

TILLAMOOK, OREGON, OCTOBER 16, 1919.

Tillamook Jottings.

Dr. and Mrs. Wise will leave for California in a few weeks to spend the winter there.

Born at O'Conner's Sanatorium San Jose, California, September 30, to the wife of J. H. Brombley, a son.

R. E. Wilson vs. H. B. Wallace is a suit filed in the circuit court to recover \$66.9 on a promissory note.

County Assessor Johnson is in Portland this week, having left on Sunday.

Attorney H. T. Botts expects to leave for the East as soon as the circuit is through.

Alan Welsh Smith vs. E. L. Glaisyer and wife is a suit filed in the circuit court to recover \$125.00 for professional services.

Rev. E. T. Wriggle and family, the new pastor of the United Brethren Church, arrived in the city on Tuesday from Weston.

Marriage licenses were issued to Welta Victor Lane and Stella Drusilla Rogers; George O. Surgeon and Gladys Mae Tubler.

Roy W. Shultz vs. Joe West is a suit filed in the circuit court to recover \$125.00 loaned the defendant at various times.

Chas. F. Panko returned from Portland Monday bringing in the new Overland Four, of which he is the local agent.

The case of Vern Blanchard who was fined in the justice court for violating the fishing law has been appealed to the circuit court.

Solon Schoffmann vs. G. R. Comstock and Comstock Manufacturing Co., is a suit filed in the circuit court for an accounting for logs cut from plaintiff's land under a contract.

Married on Saturday at the M. E. parsonage, Rev. C. E. Gibson, officiating, Welta Victor Lane, of Clowderle, Ore., and Miss Stella Drusilla Rogers.

Married on Saturday, by the Rev. Chas. E. Gibson at the home of the bride's parents, George O. Surgeon, of Lafayette, and Miss Gladys Mae Fabler.

Drugless methods used in chronic diseases of stomach, bowels, liver, diabetes, brights disease, and nervous conditions. Room 4 Masonic, Bldg.

Chas. F. Pankow, the local agent for the Nash Truck, sold a 2 1/2 ton truck to Ed. Davis and a 1 ton truck to Lagler Bros. of Nehalem, this week.

Rev. C. E. Gibson left Tuesday for Newberg, where he was appointed pastor of the M. E. Church. The reverent man carried with him the best wishes of the people of this city.

Mrs. Ethel Walls Bailey, expert pedicuring, will take patients by appointment, corns a specialty, evenings, between 7:30 and 8:30 at Boals' hospital, both phones.

Married on the 6th of October, Thomas W. Cline, of Rose Lodge, Or. and Miss Genevieve Ward, the ceremony being performed by Harry E. Tucker of the Christian Church at his home.

The old frame building which was occupied for several years by the Tillamook Headlight, is now being pulled down, and the ground has been leased for several years where an oil station will be erected.

Fred Sealey resigned as justice of the peace for the first justice district and Gilman B. Nunn was appointed to fill the vacancy, which was acted upon at the August term of the county court.

Fifty years ago the Oregonian contained this paragraph: "Abstracts from the Tillamook county Assessor's report show population of the county to be about 490, and that butter produced this year amounts to seven tons."

C. A. Swenson has sold 43 acres of his dairy farm north of this city to two men from McMinnville by the name of Nelson and Barendrick, for \$35,000, which includes the house. J. P. Larson bought the remainder of the farm which included 16 acres, paying \$12,375 for it.

A large deer was seen on the pavement north of town in the evening by several persons in automobiles, and it seems the lights on the machine scared it, for it went into the brush on the land owned by the Holden estate. The auto approached to within a few feet of the deer.

A young man by the name of Paul Edward Cartrell, between 19 and 20 years of age, was killed at the Brighton saw mill, and the body was brought to this city. While pulling over a log the hook came out and struck him with such force that it killed him. Coroner Henkle did not think it advisable to hold an inquest. The body was shipped to Dufer, Ore., where the unfortunate young man's parents reside, and where the remains will be buried.

The evergreen blackberry industry in this county proved quite successful, weather conditions being ideal for the pickers. There was one night when there was a slight frost in this part of the county, but this did not interfere with the picking although, the next day some of the berries were a little soft. It is estimated that as a result of the berry picking industry nearly \$100,000 was distributed amongst the pickers.

Upon the advice of the officials at Salem Sheriff Campbell arrested a man by the name of H. A. Reed, who was working on the new logging rail road. It seems that Reed and two other men had embezzled too much and each were fined \$25.00. One of the other two men thought he would put it over on the officials, and drew a check for \$75.00 to pay the fines and it was upon this that the men were released. It was ascertained after the men had taken their departure that the men had no money in the bank. Reed then came to Tillamook county and he does not know what became of the other two men. He was given an opportunity to pay the \$25.00 fine and cost or be taken back to Salem. He paid the money and was released.

