**"Nik" Steel Fiber Suits For Real Boys.**

The boys' suit problem has been solved by "Nik" Steel Fiber Suits. They are the one real innovation in many years of clothes making. They were invented for the emancipation of mothers from mending and patching and to give a boy a chance to grow out of a suit before he wears out of it or breaks through.

**"Nik" Steel Fiber Suits**

are re-inforced by extra thicknesses of cloth at the seat, knees and where the friction comes between the knees. The result is a suit that will last as long and longer than any two ordinary suits.  
Some of the suits have an extra pair of pants, a great boon to the boy who is extra hard on clothes.  
We show "Nik" Steel Fiber Suits in Mixed Greys, Navy Stripes, Seal Brown and Blue Serges in sizes to fit boys 7 to 18 years of age at prices from

\$11.95 to \$19.85.
