Christian Church Notes.

The revival at the Christian Church is in full force. Evangelist Cross, who has been Chaplain in the late war, comes with an experience that will help everyone in the community. Also his natural reputation as a minister of the gospel is a real uplift to all who have this message.

Sunday afternoon to men only, on "The 3rd Degree Man." Tonight he will speak on "The 7 Triangles", Friday at 4 p.m. Mrs. Cross will speak to girls. Evening subject "Noah's Ark, Where Is It?", Saturday "The Ready Man."

Sunday morning, "God's Tombstone." Hear Mrs. Cross sing, this is your opportunity. A number have made the good confession and many more ought to make it. Remember no one can tell what the times of confession will bring forth, it may be your last. Come out and hear and act.

"A Pair of Silk Stockings."

If your husband not only objected to your taste in motor cars, insisting on one of his own selection, but bought sables for another woman (to make you jealous) as well, would you immediately lose no time in suing for a divorce?

Come to the Gem Theatre on Sunday, Oct. 12 and see just how Mollie Thornhill (Constance Talmage) solves the problem of the motor car and the sables, in her latest Select Picture in which she is presented by Lewis J. Selznick.

Sam and Mollie Thornhill, a young English couple, are happy indeed, until the serious question of a motor car arises. Mollie wants this and Sam wants that with the result that Sam in a rage, goes off to make Mollie jealous and attempts this by the sables-for-another-method, leaving the bill around for her to find. Mollie not only finds the bill but the speediest way of divorcing Sam and starts off to tour the country in a car of a make which she is sure Sam disapproves. They are brought together again however through the medium of a "Pair of Silk Stockings" which Mollie loses, and the two are rejoined and married by the vicar in the village.

ROAD CONTRACTORS MAY BE PENALIZED.

Delay in Completing Work Arouses Commission.

Road contractors who are slow in their work—and there are several such on the Pacific Highway—will find the time limit penalty enforced against them. This is the decision of the state highway commission adopted Tuesday on a motion of Commissioner Booth. It appears that certain contractors have been dallying along in such a leisurely manner that their work is nowhere near completed; that they have graded and torn up roads and now the rains are setting in and these roads are impassable. The roads must be rocked. Either the contractor must rock them or the state must and where contractors are slow, the penalty collected from them may reimburse the state for the cost of rocking.

This announcement from the commission will cause consternation with two or three contractors who are almost certain to be caught for heavy penalties. It probably will have the effect also of spurring others to rush their respective sections to completion.

Tillamook county asked for bids for hard surfacing 15 miles in that county to be let by January so that the successful contractor could have his equipment on the ground early and start work as soon as the weather opens in the spring. Chairman Benson explained that by postponing bids on this work, the commission was saving the contractor money and that when bids were called for it would be in time for the contractor to commence operations early. Tillamook county also applied for the service of an engineer for three market roads, under the market road act. The county will receive approximately \$21,000 from the state market road fund and will match this amount, giving it \$42,000 for the three market roads. No action was taken on this nor the request of Gilliam county for a similar engineering assistance, as the commission has not worked out the plan under which it intends dealing with the market road problem. Under the law the counties built these market roads but the engineering is supplied by the state highway commission.

Presbyterian Church.

The regular services of the Presbyterian church will be resumed next Sunday, October 12.

Sunday School will be held at 10 o'clock, with Mrs. Robt. H. McGrath as acting superintendent.

Preaching services will be held at eleven o'clock in the morning and at 8 o'clock in the evening with the Rev. Allen A. McRea in the pulpit. The subject of the sermon in the morning will be "The Vision that Gives Power," and in the evening "The Loyalty of Love."

There will be some good music and everybody is invited to come out and listen to the music, join in the singing and hear the message which Mr. McRea will bring to us.

Teachers Wanted.

In company with some of the other counties of the state Tillamook county is suffering a shortage of teachers. Six small schools are at present in need of teachers.

It has occurred to me that there may be several ex-teachers in the county who would be willing to teach a few months at least, to help out.

Should there be any such teachers please communicate with my office either by phone or letter and the matter of certification will be considered and an effort made to arrange the work, and you will be placed in touch with some school needing a teacher.

County School Supt.

Wanted—Ranches For Rent.

Mr. Rollie W. Watson,
Tillamook City, Oregon.
Dear Sir—I am inquiring if you have any places for rent with about 16 to 20 cows; will pay cash rent, must be bottom land, I want a good place. Will rent it on shares, cash payment, or will buy stock and implements. Would like to be close to cheese factory and school if possible, please let me hear from you at once.
Yours very truly,

Note—What have you to offer along above lines of inquiry? We are getting inquiries like that most every day. If you want to rent your place answer this quick.
Rollie W. Watson,
"The Go Getter."

Washburn Picture a Hit.

Bryant Washburn will appear at the Gem Theatre next Monday in his new Paramount picture "Poor Boob." It is a typical Washburn role and his portrayal of a simp who is believed to be a failure, but who fools everybody in the end is delightful. "Poor Boob" is in every respect a photocomedy well worth seeing. Wanda Hawley, a popular leading woman and Mary Thurman, a famous Paramount Mack Sennett star, divide the honors won by a supporting cast of unusual merit.

High School Notes.

On Monday the student body had an interesting business meeting. A picnic was decided upon for Saturday at the upper Kilchis river. Members of the student body and faculty are expected to attend. The custom of the annual picnic has long been established in this school and is looked forward to by the students as a suitable time for the new teachers to be initiated into the school life of Tillamook.