On Wednesday morning at the home of Councilman S. Moulton, in this city, Miss Violet Ethel Long daughter of Mr. and Mrs. B. A. Long, of Oklahoma, and Mr. Claude Beach Gorham, were united in marriage, the nuptial knot being tied by Rev. Harry Tucker, of the Christian Church. The happy couple left on the morning train for their home in Oklahoma, and notwithstanding the high cost of living rice was thrown profusely at the happy couple as they boarded the train, carrying with them the best wishes of a number of friends. Mr. and Mrs. Long have been visiting for about three weeks in this city and they left by auto for California, with the expectation of returning with the intention of making their home here.

Attorney Geo. P. Winslow, who is county chairman for the Roosevelt memorial fund, informs us that it is his intention to confine the subscription in Tillamook county to \$1.00, so as to give as many as possible an opportunity to participate in the effort to raise \$250 in this county. Considering that this is a national affair and every county in the United States is going to have the honor of raising sufficient funds for this meritorious cause, there should be no trouble in raising \$250. Roosevelt had a great many true and loyal admirers in Tillamook county, and we are sure they will exert themselves and help Mr. Winslow raise this money as quickly as possible. It is only \$1.00 he is asking, and to facilitate the collection we are publishing a form on the first page of this issue. Cut this out, fill in your name and amount and mail or take it to Attorney Winslow.

For Better Fire Protection.

A meeting of the business men and property owners is called for Monday evening at the City Hall at eight o'clock to take into consideration the matter of better fire protection for the city, especially the business section.

As this is a matter of vital importance to the property owners and business men it is hoped there will be a good attendance so that the matter can be thoroughly discussed and the best method arrived at to secure better fire protection.

Whenever there are three blasts of the whistle at the electric light plant this will indicate that the water will be shut off thirty minutes from that time.

"The House of Glass."

Clara Kimball Young and her own company will appear at the Gem Theatre Sunday, Oct. 19, in a picture-ization of "The House of Glass" adapted by Charles E. Whitaker from the dramatic sensation of the same name by Max Marcin, directed by Emile Chautard and distributed by Select Pictures Corporation.

As Margaret Case, Miss Young portrays brilliantly the role of an innocent girl whom circumstantial evidence convicts of complicity in a theft of jewelry; after eighteen months in prison she is paroled and disappears from New York. In the west she meets and marries a railroad man named Harvey Lake; his appointment as manager of a big Eastern road brings them to New York, where she is recognized by a detective. She tells her husband the whole story, and when the detective brings indisputable evidence of her former identity and refuses to be silenced, the situation looks very black. How the clouds are lifted and Margaret's continuously haunting fears removed furnish a dramatic story in which Clara Kimball Young adds to her full crown of laurels as a leading emotional actress.

Cheese On Up Grade.

Carl Haberlach returned from Portland late last week, where he had gone in the interest of the cheese market and also to hear Senator Johnson. When asked as to his success in the cheese market he made the following statement: "While in Portland I sold enough of the cheese on hand at Tillamook to put the market over the hump. Made several good sized sales at 30c. Tillamook. Also sold quite a little of the cheese in storage. We had at one time something over 5,500 boxes of cheese in storage, but today have reduced that to 3,517 boxes triplets and 274 Loughorns. Commencing today we are sending out carous and telegrams quoting the market up one cent, i. e. triplets at 31c. and Loughorns and Young Americas at 32c. Tillamook."

"Very few people were aware of the serious situation in the cheese market three and four weeks ago. Wisconsin primary markets dropped to 26 1/2 c. for twins and remained stationary for three weeks. This week they advanced one cent, so we feel that we are entitled to ask 31c. for triplets. We feel that the market should absorb stocks at these figures, anyway it will not hurt to try it out. Only yesterday we received letters from our San Diego broker reading as follows: "We have tried, and tried in vain, to do some cheese business, but have not succeeded. Our market is in a deplorable state, the Food Commission took over all the cold storage stock, and are letting it out to the owners just as their requirements are, 5 or 10 cases at a time, and consequently the handlers won't buy any at present, and we are hoping that this program will be changed before long when we hope to do some business."

"You will note from the above that our business was hurt severely in San Diego, in fact we have not sold one box to San Diego buyers since July 1st. When buyers are afraid that their stocks may be requisitioned at any time, they naturally are reluctant about taking on additional stocks. Hence the necessity of our storing our own cheese. This same proposition may happen again and for that reason we are hoping that the farmers will hold on to some of their money so they want need to sell on the open market if prices temporarily go against us, or if a glut comes later on."

