Proposed Chamber of Commerce.

About 30 business men met at the city hall on Friday evening and considered the advisability of forming a business man's organization. C. W. Miller acted as chairman, and after obtaining the sentiment of those present it was decided to form a Chamber of Commerce and the chairman was instructed to appoint a committee on constitution and by-laws. The meeting adjourned to meet again tomorrow (Friday) evening at the city hall when it is hoped there will be a large attendance of business men.

L. E. Crouch, of Portland came in on Saturday as the representative and spokesman of the Oregon State Chamber of Commerce, in the drive for membership that will take place all over the state next week. Several business men met at the court house on Monday evening and he explained the aims and objects of the Oregon State Chamber of Commerce. Mr. Crouch stated that owing to the large amount of business the Portland Chamber of Commerce had to attend to which more or less pertained to that city, it was decided to form a state organization for the purpose of helping worthy projects in all parts of Oregon, and in forming a Chamber of Commerce in every county in Oregon it would bring about a co-operative system in an effort to develop the state and create more industries. Mr. Crouch illustrated this in the matter of the Roosevelt memorial military highway through the coast counties. To obtain the support of the Oregon State Chamber of Commerce, the county Chamber of Commerce would have to prepare an argument in favor of the military highway and submit the same to the parent organization, which would make an investigation. Should the investigation committee report favorably, then a referendum vote would be taken at all the Chambers of Commerce in different parts of the state, and when a favorable vote is recorded then the parent organization will get behind the project and it is the duty of every chamber to do the same. Mr. Crouch stated that it would require \$50,000 annually to conduct the business of the State Chamber, and Tillamook County's quota was \$1,020.00. The minimum fee was \$5.00 for non-voting members and \$10.00 for organization members. No organization, no matter how large, could have more than five votes. Mr. Crouch showed that the management of the organization was scattered all over the state, and that a

large number of commercial clubs and other organizations had affiliated with the Oregon State Chamber of Commerce. Owing to the fact that a meeting of business men is called for Friday evening at the City Hall, no action was taken on Monday evening.

Bureau of Internal Revenue.

"A person who waits for an Income Tax man to pull his door bell or his coat-tails, may find himself a delinquent subject to severe penalties." is the warning sounded today by the Internal Revenue Bureau officials. "The duty of getting the payments and the returns in by March 15th lies solely with each individual and corporation liable under the law." The bureau has sent every man it can spare directly to the people to aid in an advisory capacity," said Commissioner Roper. "But our men have no time to canvass people at work or in their homes. Every person liable to a tax or a return must take the initiative in performing the duties required by the revenue law. If he needs information, blank forms, or advice, he should seek an income tax officer. The big thing now in Income Tax is to get the first payment in between now and March 15th. That is the date under the new law.

Frankly speaking, the Government needs the money to meet its obligations falling due on that date. The returns of 1918 income are due at the same time. Either a complete return showing the true tax, or a tentative return of the estimated tax, must accompany each and every payment made between now and March 15th. The tentative return of estimated tax is a relief measure adopted by the bureau for taxpayers who cannot complete their full returns on time. A taxpayer who needs additional time for making a return cannot be relieved of the payment of the tax due or the estimated tax due. But, on making a required payment between now and March 15th, the taxpayer can secure further time up to forty-five days in which to file the complete return. The bureau in this way meets the convenience of taxpayers who are pressed for time, but it cannot relieve them of the requirement that their taxes due on March 15th must be paid between now and the due date.

It is argued that every taxpayer who can do so, make payment in full when filing his return. This method will greatly aid the Revenue offices and relieve the taxpayer of the necessity of guarding against oversight on future installment dates.

In each case where payment in full is not made, the first payment must be at least one fourth of the total tax due, or at least one fourth of the settlement tax due. No matter which of these methods is used in paying taxes due March 15th, the payment must actually be in the collector's office by the due date, accompanied by a return."

Very respectfully,
Milton A. Miller
Collector.

Belgium Relief.

Dear Chairman—The enclosed telegram is the latest bit of news and appeal that has come to us about the Belgium work. The earlier telegram, the gist of which was telegraphed you, appealed to us to continue our aid for yet a while longer, especially during the winter months. The reconstruction work in Belgium is going on slowly, but if we can for a few months longer, perhaps until the beginning of the summer keep up our organization and send our funds for the care of these little strays and orphans, by that time Belgium will undoubtedly be able to have formed plans for caring for them herself.

Belgium, with the courage that has accompanied every phase of her existence since the beginning of the war, is trying to rehabilitate her country. It will be a long and difficult task, but it is being undertaken with the same spirit that enabled her to endure, without perishing for four years under the heel of the oppressor. Homes are being re-established and families united, but it is the little ones without homes or families that we must assist a little longer.

The colony in which we have been especially interested and to which much of the funds raised in Oregon have been sent and which was located at Amersfoort, Holland, where the children are receiving excellent care and schooling.

Will you then continue your splendid efforts for a few months longer, stimulate the interest of the people of your community anew in the bottles by some new publicity, and enable us to finish up the work that Oregon began in the support of these children.

Work in the schools might now be taken up for the remaining months of the school year, if you think best. Please continue to send your remittances as before at the end of the month. Yours cordially,
Florence H. Rees,
Secretary-Treasury.

