Fire Threatens Farmhouse last Night

Last night the fire siren attracted many into the streets for a fire, and then they caught rides in automobiles if they were lucky, and speeded out the Bay City road a couple of miles to the Church home, where the roof had started to burn. It was thought that the wiring must have started the fire as it began under the roof, quite a ways from the chimney.

Not much damage was done except by the water thrown on, and about ten square feet of shingles were torn off the roof. The fire was fortunately discovered in time, and fought well. In the strong wind blowing there would have been nothing to stop it, if it had got a start on the roof. The fire company had been practicing in Sunnymead and so were in for a long run to get there with the chemicals.

They slid down the grade on their sides, one falling on top of the other. The morning train from Portland was delayed until three o'clock, while the wrecker cleared the track, no one was injured, and the track was not damaged. The afternoon train came in on time.

**TILLAMOOK BEATS NEHALEM**

Base Ball Game Last Sunday Results In Win for Home Team.

In the return game played Nehalem last Sunday, Tillamook walked off with the long end of the score, and with a more decisive victory than Nehalem had here the Fourth.

The game was well attended and exciting at times with some of the close plays. The lineup for Tillamook was as follows: McClenny, P.; Heisel, C.; Cowles, I. F.; Himes, R. F.; Umphlet, 2nd and p. Gabriel, s.s.; Wallace 2nd; Travis, 1st; and Crimmens, 3rd. Nehalem had the following men on their team. Atwood, F. Tubbesing, H. Tubbesing, Tohl, Gresham, S. Sullivan, H. Sullivan, Perego, and Jones. Jones was the pitcher.

Another game will be played here Sunday.

**TRAIN WRECK IMMINENT**

Young Men Leave Handcar in Tunnel With no Room For Cars to Pass.

Four young men who were working at the logging camp at Coehran when turned off last week because they were not yet 18 years old, started to walk to Wheeler, but when they saw a handcar at the side of the railroad, they broke the lock on it, and started down the grade that way.

While in the midst of one of the tunnels, they thought they heard a train coming, and got off the car, turned it up on one side at the edge of the track and walked to the end of the tunnel to see what was coming. It was a section boss on his speeder, who went through the tunnel, and got officers to arrest the boys.

The boys went back into the tunnel and putting the handcar on the track, took it back where they had got it. If it had been a train that was coming, there was not room for it to have passed the hand car, and with the car wedged against the side of the tunnel wall as it was, a serious wreck would probably have occurred.

The names of the boys whose homes are in Portland are as follows—Herbert C. Christensen, Russell Slade, Lewis McAtee and Percy Black. The boys were working for their summer vacation. Saturday morning they were tried, plead guilty and fined \$30 altogether.

**What Other People Think of Us.**

Edward G. Barger, of Portland who visited Tillamook with the D. O. K. K's writes:

"It was my great pleasure to be one of the visiting D. O. K. K's to Tillamook on June 28, and I cannot help but speak in the very highest terms of the spirit of up-and-doing that Tillamook people are showing.

"Of course, as Knights of Pythias we fully expected that the people of Tillamook would give us a royal welcome and we really expected a grand time. However, I speak of the new spirit that seems to be a part of the Tillamook people as a body. They greet all comers and are not afraid to show visitors that the city of Tillamook is on the map and forging ahead.

"When I spoke of this to several of the leading boosters, they called my attention to the fact that they were boosting for all Oregon. Oregon products and Oregon payrolls.

"I really believe that the caravan we made up on this trip must have appeared to the coast folks as a starving delegation for sure. We had four meals served to us of the finest cheese and the most delicious salmon and crabs that man ever ate. And did we eat? I don't believe that a person who sat down to those tables ever ate so much or had so much to eat at one time in all his life.

"One reason for this was that the salmon were caught fresh from the salt water and the providers knew how to cook them without losing the color and flavor. It took Tillamook men to arrange the feasts, and they surely know how to handle affairs of this kind.

"I was requested by a number of those who made up the D. O. K. K. caravan to send in an expression of appreciation to Chancellor Commander Outbourn who had charge of the Tillamook reception, to 'Toots' Car-

diff who prepared and cooked such royal meals for us, and to the many other Tillamook hustlers who met us at every turn with a royal welcome."

**ROAD BOOSTERS HOPEFUL**

Oregon Expects to Share in Future Appropriations.

Confident that if any road appropriation bill is going to stand a chance in Congress Oregon won't lose out, the three men comprising the Roosevelt highway delegation returned last night from Washington, D. C. where they had a hearing with the congressional committee on roads. Two of the members, L. J. Simpson, of North Bend, and Charles Hall, of Marshfield, went on direct to their homes, but B. F. Jones, of Newport, the third, remained in the city, passing the night at the Imperial.

"Last Friday we had our hearing", he said, and gave the committee full data. The members seemed much impressed and after the session three openly told us they would vote for a favorable report and would endeavor to convert others.

"The special session of Congress is trimming appropriations and it is hard to get things like this through. However, a favorable report will give the measure a fighting chance. The Oregon delegation is doing hard work for it and, compared with other states, we are well represented by a strong, wideawake bunch of men."

Mr. Jones explained that everything must now rest until congress acts one way or the other. Oregon voted \$2,500,000 for the June election and Representative W. C. Hawley on June 25 introduced a bill to have the government match this. The three men from the coast counties arrived the following day to aid in the fight and were in the national capital 17 days.—Oregonian.

**Interstate Realty Association Meets At Victoria July 17-19.**

The Inter-state Realty Dealers Association will meet at Victoria, B. C. July 17th, according to A. C. Everson, local real estate dealer, who plans to attend the meeting. Mr. Everson is also a member of the executive committee of the association.

The association was formed at Portland, Oregon, three years ago as a protection to the public from land agent grafters, and dealers with dishonest methods. Beginning as a small local concern it grew into one which now embraces practically all the live realty men in Oregon, Washington, Idaho, Montana, British Columbia, Manitoba and Saskatchewan.

Mr. Everson is very enthusiastic in his belief in the good which the organization does, promoting better acquaintances between men of northwest, interesting places away from their own city, and encouraging the age to believe in the future of his part. At the meeting an agent from town is expected to get up and make a five minute talk of his town. Mr. Everson has done this at every meeting of the association since the organization was founded, and Tillamook can feel assured that she is well spoken of and that most excellently.

**Season of Gaiety Opens at Bayoccean.**

The summer visitors are beginning to throng the beach at Bayoccean, where the call of sea and bay draws many to contentment for a while. The cottages are rapidly filling up, and it promises to be a busy season.

The natatorium is in fine condition for swimming and boating, while Saturday nights dances at the Hotel Bayoccean will be attractive features of the summer. This year the changing point on the railroad is at Bay City instead of Garibaldi, as in former years. However, with the approaching completion of the Garibaldi dock, the changing point for the Bayoccean ferry will be back at the old place.

**SOCIETY.**

The Shakespeare Club met at the home of Mrs. J. Groat last Friday. A most enjoyable afternoon was spent in the reading of the 2nd act from the "Merry Wives of Windsor." The guests for the afternoon were Mrs. McNair, Mrs. Koch, Mrs. Gruber and Mrs. Halton.

The minutes of the first meeting of the club, held in 1904 were read, and made a novel entertainment. The house was beautifully decorated by the hostess with fragrant, sweet-smelling flowers, and a dainty lunch was served.

The marriage of Albert Neilson and Miss Floa Axtell was solemnized last Thursday, at five o'clock by Rev. C. E. Gibson, at his home.

The marriage of George A. A. Jones and Miss Leah Wright of Bar View was solemnized by Reverend Gibson on Saturday last.