"While in Portland the last two times I had the privilege of hearing both President Wilson and Senator Johnson speak on the League of Nations. Both spoke to crowded houses. At President Wilson's meeting only the building, while at the Johnson meeting those coming first got the seats. At the Johnson meeting the Auditorium was filled at 7 o'clock and it was estimated that five thousand people were at the doors at about 8 o'clock who were unable to gain admission on account of lack of room. Without entering into the merits of the proposition, which has been discussed pro and con by the papers for some time past I might say that Senator Johnson's views were much more enthusiastically received by the audience than were those of President Wilson. The audience simply acted as they used to when Theodore Roosevelt spoke. Senator Johnson laid much stress on the matter of this country having only one vote to six for Great Britain, claiming that the Senators in favor of an amendment did not wish to deprive Canada, New Zealand, India and other colonies of a vote, but on account of our having fifty percent more white people than the British Empire and sev-

eral times its wealth, we were entitled to as many votes. He stated that the Council membership outside of the five great nations would be elected by the assembly. Canada and the others would be eligible for membership on the Council and read a telegram signed by Wilson, Lloyd George and Clemenceau supporting this view. Senator Johnson also spoke on the matter of the Shantung transfer to Japan and took up in detail the whole League Covenant."

Cheese Makers Hold Meeting.

The Tillamook County Cheese Makers' Association held a meeting at the South Prairie cheese factory and in the absence of F. B. Culberston, who was in the east on account of the sickness and death of his father, Hugh Barber acted as president of the meeting.

The cheese scoring contest was held at the factory and the meeting at the hall.

F. W. Christensen and Dolph Tinnerstet gave some helpful advice to the cheesemakers in the discussion of several subjects.

The cheese makers wives served a fine supper, which all thoroughly enjoyed, and it was decided to hold the next meeting at Hebo on the 1st of December.

The cheese scoring contest for October, in which some of the cheese makers failed to make entries in time, resulted as follows:

NEW FLOUR AND FEED MILL UNDER CONSTRUCTION IN TILLAMOOK.

Novel and Interesting Process of Milling for Dairy Stock.

E. S. Bettcher recently completed his plans for the installation of an American Marvel Flour and Feed Mill. Construction will be well under way in a few days and the mill will be installed in the building back of Edmund's new grocery store and formerly occupied by A. K. Case, who conducted a garage business.

The machinery is the latest type of flour and feed milling equipment and one strong feature of the mill is the feed grinding machine which will manufacture a high grade feed for the dairymen. The building will first be remodelled and made ready for the equipment which is on its way.

In discussing the new plant Mr. Bettcher said: "We cordially invite our friends to inspect the construction of this mill. We are proud of it and are pleased and encouraged by the substantial evidence of the public desire to patronize a home industry. It shows the public appreciates it and it means greater prosperity for the community. We ask for the co-operation and patronage of our home people."

TILLAMOOK TO BECOME A RED CROSS CHAPTER.

Meeting to Be Held at City Hall Next Tuesday Evening.

On Tuesday next, October 21st, a meeting will be held at the City Hall in Tillamook, for the purpose of reorganizing the Red Cross in Tillamook County.

In almost every other part of the country the Red Cross is working upon the problems of reconstruction as they affect the returned soldiers and their families. There is great need for the work that the Red Cross can do; work that no other organization can do. Because of its nationwide organization it can gather information and render assistance which would be impossible for detached local organizations. But in order for it to continue its work efficiently the organization must be kept up in all parts of the country.

The Red Cross work in Tillamook has, heretofore, been carried on as a branch of the Portland Chapter. It is now proposed to organize Tillamook into a chapter, reporting directly to the Division Headquarters at Seattle, just as the Portland and other Chapters do. Other parts of Tillamook County will be organized into branches of the Tillamook Chapter.

It is hoped that this reorganization will put new life into the Red Cross in Tillamook County and the great work will go on here as it should. Tillamook has never lagged behind in any of the other big undertakings arising out of the war, and it is believed that if the work and plans of the Red Cross were thoroughly understood the work in Tillamook would be undertaken and carried on in the same thorough and efficient manner as it is being carried on elsewhere.

On the day of the meeting, Tuesday next, there will be present, to assist in the reorganization, Mr. D. W. Adams, from the Seattle Headquarters of the Red Cross, and Mrs. Joseph Gillingham and Mrs. F. T. Catin, of the Portland branch.

The meeting will be called together at eight o'clock. It is hoped that representatives from all parts of the county will be present, and especially that all living in Tillamook who can possibly attend will come out and assist in the reorganization.

High School Notes.

On Thursday a debating club was organized with the following officers: President, Audrey Earl; Vice-President, Harry Elliott; Sec. & Treas., Ramona Haltom; Sergeant-at-arms, Thomas Large.

Some good inter class debates are anticipated as well as debates with outside schools.

Friday morning Rev. Cross gave us a very interesting talk on "The Way to Succeed." Mrs. Cross favored us with an Irish song.

On Friday evening the Freshmen and Juniors had their party at—where?—the Fairview Grange. Ask any Senior or Sophomore if it wasn't a success.

Saturday morning everything was damp and gloomy, but that didn't stop us or our picnic. At an early hour eight full cars left the school building for Kilchis River. Fortunately mother nature came to our rescue the sun came out and dried things off a bit.

A hike to the upper swinging bridge and games were the chief amusements of the day. The lunch will long be remembered, especially by those who went fishing. The hilarity lasted until a late hour in the day when we disbanded for home.
