Editorial Snap Shots.

We hate to admit it, but this is the first time that the snap shot man ever felt that he was gagged-with that nose bag on.

There is this satisfaction. Those who have to wear masks can be thankful the thermometer is not near the 100 mark.

We think that the citizens, and even the most enthusiastic advocate of the gauze mask, have had about enough of it and will be glad when the two weeks expire.

If you want to see a typical hold-up man, Sheriff Campbell answers all descriptions-with that mask on. He is thinking of arresting himself as an hold-up suspect.

If the flu situation become better, which brought it about. The masks, the quarantine, the embargo or that hummer of a rain and wind storm that struck the county last week! There is this satisfaction the advocates of different ideas will be able to say "I told you so."

This is a bad picture for news-

paper men to ponder over: "Nows print outlook for year is had-prediction is made that many newspapers will be unable to get supply at any price." Why? Simply because the paper trust curtailed production and want to keep in the profiteering austness as long as possible.

We were fold by a prominent doesse of the state the other day that he would not be surprised if the flu epidemic lasted for fwelve months. The news reports a few days ago stated that an army doctor, who had considerable experience with the discase, expected that it would be prevalent for the next two years. No one can tell, but the prospect of stamping it out in a few months ing precinct, but there is good reas- pass through Clatsop and Tillamook there was nothing left to decide does not look very assuring.

We are inclined to think that it to pay the teachers off. It is more than prabable, should school be started up, another wave of the flu year will give him ample opportunity would strike this section. If there are any prospects of the school being resumed we would not recommend this, but there is not, and the district can save a little money anyway. As the teachers have been paid mendation if he works his men to up to date they have been fairly good advantage and we may add this treated.

Boys' and Girls' Club Work

A campaign to encourage habits of thrift will be waged among school children in all sections of the state this year by the Oregon Sankers' Association, Oregon State Teachers' \$50 Association, Oregon Department of Education, United States Department of Agriculture, and the Oregon Agriculture College through the boys' and girls' club work department under H. C. Seymour.

the Oregon Bankers' Association was von by Jackson county. This association will not only give \$50 in cash to the county making the best showing in 1919, but has voted \$200 for the printing of pupils' record books. The Teachers' Association is planning to publish a report of the results accomplished in the last year and the plans for future work. Literature including all necessary information relative to the campaign will be sent out by the boys' and girls' club work department of the College. Wasco, Union and Linn counties were highly complimented for results obtained in the contest. This thrift committee consists of F. J. Tooze, superintendent of
