A car driven by Howard William ran into H. H. Rosenberg's car near Webster Holmes residence at Hobsonville. There was a disabled car on the side of the road as the two other cars approached from different directions. Mr. Rosenberg slowed up and was almost at a standstill, to allow it to pass. At first it looked as though the Williams car would crash into the disabled car, but suddenly turned and crashed into the Rosenberg car. The Williams car was somewhat smashed up, but the Rosenberg car was more fortunate, being confined to a few injuries.

To Speak for Salvation Army Drive.
Dr. Charles T. Wheeler, special envoy of the Salvation Army, who has recently returned from active service in the battle area of France, will speak in Tillamook, Wednesday, June 12th, at 8 p.m. in the interest of the Home Service Campaign of the Salvation Army in Oregon, June 22 to 30.
Dr. Wheeler while in France was along the battle front in Cantigny, Chateau Thierry, Saint Mihiel, the Toul and Baccarat sectors. He spoke night after night to thousands of doughboys with accompaniment of thundering cannons and exploding shells.
Dr. Wheeler is a noted orator and his appearance in this city will be welcomed by all who have had the opportunity of hearing him on his former platform tours in this county.
In Baker where he opened his speaking campaign for the state, all the ministers of the city, irrespective of creed, united in arranging the details of the meeting which was held in the Baker Elk Temple.
Haberlach Engaged for Two Years.
Two new factories were taken into the Tillamook County Creamery Association at the meeting of the board of directors held at the office of Carl Haberlach, secretary, last Monday. The Sandlake Creamery Co., and the Upper Nestucca factory which is situated two miles above Blaine, are the new members. C. A. McDonald, president of the Upper Nestucca Co., was sworn in as a director of the association.
Following this action, the association voted Fred W. Christensen, cheese inspector, an increase of \$500 per annum in salary. Mr. Christensen pointed out that his salary, after deducting expenses incurred in visiting the various factories throughout the county, was actually less than that of any of the cheese makers of the larger factories, for whose work, he is, in part, responsible. In view of this fact, and because of the importance of inspection to the dairy interests of the community, the directors deemed the raise proper.
Other business transacted during the day include the election of Carl Haberlach as secretary and salesman for the association for two additional years without change of compensation. Advocates of "clean-up day" for all factories; passage of a resolution recommending that inspection of cows be postponed until October 1, unless requested by individual farmers; and increase of the salary of directors from \$2.50 to \$3.00 per day while in attendance at meetings of the board.
D. R. Tinnerstet, deputy Dairy and Food Inspector, made an interesting report of his fork, and displayed results of sediment tests made by various factories during the month. His specimens showed the amount of sediment contained in a quart of milk from each patron as delivered to the factory.

