The flu victims who had to dig up \$1.00 each for overlooking the fact that they had to wear a plug ugly when entering a store or office are; E. Kuppenbender, Bill Wilmot, W. C. Taylor, Joe Hill, B. L. Deater and R. E. Hays, of Portland.

Figure this out on a \$16 tire. 10 percent premium \$1.60; on a \$20, \$2.00 premium; on \$30, \$3.00 premium; on \$40, a \$4 premium. Given from our line of Gasoline, oils, grease or tire accessories. This is a cooperative or a profit saving plan at the Tillamook Tire Co., E. F. Rogers, Mgr.

It has been customary to have two or three prices on gasoline in Tillamook. I have tried to justify myself in doing likewise, but in vain. The farmers' money will buy just as much for me as the truck man's. Therefore we will show no favor but give one price to all, 24c. straight Tillamook Tire Co.

Regular services at the Christian Church next Sunday. The subject for the morning sermon at 11 a.m. is "No Room in the Inn". At the evening service Attorney H. T. Botts will speak on the memorial of Theo. Roosevelt. Sunday School at 10 a.m. The public is cordially invited to attend all these services.

No, we are not cutting the price of tires, neither are we selling second grade goods. We are giving our customers a 10 per cent premium on all makes of tires in stock. We have on hand, Diamond, Amazon, Flak, Republic, Boon, Standard Four, United States, Congress and Firestone, all of which are standard makes and every tire is guaranteed and we make good. Can fit your car in every size, from 28x3 to 36x4 1/2, of the standard sizes. If you have a standard make of tire that is not making good we can make you a fair adjustment on it.—Tillamook Tire Co., E. F. Rogers, Mgr.

Only One New Flu Case.

Since Thursday morning of last week no new cases of Spanish influenza have been reported in Tillamook City and only one in the county, that of Mrs. Florence Kopske, of Mohler. There are a few homes that are quarantined but in a few days this will expire, as all patients reported appear to be over the fever stages and will be able to be out again in a few days.

City Schools will open on Monday and in all probability most all schools in the county will resume.

The ordinance requiring persons to wear gauze masks when entering stores, offices, or attending meetings, will be discontinued after Friday night.

Circuit Court will convene Monday, and from present indications business will be resumed as usual.

Contract Let for Grand Ronde Road

The State Highway Commission let a contract on Tuesday to grade and macadam what is known as the Grand Ronde road, in Yamhill county, commencing at what is known as the Bee ranch, which is at the end of the Sour Grass road, the improvement extending over 4.1 miles. The lowest bidder was Elliott & Sloggins, of Portland, their bid being for \$57,651.50 with corrugated iron pipe culverts. The other bidders with that class of culverts were: V. R. Dennis Construction Co., of Minnville, \$72,157.00; Porter and Conley, \$64,309.00; Geo. Wilson, \$76,040.58. The difference between the highest and lowest bidder is \$16,389.98.

The above 4.1 miles does not take in the whole of the Grand Ronde road and it seems that the State Highway Commission has decided on two and one half miles of grading in the Grand Ronde section in Yamhill County. The improvement of this road will be a great public benefit and especially to Yamhill and Tillamook

counties, for this road is always impassable in winter and none too good in the dry season. When the Grand Ronde road and the Three Rivers road are finished it will greatly increase the travel between the two counties, but another great benefit will be in allowing people to get in and out of the county in the winter time.

It is to be hoped that these two im- court of Tillamook County, Oregon, completed before the summer travel commences.

Schools Open Monday.

The Tillamook public schools will open for the second semester's work on Monday, February 10th at the hour of nine o'clock.

Every possible precaution will be used to keep the health of the children preserved and their comfort and convenience will be the paramount thought of every teacher.

It is, therefore, hoped that every parent will feel safe and free in sending their children to school, knowing that every safeguard will be thrown about them and every reasonable precaution used to prevent the encroachment and spread of disease.

It will greatly assist the teachers if parents will start their children from home so they may reach the school grounds not earlier than five minutes before nine o'clock. This request is made in order that we may prevent any undue congregation of children on the school grounds or about the halls of the buildings.

Parents are cordially invited to accompany the children to school and visit the rooms and see what is being attempted for the safety of the children.

Respectfully,
 O. V. White,
 Supt. of Schools

That Terrible Headache.

Do you have periodic attacks of headache accompanied by sickness of the stomach or vomiting, a sallow skin and dull eyes? If so, you can get quick relief by taking Chamberlain's Tablets as directed for biliousness, and you may be able to avoid these attacks if you observe the directions with each package.