A committee was appointed to look after the renting of a hall for basketball. Those appointed on the committee are: Ernest Ford, Gladys Brown, and Rodney Farley. Both boys and girls are anticipating a lot of wholesome amusement during the basketball season.

The executive council met Tuesday to levy a high school membership fee. The sum of fifty cents per capita was decided upon.

Everything is Sphinx-like with the Junior and Freshmen. Why, haven't you heard that the Freshmen are giving the Juniors a party?

Famous Court Room Picture in Film.

How an enterprising lawyer employed finger prints after many years to restore a young man to his lawful inheritance and expose an imposter, are admirably shown in the Paramount picturization of Mark Twain's famous story, "Puddin'head Wilson," with Theodore Roberts as star, which will be presented at the Gem Theatre next Friday, Oct. 10.

Like all pioneers in the sciences, Wilson's hobby of detecting crime by means of finger-prints was derided and sneered at. The scenes of the story transpire in the pre-rebellion period when the finger-print theory was in its infancy. But Wilson's persistence and his knowledge of his science, eventually brought the wheels of justice to revolve in the right direction, to the satisfaction of all concerned.

Mr. Roberts is admirably supported in this great photoplay. Thomas Meighan, one of the best known of screen stars, has an important role. Others in the cast are Jane Wolff, Florence Dagmar, Enrent Joy and Gertrude Keller.

Reformed Church.

Rev. W. G. Lienkemer, pastor. Sunday School at 10 a.m. Public worship at 11 o'clock. Subject of sermon: "Two Important Questions." Singing by the male chorus.

BAY CITY NEWS.

John A. Nelson, our popular merchant, surprised his many friends by slipping out to Portland and marrying Miss Alice Keen, who is a sister to Mrs. Chas. F. Girard.

Gust Danson had the misfortune of having a finger badly mashed at the Ridehigh cannery Monday. Hotel accommodations are hard to get here as the Bay View and Girard's Hotels are full to overflowing. A number of transients have had to go to Tillamook.

Mr. and Mrs. D. H. White have moved to Wheeler where he will work in the mill there.

Mrs. J. M. Bodle returned Tuesday from a short visit at Corvallis where her son and daughter are attending college.

Mrs. T. E. Ashley has returned from Portland where she has been visiting relatives and friends.

The local mill here has turned out some very large timbers for donkey engine skids for C. F. Stone, who is working on the highway.

J. O. Bozorth left for Portland the first of the week for a much needed vacation.

Rev. H. J. Hickerson, pastor of the M. E. Church, has been transferred to Wheeler and Nehalem. Mr. Hickerson will be badly missed here for he was well liked as a minister and a good citizen. Rev. G. L. Tufts will occupy the pulpit for the coming year.

Nelson & Co., have purchased a new Dodge delivery truck.

Mrs. Albert Biggs, Jr., has been employed as teacher in the place of Mrs. Byron Rice, who has not yet arrived from Montana.

Notice.

That City Treasurer be instructed to call all warrants issued previous to October 1st, 1919, and those not presented for payment within 30 days be cancelled. By order of Common Council.

Frances B. Stranahan,
City Recorder.

One Of The Causes Of The High Cost of Living.

Speaking at a "welcome home" celebration in Pennsylvania the other day Major General Atterbury gave some interesting figures bearing on the decline of railway efficiency. At the Renova, Pa., shops, before the war, shopmen were on a piecework basis and a ten hour day. When the government took over the Pennsylvania lines piece work was abolished and the output per man per hour dropped from 110 per cent to 75 per cent. The shops were put on an eight hour basis, and this cut the output fifteen per cent, so that the output per man per day in the shops is now only 60 per cent of what it was before the war. The number of men employed on the Pennsylvania has increased under government control from 147,713 to 168,892, or fourteen per cent, while the traffic units decreased from 16,800,000 to 15,000,000 or eleven per cent. The average number of traffic units per employee fell from 113,932 to 89,398. The decrease in number of hours worked was also accompanied by a decrease in the product per man per hour, although it has long been believed that shortened hours would increase efficiency. All this, of course, helps explain the high cost of living. The increased number of men producing less on the Pennsylvania, means the withdrawal of that many more men from other occupations, so that less production is accompanied by more consumption.

72 Rail "Princes" Get \$1,398,100 Annually.

Fifty-nine officials of the railroad administration, "Princes at Washington who sit in upholstered furniture and swing in swivel chairs amidst luxurious surroundings," receive a much higher salary than General Pershing, Representative Thompson, (Ohio) charge in the house the other day. "Seventy-two men on the staff of the Director General of Railroads receive salaries aggregating

\$1,398,100 annually." Mr. Thompson asserted. "Most of them receive more than the Chief Justice of the United States, whose compensation is \$15,000 a year; more than Gen. Pershing, more than cabinet officers, senators and representatives."

"The records will show that five of these officials are each receiving \$50,000 per annum, two are getting \$40,000, three \$35,000, two \$30,000, eight \$25,000, eleven \$20,000, one \$18,500, one \$18,000, and \$17,000, six \$15,000, one \$14,000, one \$13,200, one \$12,500, four \$12,000, one \$10,800, one \$10,600 and twenty-three \$10,000. None of these large salaries were authorized specifically by Congress."