William S. Hart's New Picture "Selfish Yates" Has Powerful Theme.

"Selfish Yates" the new Arterraft photoplay featuring William S. Hart, the famous Thos. H. Ince star in western productions, is said to be one of the most remarkable pictures in which that sterling portrayer of western roles has yet been seen. Imagine Mr. Hart as a confirmed egotist, whose motto is "myself first and to the devil with all others." That is "Selfish" Yates, the supreme master of the sordid clique in Thirsty Center over which he presides.

But it is the woman, the simple, sweet innocent little woman, who, by the magic force of her compelling eye and soft yet rigorous example, redeems him from his shocking mental condition and brings him to a realization that the love for a noble woman has a subtle power to the force of which egotism and selfishness must succumb.

As "Selfish Yates" Mr. Hart affords his admirers another of those strong, robust western characterizations, for which he is famous. When the selfish devil in his breast is finally evicted, Yates fights fiercely to win and retain the respect and love of the girl he has learned to reverence for her sweetness, self-denial and purity. He saves her from a scoundrel and in turn protects this man from an avenging mob at her own request. Then he is left looking at the light in her cabin window—a man transformed, purified, forgetful of self and seeking happiness in the love of her through whom this magic transformation of his nature had been effected.

This is a great theme treated in a big broad way. "Selfish Yates" will be presented at the Gem Theatre next Tuesday, March 18, and all who see it will agree that Mr. Hart never has done a better thing than this, and that, like all of his pictures "Selfish Yates" conveys a splendid moral lesson. The picture was directed by Mr. Hart himself under the supervision of Thos. H. Ince, and in support appear such notable players as Jane Novak, B. Sproutte, Harry Dunkinson, Ernest Butterworth, Thelma Salter and others.

\$60.00 Bonus to be Paid to Soldiers Discharged Since April 6, 1917.

Section 1406 of the Revenue Act approved February 24, 1919, authorizes the payment of a bonus of \$60.00 to officers, soldiers, field clerks and nurses of the army upon honorably separation from active service by discharge, resignation or otherwise. This bonus is not payable to the heirs or representatives of any deceased soldier.

Those who are discharged hereafter will receive this bonus on the same roll or voucher upon which they are paid their final pay.

Those who have been discharged and have received their final pay without the \$60.00 bonus, should write a letter to the Zone Finance Officer, Lemon Building, Washington, D. C., stating their service since April 6, 1917, the date of last discharge and their present address to which they desire their bonus checks to be sent and enclosing with this letter their discharge certificate or military order for discharge and both, if both were issued.

Upon the receipt of the Zone Finance Officer, Washington, D. C. of this information and the soldier's discharge certificate, this officer will cause checks to be drawn and mailed to the claimants in the order in which their claim was received by him. The discharge certificate will be returned to the soldier with the check.

It is estimated that at least one million and a quarter persons have been discharged from the service who are entitled to the benefits of this Act and while payments will be made as expeditiously as practicable, it will manifestly take considerable time to write and mail this many checks.

At Boston suffragists lighted a fire on Boston common and every time President Wilson mentioned the word "democracy" a Pauline Revere wrote the word on a piece of paper, ran to the common, and dropped it in the fire. If the ladies had used the word "I" instead they would have run themselves to death and started a prairie fire on the Common.

Robins.

I seem to hear the voice of spring
In each dear robin's call—
Of all the birds that chirp and sing,
I love them best of all.
Their song, it fills my heart with joy
As each dear note they sing;
It seems to say to each girl and boy:
Oh listen! It's Spring! It's Spring!
Oh give me spring and robin's call,
Of all the seasons dear;
It makes me think of dear old home
So far away from here.
Of green hills and of flowers,
Of the grand old ocean's roar,
Of shady nooks and bowers,
Where I have roamed before.
Oh listen to the robin's call,
Down by the foaming sea;
Yes, I love you best of all,
The more I think of thee.

The Many Mysteries of Nature

BY L. W. BOWER, M. D.

You can take an onion seed and a pansy seed, and plant them side by side in the same spot of ground. In one case, you get an onion, with its peculiarly strong odor, and in the other you get a flower of rare beauty. You can plant a poppy seed and get opium (a dangerous, habit-forming drug), or you can plant a rhubarb seed and get something that helps constipation. No scientist, living or dead, can explain these mysteries of Nature. Behind the invisible life germ in each seed is hidden the deep secret that nobody understands. Everything growing out of the ground seems intended for some use in establishing natural conditions. Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all through treating thousands of cases. The result of his studies was a medicine called Dr. Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely intended for backache, headache, weakening drains, bearing-down pains, periodical irregularities, pelvic inflammations, and for the many disorders common to women in all ages of life. Dr. Pierce's Favorite Prescription is made of lady's slipper root, black cohosh root, unicorn root, blue cohosh root and Oregon grape root. Women who take this standard remedy know that in Dr. Pierce's Favorite Prescription they are getting a safe woman's tonic so good that druggists everywhere sell it.

Favorite Prescription should have the full confidence of every woman in America because it contains no alcohol and no narcotic. Dr. Pierce knew, when he first made this standard medicine, that whiskey and morphine are injurious, and so he has always kept them out of his remedies. Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. for trial pkg. Tablets.
