie Overland Highway Association, of which he is the secretary and treasurer, and addressed a meeting of citizens at the court house this morning. The object of the association is for the purpose of building roads to help win the war. Mr. Henderson contended that it was just as important for the government to take over the construction of roads as it was to take over the building of ships, especially on account of congestion on the railroads, and with that idea in view a resolution was passed asking the Oregon delegation to support the bills now pending in congress to appropriate money for military highways wherever they are needed to win the war.
More sugar must be saved. This is the edict of the Food Administration, and those who are already curtailing their use of sugar are asked to cut down their consumption still further, while those who have so far neglected to make any material decrease in their use of sugar are urged to face the sugar situation squarely as loyal citizens. Federal Food Administrator W. B. Ayer announced on June 13 that until further notice all retailers will be required to limit their sales of sugar for domestic purposes to two pounds at a time in the city, and to five pounds at a time to rural customers, this regulation not to apply to sugar for domestic canning purposes, for which provision has been made so that housewives may obtain proper supplies upon signing a certificate affirming to the Government that she will not use any of the sugar so purchased for any other purpose than canning or preserving.

THE W.S.S. DRIVE.
Tillamook County Organized to Raise Its Quota of \$151,000.
On Monday evening a number of citizens met at the court house in response to an invitation to meet L. J. Simpson, who came to Tillamook County to explain the War Saving Stamp drive that is now being made to raise two billion dollars for the government. Mr. Simpson, who was a candidate for Governor in the recent primary election, explained the methods now being made to raise that amount of money. Tillamook county's quota was \$151,000, based upon \$20.00 per capita. Through the efforts of a number of ladies who have had this matter in hand over \$20.00 have been collected, and to raise the remainder of the county's quota was the reason Mr. Simpson came to Tillamook. It is not generally known that war savings stamps can be redeemed by giving ten days notice to the postmaster, but only 3 per cent is allowed. Mr. Simpson pointed out that the war savings stamp campaign was a great incentive to thrift amongst children and young people. The postmaster and school superintendent, he said, should be on the executive board of the Red Cross of Tillamook. It was decided to make an effort to raise the remainder of Tillamook county's quota as soon as possible and F. C. Baker was proposed as manager which he declined, for the reason that others should take part in the numerous drives, as he had been manager of two Red Cross drives and was on the board of the Red Cross, Erwin Harrison then proposed a list of names to C. Baker, Henry Crenshaw, A. W. Bunn, Thad Robison and Ed. Gilbert. This was agreed to but Mr. Robison withdrew in favor of Chester McGhee. After the meeting the executive board met and elected Mr. Lamb chairman and Mr. McGhee, secretary.
As the W. S. S. drive is to close on the 28th of June, pledge cards will be distributed in each school district, but those who make pledges will have until December 31, 1918, to pay in monthly allotments.
The Executive Board met again on Wednesday evening, when the chairman for each school district in the county was selected and the quota for the districts decided upon. It will be the duty of each chairman to appoint a committee of as many members as they see fit to see that their district is thoroughly canvassed. Mrs. S. S. Johnson is the chairman for Tillamook City, which is the largest school district and the largest amount of money to raise, but as there are quite a number of ladies who are interested in selling war saving stamps, Mrs. Johnson will find many willing workers.
The chairman of each school district will call a meeting, at the school houses for Friday evening, June 28th, at 8 o'clock, when they will explain to the people the object the government had in view when the war saving stamp drive was started to raise \$2,000,000,000. It is hoped that these meetings will be largely attended, thus showing the patriotic spirit of every school district in Tillamook County.

The White House Washington, D. C. June 1, 1819.
To the People of the United States.
I earnestly appeal to every man, woman and child to pledge on or before June 28th to save constantly and to buy as regularly as possible the securities of the government, and do this as far as possible through membership in War Saving Societies.
June 28 ends this special period of enlistment in the great volunteer army of production and saving at home. May there be none unlisted on that date.
Woodrow Wilson,
President of the United States.
Pursuant to the above proclamation by the President of the United States, the person receiving this card is hereby notified to attend a meeting at the school house in his home school district on Friday, June 28, 1918, promptly at 8 o'clock p.m. and bring others of his neighbors who should attend. Read the papers for full particulars concerning these matters, which every loyal person is expected to attend. Our soldiers are fighting for your protection—Loyalty demands from you:
1st. That you save and do not buy any unnecessary article.
2nd. That you loan to your Government by purchasing War Savings Stamps that money you earn and save above what is required for the necessities of life. In this way you transfer the purchasing power of your money from yourself to your government, where it is so much needed for building ships, buying lumber, wheat, farm products, surgical instruments, ammunition, guns and other equipment for the conduct of the war.
3rd. That you ask others to do the same. Your Government expects you to do your duty.
C. S. Jackson,
Oregon War Saving Director,
Death of J. J. McGinnis.
We are sorry to announce the death of J. J. McGinnis, of Cloverdale, which took place on Saturday at that place. The deceased has been in poor health for several months and his death was not unexpected. He was one of our best citizens, a man highly esteemed by all who knew him, and his death is a loss to the county. The funeral services were held at Cloverdale on Monday, where a large number of friends and neighbors paid their last tribute of respect to the deceased by following the remains to the grave.
James Jefferson McGinnis was born in the state of Illinois, April 26, 1857, and died June 15, 1918, age 61 years, 1 month, 20 days. His parents were among the earliest pioneers of this county, having moved here in 1871. In November, 1893, he was married to Jessie Mager, at Mager, Oregon. To this union two children were born, Roland and Webb McGinnis. Roland is living at home and Webb is serving the U. S. Army in France.
Besides his wife and two sons, he is survived by one brother, Henry McGinnis, of Sprague, Washington, and four half brothers, William Farmer, of San Francisco, Cal.; H. M. Farmer, of Beaver, Oregon; Otis Farmer, of Chinook, Washington; and Frank Farmer, of Vancouver, Washington; and one half sister, Mrs. Eliza Meyers, of Sacramento, Cal.
June Caprice at the Gem.
There is a touch of patriotism in Miss June Caprice's new William Fox picture, "A Camouflage Kiss," which will be shown next Thursday at the Gem Theatre.
The story aside from the camouflage kiss, has to do with the consolidation of a pork and bean establishment. Advertising in the pork and bean business, as well as in motion pictures, goes a great way to making the business a success. So the pork man and the bean man get together to devise the best advertisement. Here is the result of their brain work.
"Buy a can of Chandler and King's pork and beans and tie the can to the Kaiser."
