MUSIC LOVERS

Three years ago our representative sold twenty-seven families in Tillamook Scribner's Ideal Home Music Library.

"THOSE BIG GREEN BOOKS."

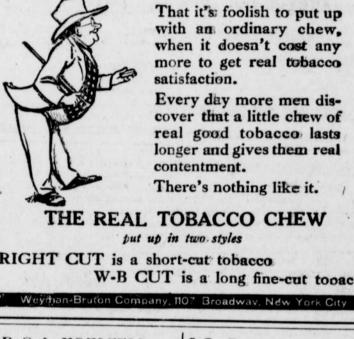

These families have been delighted with their purchase and deem these books more valuable each year they possess them-and worth many times what they paid.

We are publishing a new edition. While we will be able to fill a few orders at less than half what the new edition sells for-you will be lucky to secure yours now.

Ask some of your friends who own them or your music teacher and learn what a help they have been, also what a saving. Communicate with the undersigned until Monday, August 18th
