Ten years ago this would have been an impossibility. No community would have the hardihood to suggest a bishop for the place and no bishop would have dared serve. SPRING FEVER

Following Colds, Grippe, Thin, Watery or Poisoned Blood

(BY DR. VALENTINE MOTT.)

At this time of year most people suffer from what we term "spring fever" because of a stagnant condition of the blood, because of the toxic poisons stored up within the body during the long winter. We eat too much meat, with little or no green vegetables.

Bloodless people, thin, anemic people, those with pale cheeks and lips, who have a poor appetite and feel that tired, worn or feverish condition in the springworn or feverish condition in the spring-time of the year, should try the refresh-ing tonic powers of a good alterative and blood purifier. Such a tonic as drug-gists have sold for fifty years, is Doctor Pierce's Golden Medical Discovery. It is a standard remedy that can be ob-tained in tablet or liquid form. Made without alcohol from wild roots and harks.

Occasionally one should "clean house" with castor oil or tiny pills made up of the May-apple, leaves of aloe and jalap, and sold by almost all druggists in this country as Doctor Pierce's Pleasant Pellets.

Los Angeles, Cal .- "I will gladly tell of Medical Discovery gave me. I was sick with all troubles of stomach, liver, etc., and La Grippe with all its attending ailments. When all else failed Dr. Pierce's Golden Medical Discovery did the good work. I also took 'Pleasant Pellets' for biliousness, with grand success. I write with gratitude to tell others of the relief that is in store for them. Do not delay but hasten to get the above remedies if suffering from any indisposition."—Samuel Kalisky. 978 Euclid Ave.
