### Notice of Hearing of Petition to form Drainage District. In the County Court of the State of Oregon, for The County of Tillamook.

Notice is hereby given that hearing on the following petition will be held at the Court House in the City of Tillamook, Tillamook County, State of Oregon, on the 5th day of May, 1919, for the purpose of determining whether the prayer of said petition shall be granted.

All persons owning land or claiming an interest in lands described in said petition are hereby notified to appear at said place on said date and show cause, if any there be, why the prayer in said petition should not be granted.

Erwin Harrison,  
County Clerk.

To the Honorable County Court of Tillamook County, Oregon:

The undersigned, being the owners of more than 50 per cent of the acreage of the contiguous body of swamp, wet and over-flow land in Tillamook County, Oregon, hereinafter described, do hereby petition your Honorable Body to cause to be organized a drainage district for the purpose of having such land reclaimed and protected from the effects of water for sanitary and agricultural purposes, and for the convenience and welfare of the public, and for the public utility and benefit, and for the purpose of this petition we state the following matters as required by Chapter 340 of the General Laws of Oregon for the year 1915, as amended by Chapter 414, of the general Laws of Oregon for 1917.

I. The name proposed for such district is Stillwell Drainage District.

II. The boundary lines of the proposed district are as follows:

Beginning at the point where the quarter section line running East and West through the center of Section 26, Township 1 South, Range 10 West, W. M., intersects the East side of Tillamook river, and running thence East along said line to where said line intersects the right bank of Trask River near the center of said Section 26; thence following the right bank of Trask river up stream Southerly, Easterly and Northerly to the Northerly bank of a slough connecting said Trask River with what is known as Trask River cut-off at a point near the Northwest corner of the Southeast quarter of the Southwest quarter of Section 25, in Township 1 South of Range 10 west, W. M.; thence following the bank of said slough northeasterly to the left bank of what is known as Trask River cut-off; thence following said left bank of the Trask River cut-off Northerly to its intersection with the South or left bank of Hoquartton Slough; thence down said Hoquartton Slough, following the left bank thereof, to the intersection of said Hoquartton Slough with the Tillamook River; thence following the right bank of Tillamook River, up stream to the place of beginning.

And all of the lands included within said boundaries constitute a contiguous body or swamp, wet and over-flow lands.

III. The total acreage included in said proposed district is 432 3/4 acres.

IV. The names of the owners of land in said proposed district as shown by the records of Tillamook County, Oregon, and the acreage owned by each of such owners is as follows:

| Owner                   | No. Acres. |
|-------------------------|------------|
| Fred and Gottfried Josi | 64.        |
| P. W. Todd              | 65         |
| Wilbur Stillwell        | 87         |
| Ulrich Wyss             | 42         |
| Minnie V. Stillwell     | 37.50      |
| L. L. Stillwell         | 47.        |
| D. Tomlinson            | 36         |
| Rachel Stanley          | 15         |
| Ida E. Reynolds         | 25         |
| E. Benschmidt           | 8.75       |
| Fred C. Baker           | 2.50       |
| Erick Erickson          | 2.50       |

Tillamook County, tract covered by county road.

V. The proposed reclamation and protection of said lands is for sanitary and agricultural purposes, and such proposed reclamation and protection will be conducive to the public health and welfare, and of public utility, and benefit.

VI. All of the lands included in said proposed district are properly included therein, and will be beneficially affected by the operations of the proposed district.

VII. The benefits of such proposed reclamation and protection will exceed the damage to be done, and the best interests of the land included and of the owners of such land as a whole, and of the public at large, will be promoted by the formation and proposed operations of such district.

VIII. The formation of a drainage district under the provisions of Chapter 340 of the General Laws of Oregon for the year 1915, as amended by Chapter 414 of the General Laws of Oregon for the year 1917, under the provisions of which this organization is proposed, is a proper and advantageous method of accomplishing the reclamation and protection of the lands included in said proposed drainage district.

IX. The proposed plan for reclamation and protection of the property in the proposed drainage district is, that a dike or embankment shall be

constructed around the outer boundary of said district, of sufficient height to protect said lands from over-flow from the waters of the adjoining rivers and sloughs, with tide-gates therein at such places as may be found necessary for the purpose of affording the necessary drainage of water from the lands in such district. The lands included in the district are all subject to over-flow, and are cut up to a considerable extent by tidal sloughs, and it is proposed to drain said lands and provide for keeping the waters drained off of the land so that instead of the land remaining cold and wet as they do under present conditions, the water will be drained off and the land will dry off more quickly, and be thereby rendered more fit for cultivation and more productive.

X. In carrying out the plan of reclamation it is proposed to make use of some diking work already done by some of the owners, and also to act in connection with Tillamook County in raising the road bed of the county road which runs along a portion of the boundary of the district.

The signers of this petition agree that they will pay any and all expenses incurred, and any tax or taxes that may be levied against their respective lands for the purpose of paying the expense of organizing, or attempting to organize the proposed district, the expense to be taxed against the land of the signers in proportion to the number of acres owned by them and affected by the proposed project.

XI. Wherefore your petitioners pray that the lands described herein, or such of them as may be found by the court to be properly included in the proposed district, either permanently or until further investigation and survey may permit elimination, shall be declared organized into a drainage district under the provisions of the Laws of Oregon relating to such districts and hereinbefore referred to.

### Dreadful Cough Cured.

A severe cold is often followed by a rough cough for which Chamberlain's Cough Remedy has proven especially valuable. Mrs. F. W. Olsen, Marysville, Mo., writes: "About two years ago my little boy Jean caught a severe cold and coughed dreadfully for days. I tried a number of cough medicines but nothing did him any good until I gave him Chamberlain's Cough Remedy. It relieved his cough right away and before he had finished taking one bottle he was cured. I think it is just fine for children."

### Plant More Berries.

Graves Bros., will contract your Logan berries and blackberries for 5 years. Arrange to plant some acreage this spring. For particulars write. Graves Bros., Dallas, Oregon.
