Have a heart, and become a member of the Red Cross.

It must be that a large number of persons are not aware that it takes only 1c. for a drop letter, for we are receiving drop letters with 2c. stamps on them.

The Washington County grand jury returned 95 indictments last week and if all the cases go to trial and the Lord have pity on the poor tax payers. It is to be hoped that Judge Bagley does not contemplate doing a strike stunt.

Have you joined the Red Cross? It costs only one dollar to belong to that organization that made good during the war. Ask our own boys who saw service in France what they think of the Red Cross and they tell you it deserves your support.

Governor Olcott is having a great time hanging onto two public offices. Attorney General Brown has rendered an opinion that the governor is entitled to fill the unexpired term of the late governor, but Olcott will not let go of the secretary of state until the supreme court decides the question.

It looks as though Senator McNary is a Wilson-Republican by the way he is voting with the Democratic party in the senate. Our George was known at one time as a Roosevelt-Democrat, so there is very little difference between the two Oregon Senators, one hobnobbing with the Republican party and the other hobnobbing with the Democratic party.

The elections last Tuesday in different states prove conclusively that the Republican party will sweep the country next year and bust up to some extent the solid democratic vote in the south. It is about time that the spend thrift democratic party was retired, for that party would bankrupt the United States if it was kept in power a few more years spending money like drunken sailors.

A Portland doctor sends us a long scolding letter because a trivial typographical error appeared in his advt. When an editor or printer makes a mistake they apologize in a gentlemanly manner and correct the mistake. When a doctor makes a mistake it is put into a coffin and nailed up as soon as possible, buried in a grave and covered up in a cemetery where nobody can find it. That's the difference in different kinds of mistakes.

County Surveyor Coates was in Portland last week conferring with the State Highway Commission and the federal authorities. As all federal aid for roads have been appropriated, the commission was not inclined to recommend federal aid for the Bay-ocean road, but as soon as it is assured that this road will be completed, the government will build the road to Cape Meares light station, money being available for that purpose.

Over at Dallas a man shot two boys who were playing halloween pranks with a gang of boys. The boys and the man are all deserving of severe censure. It is exceedingly annoying that boys will persist in wilful destruction of property, but that does not justify a man taking the law into his own hands and shooting them, although it will have a wholesome effect on other boys who have an idea that they can destroy property under the plea that they are only having fun.

A large number of people who were friendly to labor unions are changing their opinions, for they see that most of the unions are now controlled by the radical element. The miners' strike was ill advised, yet it went to show that the miners' union cared little whether people suffered this winter for want of fuel or country was paralyzed. Sooner the unions weed out the anarchists and revolutionists from their number the better it will be for them.

Armistice day is next Tuesday and it seems that it needs somebody with the initiative so that day can be fittingly observed. Governor Olcott has proclaimed it a legal holiday, and it looks to us, with other cities making preparations, Tillamook City should not lag behind and do nothing to celebrate the national as well as this great world wide event. Let's all get busy right away and do something. Hundreds of persons will be in the city from the country that day, the business houses will be closed and there should be something doing and the band playing.

Investigations going on in different parts of the country are revealing some of the expensive blunders of the Democratic administration in conducting the war and the lavish manner in which public money was misused and wasted, and it is beginning to dawn upon the people that in awarding contracts a large number of men who had the "pull" have robbed the country of vast sums of money. In one investigation it was shown that at one powder plant it cost the government \$8.50 a pound for powder. In another, men were employed as plumbers who knew nothing of that business and were paid \$8.60. They put in their time gambling, some of them making as high as \$100 a day crap shooting. There is every reason to believe that some of the "higher ups" and the "go betweens" figured in the cost plus system. The Democratic administration is said to have thrown away money like a lot of drunken sailors, and every investigation, even that of President Wilson's trip to France, when he took with him 1600 persons, a swell band, special chefs, etc., goes to prove the assertion that the administration did throw away the people's money like a lot of drunken sailors.

