An Excellent Photoplay.

All who admire real comedy and strong dramatic action presented in a harmonious combination, should see Billie Burke in her latest Paramount photoplay, "Good Gracious Anabelle" which will be shown at the Gem Theatre next Wednesday. It is in every respect an excellent photoplay. Miss Burke is splendidly supported, her leading man being Herbert Rawlinson.

Ray and Fair Due in "Be a Little Sport."

Albert Ray and Elinor Fair will be at the Gem Theatre next Thursday in a rollicking story called "Be a Little Sport." This is another of the "sweetest stories ever told," which William Fox is picking for these youthful stars. It is described as filled with laughter producing situations. In the cast with Mr. Ray and Miss Fair are Lule Warren, Geo. Hernandez, Leota Lorraine and Eugene Pallette.

"Are you taking the daily or weekly newspaper in your locality which comes out fearlessly for Republican principles," asks the National Republican, "which is alive to the right side of public questions not only in the heat of campaign year but every year and all year 'round? In choosing your reading matter don't forget that the local Republican paper deserves and should have your support, morally and financially."

ROOSEVELT HIGHWAY BILL BEFORE ROADS COMMITTEE.

Strong Plea made in its Behalf By Congressman Hawley.

Representative W. C. Hawley sent us the following letter in regard to the Roosevelt highway bill which he introduced in the house to obtain \$2,500,000 to match that amount of money by the state to build the highway:

On July 11th - the Committee on Public Roads of the House of Representatives, at my request, gave a hearing on my bill, H. R. 6751, asking an appropriation of \$2,500,000 from the general government to assist in the construction of the Roosevelt Military Highway along the Pacific Coast of Oregon. These hearings after much delay have just been printed.

The Committee gave us an excellent hearing, nearly all of its members being present. Since the hearing I have been giving the matter attention and find, as I believe the situation is favorable although much work still remains to be done. The situation is complicated somewhat by demands from other states for similar appropriations due to the publicity given to our hearing by the press throughout the country. Also there is a growing demand in the country and in Congress for a very great reduction in appropriations. However, I believe that since we propose to appropriate more than three dollars for every dollar asked from the government and since this money is to be used in the construction of essential military highway invaluable for the national defense we have a stronger case than others, and one of very great public importance.

Thinking that you might be interested in the arguments and information presented to the Committee I am forwarding under another cover a copy of the hearings. You have been

giving this matter attention. Doubtless you have information and arguments that will be useful here. I shall appreciate receiving them and shall make the best possible use of them.

We are asking for \$2,500,000 outside the general road program for the construction of a particular road. Considerable difficulties are in the way of obtaining this appropriation; any new data or arguments are therefore very valuable. I shall continue persistently to urge the committee to take favorable action, and after a report has been made to the House, to secure favorable consideration by that body.

Film Version of Famous Novel to be Shown Here.

Rich in pathos, humor, sentiment and sweet charm, "Little Women," the celebrated story written by Louisa M. Alcott, has for fifty years exerted a wide appeal upon the reading public of the world. "Little Women" has been translated in many languages and its beauty has been recognized in foreign lands with the result that the little heroines of the book—Meg, Jo, Beth and Amy are the most celebrated characters in literature.

This wonderful story has been filmed and as a Paramount-Artcraft special picture, it will be shown at the Gem Theatre next Tuesday, Oct. 14. Every man, woman and child in the city who has read the story should see it on the silver screen, for it visualizes the celebrated characters which will never fade in the memory of those who laughed and cried over the novel in their youth. The picture was filmed in and about the home of Miss Alcott in Concord, Mass., and it is more than usually interesting on that account. A fine cast has been provided by the producers, the little women being portrayed by Isabel Lamont, Dorothy Bernard, Lillian Hall and Florence Flinn.

BAYOCEAN ROAD DISTRICT.

Only Part of The Road Included in The New District.

The County Court formed another road district out of road district No. 2, to be known as road district No. 8, which takes in Bayocean and part of the property on the south side of the bay, leaving out the Beals ranch, which is somewhat surprising, as the Bayocean road starts from the Tillamook bridge and clings to the side of the hill the entire length of the Beals ranch. The new road district starts at a point near Dicks point, and goes direct west, taking in only a small stretch of territory on the south side of the bay, which should have included all the property in the water shed from the Tillamook bridge to Bayocean. It is certainly surprising that only a part of the land is placed in the new road district and the remainder retained in road district No. 2.