Simple Test for Alcohol

An inventory of former Emperor William's personal belongings in Berlin and Potsdam has led to the discovery of the former imperial wardrobe, including 598 German and foreign military and naval uniforms, according to the Boersen Zeitung of Berlin. Several thousand horses in stables formerly belonging to Herr Hohenzollern have been confiscated.

Tax On Theatre Tickets.

Congress is proposing to tax theatre tickets 20 per cent. The present tax is 10 per cent to be left on entertainments costing not more than thirty cents, but on all others it is to be doubled. This really leaves only the movies free from the boost, and penalizes all theatrical performances of the higher class, as well as all good concerts and other more expensive entertainments.

If the proposed legislation carries, it will work a further hardship on a business already hard hit by the war. Many theatres and players have suffered great loss during the war, yet, though struggling under adverse business conditions, no body of people has contributed more generously in carrying on the war. Play houses have been donated for entertainments. Artists have given their services free, again and again. The stage people have not only supported public benefits, but have maintained their own relief societies as well doing a work which in generosity and scope has few rivals. To penalize these people to a point which will fairly put them out of business is manifestly unfair.

Nor does the injustice end with the stage folk. Why should the man who wants to give his wife a little treat be forced to pay twenty per cent extra for the privilege? Why should the boy who has come home longing for diversion and relief from the memories of war be forced to limit himself to the movies because of an extra unfair tax on the performance he would prefer to see?

It is to be hoped that congress will find some better way of raising necessary funds.—Unpqua Valley News.

Stricter Divorce Laws.

No state wants to be known as a happy hunting ground for seekers of easy divorces; and if Washington finds that its divorce laws are lax it undoubtedly will make some changes. One of the things the present legislature will have to consider is the question of whether the divorce code should be altered, and if so, to what extent.

At a church convention at Yakima the other day some vigorous protests were made concerning the ease with which it is now possible for married persons to be divorced, and for divorced persons to marry again. It seems that the clergy, not only of this particular sect, but of others, will take the matter up at Olympia.

Another class of citizens has made strong presentations in favor of stricter divorce laws. We refer to the judges of the state. The professional opinion of the judges ought to have a great deal of weight with the legislature. For the men who hear divorce pleas and pass on applications for severance of marriage ties know better than any other group the legal aspects of the situation.

The judges think divorce in Washington is too busy. They have expressed themselves in favor of certain

changes. Their recommendation should be considered with especial care when the legislature comes to a point of revising our divorce laws. It is certain that some changes will be made, and they should be along lines of conservative and expert suggestion.—Spokesman Review.

NEHALEM NOTES.

Thos. B. Watt, of the Brighton Mills Co., is the proud daddy of a son.

Ward Mayer has a crew of men constructing Anderson Bros. new garage and passenger depot.

No new cases of flu have developed in the past week. Nehalem feels grateful to again be placed among the favored localities.

About 50 lumber workers and loggers quit at the Brighton Mills Co. camps February 1st, on account of a 10 cents per hour reduction in wages. The vacancies were readily filled by men from Portland with but little loss of time.

The good roads slogan "Vote for the board, get something or nothing" seems to be taking root. It is high time that the knockers were waking up to the fact. It means one good road through the county, and the money that is now expended to keep what we now have in repair, can be used for building our feeder lines. Shall we again defeat the issue which means so much, or turn it down and remain in the ruts and mud?

HOW FAR IS FOREST GROVE?

No So Far that the Statement of Its Residents Cannot be Verified.

Rather an interesting case has been developed in Forest Grove. Being so near by, it is well worth publishing here. The state is sincere—the proof convincing:

Mrs. H. C. James, 420 Pacific Ave., Forest Grove, Ore., says: "Doan's Kidney Pills are a medicine of merit and I can certainly recommend them to anyone who wants a reliable kidney medicine. I was more less subject to kidney disorders and at times I suffered from severe backaches. After I have taken a box or two of Doan's Kidney Pills my back has felt stronger and my kidneys have become normal."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. James had, Foster-McBarn Co., Mfgs., Buffalo, N. Y.—Pd. Adv.

Getting Rid of Colds.

The easiest and quickest way to get rid of a cold is to take Chamberlain's Cough Remedy. This preparation has been in use for many years and its value fully proven. No matter what remedy you use, however, care must be taken not to contract a second cold before you have recovered from the first one, and there is serious danger of this. A man of middle age or older should go to bed and stay in bed until fully recovered. It is better to stay in bed three days at the start than three weeks later on.