The M. E. Centennial Movement.
About thirty Methodist men and their friends gathered at the banquet tendered them by Dr. Gibson at the Oddfellows Hall last Monday noon. The banquet was given by Dr. Gibson as a get together meeting for the discussion of the Centenary movement now being pushed by the Methodist Episcopal Church, and for the purpose of raising Tillamook's quota in carrying out this movement.
Dr. T. B. Ford, District Superintendent for this district of the Methodist church, gave a very forcible talk upon the Centenary movement, and explained it in detail, and it only took Dr. Gibson about ten minutes after the address of Dr. Ford to raise \$3,110.00 of Tillamook's quota which has been placed at \$4,270.00.
The interest created among the Methodist and their friends concerning the Centenary movement has been very great, and there seems no question but that Tillamook will be able to raise her quota, and probably several hundred dollars more, as several friends and members of the church were unable to attend the banquet, and their subscriptions in a large amount is expected in due time. A. G. Beals started the subscriptions at the banquet with \$750.
The ladies of the Rebekah Lodge prepared the banquet for Dr. Gibson, and the same was a very enjoyable affair from start to finish, both in the manner in which it was served by the Rebekahs and the success of the banquet for the purpose for which Dr. Gibson gave it.
Alice Brady at The Gem.
"Woman and Wife," adapted from Charlotte Bronte's beloved novel "Jane Eyre," will be shown at the Gem Theatre next Sunday, June 8. This photodrama is the second Select Star Series released featuring Alice Brady, who surpasses here even her previous success in "Her Silent Sacrifice."
In her sympathetic delineation of the much suffering heroine, Miss Brady rises to a high rank as one of our leading emotional actresses. Jane Eyre is a poor girl who travels over a long rocky road before she finally wins to her heaven of happiness. First as "a poor relation" among cold hearted relatives, later as an inmate of an institution for orphans under a cruel supervisor, and lastly as governess to the child of the man she loves and who loves her—even here she finds a seemingly insuperable obstacle to happiness. A kind fate finally intervenes, and after many privations and sorrows, she is united with her true lover.
Cheese Scoring Contest.
The Cheese Makers' Association met at Cloverdale on Friday evening. A good attendance was present. Dolph Tinnerstet, county Dairy Inspector, and F. W. Christensen, Cheese Inspector, were invited guests.
After some discussion a motion was proposed and unanimously adopted requesting all makers and helpers to wear white suits.
A feature of the meeting was a scoring contest in which the cheese to be scored was selected by drawing, and the cheese drawn was made on the 11th day of May, from the first vat. This gave the makers no chance to select their best cheese and in some cases their poorest was on the table.
The judging was done by three of their members, Harry Hogan, Albert Wade and Fred Meltzke, which resulted as follows:
Harry Thomas 98 1/2%
Norman Christensen 97 1/2%
Elmer Hopkins 96 1/2%
Ray Cooper 96%
Edgar Norburg 96%
Hugh Barber 95 1/2%
N. V. Kirby 95%
Floyd Kulbersson 94 1/2%
Frank Wilson 94 1/2%
Fred Meltzke 94 1/2%
Harry Hogan 93 1/2%
Edward Fogg 92 1/2%
Ralph Dunn 89%
Albert Wade 88 1/2%

Enid Bennett in "Fuss and Feathers"
In the history of humankind, it has been found that real qualities of worthwhile character are of more avail in the battle of life than mere erudition or aristocratic manners. This is graphically shown in the story of "Fuss and Feathers," a new Paramount picture produced by Thomas H. Ince and starring Enid Bennett, which will be shown at the Gem Theatre, Monday, June 9.
Miss Bennett plays the role of a mining camp girl. She is taken to the city when her dad strikes it rich and is snubbed by the aristocratic crowd. But she gets even when she rescues the wayward son of a wealthy family and wins his love. In the end she triumphs and all ends happily. Fred Niblo directing the picture which was written by Julien Josephson. The leading man is Douglas MacLean.

Too Many Millions.
Suppose you were a young man and suppose you had forty million dollars. Then suppose someone stole the money from you. And suppose you were caught in a fire with a girl you loved, and suppose you and the girl escaped with your lives, but without much clothes. What would you do next?
That's the plight that Walsingham Van Dorn and Desiree Lane found themselves in one night. Walsingham's first move was to throw blankets over Desiree and himself, and his second act was to call a preacher who was watching the fire, and arrange for the marriage with Desiree.
His third move was to get a job the next day so as to support the bride. As for the other moves the happy couple made—they are all shown in a delightful comedy, "Too Many Millions," which will be displayed at the Gem Theatre, Wednesday, June 11.
Newspaper Men Get Medals.
That the Victory Liberty Loan met with the same gratifying success as did the four preceding loans was due in a great measure to the loyal support of practically every newspaper and magazine in the United States.
We are indeed grateful to the publishers and editors of the Twelfth Federal Reserve District for their generous contribution to the government of space both in their news and advertising columns during the several Liberty Loan drives and particularly during the Victory Loan campaign because the sacrifices of peace times in behalf of the national government indicate a higher type of patriotism than is promoted by the hysteria of a people at war.
Now that the last popular loan has been successfully floated we want you to fully know that we fully appreciate the great service you have rendered our government. In our humble way we thank you.
It is quite beyond our power to compensate you for your efforts in behalf of war financing but the enclosed medal may serve as a pleasant reminder of our gratitude for your able cooperation with us.
Very sincerely yours,
General Publicity Com.
