Dr. and Mrs. Boals have returned from Chicago, where the doctor had gone to have his hand attended to on account of an X-ray burn. The treatment did not prove successful, and he will take more treatment in Portland.

J. L. Lawson, of the Fruit Pacific, received over four tons of tobacco this week, the largest single shipment ever coming to Tillamook. Mr. Lawson now buys direct from the manufacturer and this is a big advantage to the retail merchants of the county as they can buy direct from Mr. Lawson and not through a jobbing houses f. o. b. Portland or some other city.

Quite a number of Tillamook dairymen have bought land near Montesano, Wash., and will remove there, the reason being that they have bought bottom land at one half the price what it could be bought for in this county. C. A. Swenson, Carl Swenson, Oscar Swenson, Harry Swenson, W. Goeres, Pete Heisel, C. E. Norberg, L. Anderson, L. Nielson and W. Berns are among those who have bought land there.

Carl Haberlach reports that the September checks will not be out until the 10th of the coming month, as the association has considerable cheese still in cold storage for ageing purposes, and wants to know how things will come out before making payments for cheese. With Eastern prices firm, it looks as though prices might advance slightly further soon, but there is danger of getting prices too high because storage stocks in the country are very high.

The annual convention of the Tillamook County Sunday School Association will occur in Tillamook on November 8th and 9th, opening at 2:30 in the afternoon. Handsaker, Chairman of the State Armenian work, will give a moving picture lecture on Armenia on Saturday evening. A large attendance is desired. Full program will be printed next week.

Sheriff Campbell went to Portland, where Peter Stroff was arrested on suspicion of being the person who robbed the Thompson store at Nehalem. Stroff was indicted by the grand jury, who was supposed to be the yeggman, and the sheriff succeeded in getting the man who was wanted, but when he arrived at Wheeler with the man Thompson and others admitted that he was not the right man. Sheriff Campbell said that Stroff had a good alibi, being in Wyoming at the time of the robbery, so there was nothing else to do but to turn the man loose.

In regard to the proposed road from Cape Mears light station to the Bayocean road, the State Highway Commission will make application to the government at its meeting next month, that the road be built. This is necessary before government funds can be obtained, and when this is done application for the necessary money will be made and the road, it is expected, will be built next year, the government calling for bids. It is expected that the county will call for bids also to complete the Bayocean road, which must be done to make the road to the light station of any use.

Go To Church Sunday Great Success.

The go to church rally at the Methodist church last Sunday was a great success in every respect. The largest attendance at Sunday School for some time, while a full house greeted the pastor at the sermon hour. Everyone is optimistic and the prospects for a year of growth and development were never better. Next Sunday morning the pastor will speak on the subject: "The Twentieth Century Christian." In the evening on the theme: "The Three Crosses." You will miss something worth while if you don't hear both these addresses. A cordial welcome awaits you.

High Schools to Debate.

R. U. Moore, of McMinnville, is directing the Oregon High School Debating League for the West Side district, comprising, Benton, Lincoln, Polk, Yamhill, Tillamook and Washington counties. The question for debate in this district is: "That the public school teachers of the United States should organize their members into unions."

Eligible for membership in this district are the high schools at Antley, Beaverton, Corvallis, Forest Grove, Gaston, Hillsboro, McMinnville, Monmouth, Newberg, Philomath, Sheridan, Tillamook, Bellfountain, Airlie, Alpine, Alesia, Ballston, Bay City, Carlton, Cloverdale, Dallas, Dayton, Dundee, Falls City, Kings Valley, Monroe, Nehalem, Newport, Oreno, Perrydale, Toledo, Tualatin, Willamina, Yamhill, Independence, Waldport and Bethel.

Two hundred schools in the state are eligible to membership. The trophy for the winner is the Laurean cup, put up by the U. of O. society of that name.

Jack Pickford in "Freckles"

The two charming young stars, Louise Huff and Jack Pickford, will be seen at the Gem Theatre Friday, Oct. 31 in Marion Fairfax's photodramatization of Gene Stratton Porter's celebrated novel "Freckles." The story is probably one of the most familiar in the English language. As a novel it had a great circulation and later was dramatized and played on the stage.

The story of "Freckles" has to do with the adventures of an orphan with a withered arm. He runs away from the orphanage and finally secures a position as watchman in the Lumberlot, a valuable timber swamp. How he meets the "Angel" saves his employer's life at the risk of his own, and later nearly loses his own life to save the "Angel," is presented in a most graphic and beautiful manner.

Sweet Picture Story.

Lila Lee's new play "Puppy Love," which will be shown at the Gem Theatre next Monday, is a delightfully sweet story of the development of which recalls the days of youth, the springtime of love of most of us. Miss Lee has a charming role which she portrays convincingly, and she is splendidly supported by Charles Murray the famous Irish comedian, and Harold Goodwin.

JERSEY CLUB MEETS.