The boundaries of the new road district is as follows:

Beginning at the point where the south line of section 15, Tp. 7 S., R. 10 W., intersects the west shore of Tillamook Bay, and running thence west along section lines to the shore line of the Pacific Ocean; thence northerly along the shore line of the Pacific Ocean to the mouth of Tillamook Bay; thence easterly and southerly along the south and west low water line of Tillamook Bay to the place of beginning.

GAMES AT FAIR RAPPED.

Resolutions to be presented to State Fair Board; Undermining of Institution Charged.

Resolutions condemnatory of games of chance operated at the state fair grounds at Salem during the recent fair, and calling for future reform, have been passed by the Oregon Pure Bred Livestock association, as presented by a special committee of investigation. Members of this committee were Edward Carey, Mr. and Mrs. Frank Lynn, R. W. Hogg, Mrs. Frank Laughry and N. C. Maris.

This committee reported that one member counted over 70 concessions dealing in the sale of chances at various lotteries during the recent state fair, and that some of these games offered the slim margin of one chance out of 136 for the player to win.

Others alleged gaming concessions, it is charged, to evade the law gave trifling awards with each chance taken. The committee reported that country girls and boys gamed their savings away at these various devices without receiving anything of value in return, and that in one instance a youth spent \$15 without drawing a single prize of any worth.

The livestock association is openly hostile to any continuance of these practices, holding that the dignity and significance of the big annual exposition is undermined by brazen games of chance, and will carry its resolutions and findings to the attention of the state fair board at an early opportunity. The resolutions passed are as follows:

Whereas, the Oregon Pure Bred Livestock Association believes that the foundation of fairs is agriculture and livestock and that their chief function is educational and that in the conduct of fairs the only thing to be considered as taking precedence over the livestock and agricultural exhibits is the moral and character of those who visit the fairs, especially of the boys and girls, therefore this association believes that insofar as possible all exhibits and concessions should carry educational value and be morally clean and the Oregon state fair has recognized these principles by the prominence it has given to children's industrial club work, as well as the liberal premiums it gives for livestock, and

Whereas, This association believes that all gambling devices and many of the sideshows seen at the Oregon state fair and other fairs on the north Pacific circuit are unwholesome and demoralizing and in some cases disgusting beyond description, and are especially detrimental to boys and girls—the best crop grown on the Oregon farms—therefore be it resolved, That this association hereby express its absolute disapproval of allowing such games and shows on the fair grounds and earnestly requests the Oregon state fair board and all other fair boards on the north Pacific circuit to purge their grounds of gambling devices and questionable amusements, and be it further

Resolved, That we express our great appreciation of the enterprise of the Oregon state fair board in making the many improvements for the comfort and convenience of the exhibitors and visitors, especially appreciating the livestock coliseum, which is an absolute necessity for the success of our fair and which has been erected at great cost, much of the funds having been provided personally by members of the fair board. We deprecate the fact that for lack

of public funds our fair board has had to use its own money in erecting the coliseum, and that in order to be safe in reimbursing themselves they have felt justified in accepting concessions that no doubt they would have excluded except for the financial stringency.

Resolved, that we declare our earnest desire to support the state fair in every way possible, but insisting that it must be kept clear of these gambling devices and immoral shows, the president of the association is authorized to appoint a committee of five members to take this matter up with the state fair board, and to assure them that in case we can be assured of a clean fair we will use every possible endeavor to secure from the legislature sufficient financial support that the fair board will be independent of all questionable sources of revenue. The committee is authorized to attend the meeting of the north Pacific fair circuit managers, if considered necessary.

CIRCUIT COURT CONVENES

Only One Granted Naturalization Papers Out of 14.

Judge Geo. R. Bagley opened the October term of the circuit court on Monday, having previously set cases for two weeks.

The first business taken up was upon petitions for final papers, and this took the first part of the morning session. V. W. Tomlinson, government naturalization commissioner, who is stationed at Portland, was present, and he put the applicants through a rigid examination. The only person who was granted final papers being Fred Rohrback. The others were continued.

The grand jury was then drawn as follows: T. D. Lucas, E. M. Condit, W. F. Messner, W. H. Edson, Lewis Anderson, Wm. Goeres and D. A. Bailey. The judge appointed Mr. Condit foreman of the jury.
