Wonder whether the junk man is gathering up the gauze masks?

Should the \$10,000,000 bond measure pass, with the emergency clause attached, there is every probability that a scenic road will be built around Necarney Mountain.

A bill has been introduced in the state legislature to dissolve the Port of Tillamook. It is just as well. It was a hobby horse for a number of years.

Eggs and butter were the first to drop in price. From the looks of the Wisconsin cheese market, cheese in the East declined 1 1/2 c.

There is no prospect of the county officials in the state who are clamoring for higher wages doing the McAdoo stunt and resign because their salaries are not high enough.

Representative Edwards informs us that he has reduced the amounts in the county officers salary bill to: County Clerk, \$2,000; Judge, \$2,000; Assessor, \$1,800; Sheriff \$2,100; School Superintendent, \$1,600.

Wouldn't that jar you! The people passed what is known as the Jackson bill, doing away with the publication of the delinquent tax list and substituting that the sheriff shall send notices to delinquent taxpayers.

Should the flu again make its appearance in this county all the people have to do is to get rid of it to hold a regular old fashioned Methodist prayer meeting and ask the good Lord to send a genuine Tillamook rain and wind storm that is a hummer.

The cement trust is causing considerable friction at the state legislature, with the object in view of giving the patent pavements a knock out blow.

Appropo of the increase of county officials salaries, we think the county commissioners have a just grievance. When attending the meetings of the county court they have to put up for their hotel and board while in the city, and they can manage to squeeze through at an expense of \$2.50 a day which leaves them little out of \$5.00.

The reason Jackson gave for doing away with the publication of the delinquent tax list was that money could be saved by sending out notices to persons who were delinquent. Now it is proposed to amend the law so that only a part of the delinquent taxpayers are to be notified, for where the tax is below one dollar it is proposed to discriminate and not notify them.

Congress is making a wise move in a bill just introduced to prohibit emigration into the United States the next five years. It seems to be generally surmised that as soon as the terms of peace are signed, that a large number of Germans and Austrians will attempt to leave those countries and come to the United States. It would be unwise to admit Germans, especially those who took part in the war and who killed and wounded thousands of our boys.

Will someone hold the snap shot man while he does a duck fit stunt? A prominent citizen of Bay City advised one of the county commissioners not to expend any more money on the Bayocean road until the Bayocean company paid its taxes. This has got to be quite a gag. If the gentleman will come to this city and examine the delinquent tax list now posted at the court house, he will find that the delinquent taxes of Bayocean amount to very little compared with the delinquent taxes at Bay City, Garibaldi beach and beach property at Nehalem.

MATE ON DUMARU CLEARED.

Federal Inspectors Find Charges Against Officer Not True.

Andy E. Nolan, 1169 East Ivon St., who was third mate aboard the wooden steamer Dumaru when she was lost near Guam October 16, due to being struck with lightning, is not guilty of negligence in his handling of a lifeboat that put away from the vessel immediately following the order to abandon ship.

TILLAMOOK SEEKS STATE AID.

County Offers \$475,000 to Help Build First Link of Highway.

Tillamook County, through State Senator Handley, offered to the State Highway Commission a \$475,000 fund for the construction of the first link of a coast highway, providing that the Highway Commission will match the fund, dollar for dollar.

This offer was made by Senator Handley recently at a meeting of the joint roads and highways committee of House and Senate. The only provision attached to the offer is that the Highway Commission begin the construction of the proposed paved highway between Portland and Tillamook City.

The Allied Churches.

W. S. Buel came in from Yamhill county on Saturday, having agreed to teach at the Maple Leaf school. A new daughter arrived at the home of Peter Heisel last week. Dad is feeling fine and delighted with another addition to his family.

Rollie Watson writes live stock insurance. Every dairyman in Tillamook County should have this insurance on his stock—if only a little on each animal—as losses are frequently occurring, yours may be the next.

Engineers C. W. Wanzer and C. A. Dunn, of the State Highway Commission, were in the city the first of the week. Mr. Wanzer will go over the roads in the north part of the county to ascertain which is the best road to decide upon for the highway in that part of the county.

High School Notes.

The High School opened on Monday with an attendance of 96 students, which is only a slight decrease from the number attending when school closed in October, the number of pupils then being 113.

The grades have an attendance of 270 alongside of 345 in October. Everything possible is being done to prevent influenza in the school. No assemblies are being held and the building is being properly disinfected. Some of the teachers who have had the "flu" are still quarantined. The school board has hired a trained nurse to look after the health of the students and we hope that there will be no more flu cases in the school.

Marolf Divorce Suit Filed.