Have Good Time at the Farm of Albert Johnson.

The Jersey Club held its regular monthly meeting at the farm of Albert Johnson, October 23. Several new members were entered. The Jersey Club continues to grow. One of those good old picnic dinners for which the Jersey ladies are noted was served. An inspection of Mr. Johnson's farm made and those present saw some of the finest Jerseys that any one could wish to see. Mr. Johnson's Jerseys won the first and second prizes at the County Fair for butterfat production in the Jersey breed.

Most of the afternoon was spent in the regular business routine. Discussion of the Pacific International Live Stock Show took up most of the time. Mr. Mills gave an instructive reading on the score points adopted by the American Jersey Cattle Club. Even of the Jersey breeders have entered a time display of cattle to be shown. The secretary was instructed to have playcards issued on which the names of the animal, the sire, the dam, and the name and address of the owner is to be printed. These are to be placed on the stall of each animal displayed. This is going to be one of the greatest dairy displays ever held on the coast and the Jersey cow is going to play an important part. Vive La France, the world's champion Jersey, owned by Piccard Brothers, of Oregon, is going to be exhibited. Fat cattle, horses, mules, sheep, goats and swine will be shown.

As there are several hundred dairymen in Tillamook County, breeding Jerseys everyone should try and attend this grand live stock show. Mr. Thomas Dempsey, of who, who judged the Jerseys at the Chicago National Dairy Show, will do the judging of the Jerseys at the Pacific International Show. Mr. Dempsey is one of the best Jersey judges of America, and it is, indeed, fortunate that the Pacific International was able to secure a man of his ability. There is to be a meeting of all live stock breeders in the county held at Dr. Reedy's Live Stock Exchange Barn, Nov. 10, all Jersey lovers must try and attend. The regular monthly meeting will be held at the farm of Morrison Mills, November 25.

More Jerseys Start on Official Test.

The club has Jerseys enough promised to obtain an official tester for the coming year whose entire time will be devoted to official testing. Leonard McCormick's Jersey herd is the high herd in the county butterfat production for the past month.

Billy Sunday Buys Jerseys.

Billy Sunday, whose activities in putting the country dry will be recalled by Jersey breeders and others (by some with regret), has lately secured for his ranch at Hood River, Oregon, two beautiful Jersey heifers. They were bred by J. K. Branch, Pawling, N. Y., from whose herd they were selected for shipment to Oregon. It may or may not please Jersey breeders at large to view this purchase by Billy Sunday as a working of the law of compensation—of one liquid replacing another. Colonel Perry in his temperance lecture to dairymen always promised that when whiskey went down milk would go up. There may have been "Method in Billy Sunday's madness to prepare for a dairy business when he had kicked the kick out of beer."

Circuit Court Adjourns.

The October term of the circuit court came to a close on Saturday, having taken exactly 22 working days to try and argue cases, and even then two condemnation suits were given a change of venue, and other cases held over. Judge Bagley had a busy time and little or no time was lost, the judge holding evening sessions on several occasions to expediate the business. The next term of the circuit court is in February.

L. D. Smith vs. Chas. Kunze et al. Order that the service and summons be made upon defendant M. W. Harrison by publication.

Charles Elliott vs. Fred Skomp. Verdict for the defendant. This was a case where plaintiff contracted to gather chittim bark on defendant's place and was given permission to store it in a barn, and the plaintiff accused defendant of setting off fire without a permit, which was the result of the barn burning and the bark being destroyed, for which he sued for \$229.00. The plaintiff failed to convince the jury that Skomp was responsible for the loss, but to make sure, the jury was taken to the Skomp place to see in which direction the fire went. Previous to doing so most of the jurymen were in favor a verdict for defendant, and on its return the first ballot was a verdict for defendant.

Herman H. Tubbsing vs. Edward M. Clark. Defendants restrained and

forbidden to enter or trespass in any way, on plaintiff's lands.

James Hiatt vs. Osa Hiatt. Divorce granted. Defendant given custody of two minor children, the plaintiff to pay \$20.00 per month for their support.

William A. Saling vs. First National Bank. Verdict for the plaintiff. This case is to be appealed to the supreme court.

Ciara Davis vs. Ernest Richardson. Case dismissed.

Vern Blanchard was charged with violating the fishing law and was fined \$100.

D. A. Bailey was excused on the grand jury and Robert Watt was drawn to fill the vacancy.

ARMISTICE DAY PROCLAIMED A STATE HOLIDAY.

November 11 to Mark Victory of American Arms.

Tuesday, November 11, the first anniversary of the signing of the armistice, has been declared a legal holiday in a proclamation issued by Governor Olcott.

On November 11, 1918, the order to "cease firing" marked the cessation of hostilities in the bloodiest and most far reaching struggle recounted in history, says the proclamation. "That the struggle ended victoriously for the arms of the entente allies was due in a mighty measure to the magnificent courage and patriotism of the men of the army and navy of the United States of America and to the unflinching and unflagging efforts of the American people in aiding and sustaining those fighting men, both on land and sea.

