Kill Kare Klub.
The Klub met at the home of Mrs. Case, Mrs. Merrill Smith being the assistant.
The Klub voted to continue Red Cross sewing and also voted a small amount of their funds towards the Armenian relief. The social part was enjoyed by all and several guests were present. Refreshments were served as usual by the hostesses. The next meeting will be at the home of Mrs. Alderman in April.
Jane and Katherine Lee "Tell It To The Marines."
The "automatic soldier," a recent invention, forms the most interesting feature of the newest William Fox comedy, featuring Jean and Katherine Lee, which will be shown at the Gem Theatre, Thursday, April 3. The picture is called "Tell It To The Marines."
In addition to the many tricks that Jane and Katherine perpetuate, the film itself abounds with surprises. Trick automobiles, trick fireworks, trick acrobats and trick scenes contribute to a most interesting and entertaining evening's entertainment.
Manikins "come to life," and show more speed and pep than human actors. They form large armies, fight battles, are seen as the Allied and Hun forces, and depict accurately every phase of modern warfare.
Spanish Influenza Appears Again.
The Spanish Influenza made its appearance again in Tillamook, with a number of new cases, which appear to be in a light form. Those who are quarantined are:
Mrs. Thad. Robison, Thad Robison, Jr., Marion Robison and Mrs. Partridge who is nursing them.
County Assessor C. A. Johnson and family.
Sidney Travis, wife and three sons.
N. J. Edwards, wife and three children.
Mr. Drake, wife and three children.
Mrs. L. C. Stimpson and five children.
Mr. and Mrs. Martin and Evelyn Martin.
Mrs. El I. Glaysier and five children.
A. H. Harris residence on 2nd Ave. The only case of flu outside of the city is Nick Horras, of South Prairie.
A New Garage to Be Built.
The latest important real estate transaction in Tillamook is the purchase of the south half of the block east of Dawson Bros. grocery store by Ackley and Miller. This choice business property, formerly owned by F. R. Beals is to be the site of a new concrete garage building costing in the neighborhood of 15 to 20,000 dollars. Construction will begin immediately in order to furnish floor space for Ackley and Miller's present overcrowded garage and storage business and to prepare for the heavy summer automobile traffic. The building proper is to be of concrete 105x143 feet, entrances on the three paved streets surrounding the tract. Located as it will be in the heart of the business part of town, completely equipped with all facilities for handling repairs and supply business this new garage promises to be one of the best plants of its kind in the state.
Ackley and Miller is one of the most progressive firms in the city. The rapid and continued growth of their trade in town and throughout the country is a fine tribute to the energy and courtesy, ability and fair dealing which have characterized the business career of these wide-awake young men. Erect a building as they intend to erect will be a credit to themselves and a valuable permanent improvement to Tillamook.
Ackley and Miller have the vision and initiative which always brings success when coupled with good judgment, hard work and integrity. They fully deserve all the success which has thus far crowned their efforts and they will doubtless continue to prosper in the future.
Marion T. Chance Lost Case.
In the matter of the case of Marion T. Chance et al. vs. Edward Weston et al, taken under advisement by Judge Bagley, has been decided in favor of the defendants, the court ruling that Marion Chance has no interest or estate in or to the said real property existing between him and the said Laura I. Chance, deceased, at the time of the latter's death. The judge in making his decision says:
First—That the conveyance from the defendant Tillamook County Bank on the 30th day of August, 1918, to defendants Rachel Weston, Myra Goeres and Georgia Tinnerstet

was not effective to invest the title to the said real property in the grantee's name, because the conveyance was not executed and delivered prior to the death of Laura I. Chance and the authority of the defendant Tillamook County Bank to execute such conveyance to said grantee ceased and determined upon the death of Laura I. Chance. That said conveyance should be cancelled of record.
Second—That said Tillamook County Bank held the real property described in fee for the use and benefit of said Laura I. Chance.
Third—That the said conveyance should be cancelled of record, the defendants Tillamook County Bank should be required to make, execute and deliver to the heirs at law of the said Laura I. Chance to-wit: Addie Schmelzer, Rachel Weston, Myra Goeres and Georgia Tinnerstet, a conveyance of the real property held in trust by it, and in default thereof, the decree of this court should stand as and for the same.
Fourth—That plaintiff, Marion T. Chance, has no interest or estate in and to said real property in virtue of the marriage relation existing between him and said Laura I. Chance at the time of her death.
Fifth—That neither party should recover costs.
TWENTY MILES OF HARD-SURFACED ROAD ASKED FOR
Tillamook Delegation Conferred with Chairman Benson of the State Highway Commission.
The Tillamook delegation which went to Portland last week, consisting of State Senator T. B. Handley, H. H. Rosenberg, W. G. Dwight, W. J. Riechers and J. C. Remick, of the Cummings-Moberly Co., was successful in its efforts. The delegation went to Portland principally, to interview the State Highway Commission to see whether it would be possible to extend the hardsurfaced road to Hebo and to the Miami river this year, and also to attend the conference of the Roosevelt highway boosters. The delegation conferred with Chairman Benson, of the State Highway Commission, and that gentleman promised the delegation if labor and equipment could be obtained the Commission would construct 20 miles or more of hard surfaced pavement in Tillamook county this year. The Commission had already promised 15 miles of hard surfaced road this year, but this did not please State Senator Handley, for he contended that the Commission would do better than that if a delegation of Tillamookers would take the matter up with the Commission. Although Commissioner Thompson and Booth were not present, Senator Handley is convinced that these gentlemen will be favorable to the proposition put up to the chairman to have the road paved to Hebo and the Miami bridge. Owing to the building of a logging road up the Killebis river and the Cummings-Moberly Co.'s saw mill being put in operation in a few months, there will be considerable heavy travel north of this city and if the road is not hardsurfaced this summer, it will cost the county thousands of dollars to maintain. It is considered that the delegation was highly successful in its efforts, but to obtain results it will be necessary to keep punching the matter up and get as quick action as possible.