Carrie B. Marolf vs. Preston Marolf is a divorce suit filed in the circuit court. These parties were married in Tillamook County, on the 27th of October, 1906. It is alleged in the complaint that about three months after their marriage defendant began a course of cruel and inhuman treatment and personal indignities, also treated the children in a cruel manner. On the 19th of February, 1919, the defendant without any just cause, assaulted the plaintiff and her two children in their home, and beat them; tore out the plaintiff's hair, dragging her by the hair over the floor, so that plaintiff was almost unconscious. One of the children was also badly assaulted. At this time the defendant threatened to kill the plaintiff and one of the children, the plaintiff having to call the sheriff for protection, when she left the defendant. Two children were born of the union. The plaintiff asks that the marriage contract be annulled, that she be allowed \$25.00 and the children \$50.00 per month; that plaintiff have the custody of the children; that she be allowed \$250.00 to prosecute the suit; that plaintiff be decreed to be the owner in fee simple of an undivided one-third interest in the real property and that a judgment be entered against defendant for \$2,000.

More Tillamook Boys Wounded.

The official casualty list on Sunday contained the name of James V. Sutton, of Neskowin, who is reported as being severely wounded.

Mrs. Knight received a letter from her son, Private Carl T. Knight, which was the first word that he had been gassed and after that was injured and sent to the hospital. He claims to have written about 50 letters to his mother but she has only received two, and although she has written dozens of letters to him, he has received two, and has not been paid for nine months. His letter follows:

January 11, 1919. Dear Mother—I received your letter some few days ago and was very glad to hear from you. How are you getting along? I am in the hospital. How are the little girls getting along. I would write to them if I had more writing paper. It is hard to get writing paper out here. I haven't been paid for nine months, but will have about \$270.00 when I do get paid. It is too bad they stopped the \$19.00 a month to you and not let me know anything about it. They lost my service record, and that is the reason I don't get paid. The president has one service record of me, so I guess I will get it. I am not with the engineers any more. I got gassed and they put me in the casual camp. There is hard work in the casual company. I got hurt and they sent me to the hospital. We have little dutch girls waiting on us.

Well mother, have you got any of my letters. I wrote about 50 while I have been over here and just got two from you. We are in Germany and the name of the place where I am now is Maxon, and the place where my company is at is Carden right by the edge of the Mosell river. Well, mamma, it sure has been a time to drive them Hunns back but we did it, and we, sure have seen some sights. One big piece of the German railroad went through my tent and I was not in there very long either. I sure made quick tracks.

Well we have been having fine weather for January. We had a Chicken dinner Christmas. It snowed a little on Christmas day. Did you have a white Christmas out there? Well mother I will close for this time, hoping to hear from you soon with love and good luck to all.

Death of P. J. Newell.

The following death announcement appeared in the Oregonian on Saturday.

At the residence at Jennings Lodge Paul D. Newell, aged 57 years, beloved husband of Laura Newell; father of Mrs. Gladys Watson, of Ilwaco, Wash., Mrs. Bessie Ford of this city; Pauline M. Clyde and Glen Newell, all of this city. Funeral services will be held today, (Saturday) Feb. 8, at the residence, Jennings Lodge, at 2 p.m. Interment at Mt. Park Cemetery. Arrangements in care of Miller & Tracy.

The deceased was a resident of the north part of the county for a number of years, and took a good deal of interest in the development of that part of the county some years ago when the Newell and Pye factions were always at loggerheads. With these two rival factions both striving for supremacy, some interesting meetings used to take place at Nehalem, especially electing delegates to the Republican convention. Nehalem could always be relied upon to send a double header to the convention, each bringing a small army of boosters. When P. D. Newell and Charley Pye moved from Nehalem, the loss of these two political war horses and bitter opponents, no one in the north part of the county stepped into their shoes, hence with the passing of Henry Tohl, the lively and exciting times also died out. The deceased was a fine gentleman and a good citizen, with an excellent family and he had a lot of staunch friends.

Wanted Bids on Hauling Cheese and Supplies.

Red Clover Creamery Company wishes to receive bids for hauling cheese from its factory to Tillamook depot and cars and supplies from Tillamook to its factory. Leave bids at Carl Haberlach's office on or before February 15th, 1919. Company reserves right to reject any or all bids.

Getting Rid of Colds.

The easiest and quickest way to get rid of a cold is to take Chamberlain's Cough Remedy. This preparation has been in use for many years and its value fully proven. No matter what remedy you use, however, care must be taken not to contract a second cold before you have recovered from the first one, and there is serious danger of this. A man of middle age or older should go to bed and stay in bed until fully recovered. It is better to stay in bed three days at the start than three weeks later on.

Christian Church.

Next Sunday a cordial invitation to the general public, to attend all services beginning with the Sunday School at 10 a.m. Preaching at 11 a.m. May we count on you? Harry E. Tucker, Minister.