We may never hope amply to repay the debt we owe our service men for the maintenance of our liberties and of our national and domestic blessings.

But from time to time tokens of appreciation may be given which I am certain will be accepted by them as coming from the hearts of grateful people.

That we may more vividly keep before us the debt that we owe I believe that we should lay aside our accustomed tasks for the celebration of Armistice day on November 11, 1919.

Now, therefore, I, Ben W. Olcott, by virtue of the authority in me vested as governor of the State of Oregon, do hereby declare and set aside Tuesday, November 11, 1919, as a legal holiday, and urge the people of the State of Oregon fittingly to observe this day in a manner best suited to demonstrate our appreciation and gratitude for the services rendered by the men of our army and navy in the preservation of our civilization and of our liberties.

JUNIOR RED CROSS.

Will Be Organized Soon By School Districts.

County School Superintendent G. B. Lamb, who is chairman of the Junior Red Cross movement in Tillamook County and Fred C. Baker, chairman of the Tillamook Chapter and manager of the membership Roll Call, came to an understanding on Tuesday after being in communication with Mrs. Blanche R. Blumauer, of Portland, who is State Chairman of the Junior Red Cross. It was mutually agreed that the Membership Roll Call next week be confined to adults, which is \$1.00 for membership, while membership fee is 25c. for the Junior Red Cross. The teachers of the county, however, as well as the school children are asked to help in the adult membership Roll Call, and the officers of the Tillamook Chapter will help in the Junior Red Cross membership drive. Mrs. Blumauer is sending out the literature and in a few days this will be in possession of the schools, and she will attend the Tillamook County Teacher's Institute which will be held early in December.

\$47,084.89 Delinquent in Taxes.

The second half of the 1918 tax roll was collected, the last payment became due the 5th of October, and there is delinquent on the tax roll \$47,084.89, which is altogether too much for this county, especially when there is plenty of money in the bank, and circulation. This is an increase of \$5,000 over the previous year. Whether this is due to the fact that the people voted against printing the delinquent tax we do not know, but we know that there are persons who fail to pay their taxes until they are forced to, and by not publishing the delinquent tax list those who do pay their taxes are deprived of knowing who are delinquent in their taxes unless they go to the court house to do so. It was a bad mistake the people made when they voted against publishing the delinquent tax list, brought about by a whole lot of misstatements published by the unreliable Portland Journal. This is the present condition of the

1918 tax rolls of Tillamook County: Total roll \$485,248.89 Collected 438,200.00 Delinquent Oct. 5, 1919. \$47,048.89 The figures for 1917 were: Total roll \$458,300.77 Collected Oct. 5, 1918 .. 416,300.00 Delinquent Oct. 5, 1918. \$42,000.77

Local Flour Mill Will Soon Be Ready To Operate.

Every thing is being made ready for the installation of the machinery upon its arrival, which should be within the next two weeks. Grain unloaders of the most modern kind is being installed this week and will be ready to handle grain immediately upon completion of the mill.

The feed grinding equipment will include mills for close fine grinding, Burr Mills for making meals, and a steam roll for steam rolling Barley, Oats, etc. This department should interest the dairymen as he will be able to buy his grain before it is ground and have it ground to suit his requirements, knowing when he feeds it that it contains only clean grain and no foreign matter.

The Flavo Flour which will be manufactured here is nationally advertised and is manufactured in over eighteen hundred mills in this country and in every foreign land. There is not a civilized nation in the world today without these mills, which have swept the world with the better flavored, more healthy flour.

Mr. Bettcher has his sacks in readiness and believes they will appeal to the housewife as they are of better quality than the average sacks, and no doubt will be in demand for many uses after serving their purposes to the mill in bringing into the Tillamook homes "Flavo Flour."

New Griffith Film Reveals Big Crisis

D. W. Griffith has switched from royalty to the "old folks at home," from uniform and bursting rockets to drab denim and the old oil lamp, in his second Arctart picture, "A Romance of Happy Valley" which will be shown at the Gem Theatre next Tuesday, Nov. 4.

The man who was sought by the British and French governments to produce the dramatic epic of the war "Hearts of the World" has turned to the land where the toll gates hang in the highways and the keepers browse in the sun for the story and the scenes of his new production. "Hearts of the World" and "The Great Love" portrayed life in a crisis. "A Romance of Happy Valley," reveals a crisis in life.

With his repeated triumphs in great productions, many have associated with Mr. Griffith almost exclusively with tremendous spectacles, with thunderous dramas, and the sweep and rage of battle. In "A Romance of Happy Valley," his genius is devoted to the chronicling of simple American life. With such themes, he won his earliest fame by presenting them with unrivalled charm and superb accuracy.