**THE PRICE OF CHEESE**

Henry Krumrey, President and General Manager of the Wisconsin Cheese Production Federation Says it is Controlled By Packers.

Plymouth, Wis.—Henry Krumrey, president and general manager of the Wisconsin Cheese Producers' Federation, declares the federal trade commission did not exaggerate when it reported that the "big five" packing corporations control 75 per cent of the Wisconsin cheese output. "I think it is true," said Mr. Krumrey, commenting on the report of the federal trade commission. "Some good judges even put it as high as 80 per cent, and when one takes into consideration the fact that Wisconsin now produces more than 70 per cent of all the cheese produced in the United States it is plainly apparent how closely they control the American cheese market.

"The packers, through their agents and subsidiaries, receive cheese and control cheese warehouses at more than 30 places in Wisconsin. Not one of these warehouses is operated under the name of any packer. In soliciting cheese from factories the packers do not compete with each other. A packer or his agent will solicit cheese only from factories that are shipping to independent dealers, other than packers, and to the Wisconsin Cheese Producers' Federation. "The packers, also through their agents, dominate the Plymouth cheese board, the leading one in the state. Very little cheese is offered on the board by producers. The bulk of it is offered by the packers. This board fixes the price that producers in all parts of the state must accept for their cheese. During the season of the lightest production, when they want to accumulate cheese for storage, they load up the board with cheese in order to keep the price down. Then when they are unloading what they have stored, which is usually during the winter when little cheese is made, they boost the board price.

"Several years ago for a number of weeks during the winter one of the packers' men bought the bulk of the cheese offered on the Plymouth board during all that time at prices higher than independent dealers were able to realize.

"To show you how they manipulate the board prices it is only necessary to state what happened on the Plymouth board on July 28 last. A certain packer's agent offered 200 twins on the board, 50 twins were offered by some other party, which constituted all of the twins offered on the board that day. An independent dealer offered 31 1/2 cents for the 200 twins. The packer's agent passed that bid, and when asked for what reason he stated, 'for reasons best known to myself.' Someone suggested that the dealer offer him 31c. The agent passed the bid. Then this dealer offered 30 1/2 cents, which bid the packer's agent accepted, and the cheese was sold at that price, which was the price that producers had to accept for twins in all parts of the state during that week.

"The price that the majority of any style of cheese on the board sells for becomes the ruling price on which all contract cheese through the state of Wisconsin is paid for during that week."—Milwaukee Journal.

**Vote of Condolence.**

We your committee on resolutions of condolence, beg leave to submit the following:

Whereas, The Grand Ruler has sounded the "Call to Arms" in that vast army beyond, which was answered by C. E. Reynolds, Oct. 18;

Be it resolved that, Corinth Post has lost a Commander and faithful worker, the country a loyal and patriotic citizen, and the wife, a life companion;

Be it further resolved that the sympathy of Corinth Post W. R. C., be extended to our dear sister, Mrs. C. E. Reynolds, a copy of these resolutions be sent to the bereaved wife, and a copy to be printed in the county papers, and a copy placed on the minutes of our order.

"Good bye" My Comrades, one by one, your faces disappear: One by one you step aside; we bear you to the rear.

We lay upon your coffined forms the flag you love so well, And sadly march with muffled drum and diege of funeral knell.

We stand around your open grave, with saddened hearts and mite, And wait a soldier's last "Farwell" a requiem salute.

Respectfully submitted in F. C. H. L. Minnie Johnson, Alice C. Wolfe and Viola Noyes, committee.

**"The Silver King" is Praised by Expert.**

When "The Silver King", the new Paramount-Artcraft special picture starring William Faversham, the celebrated actor, was displayed for the first time after it was filmed, in the projection room of the Famous Players-Lasky Corporation at New York, Jesse L. Lasky a famous producer, indorsed it as being one of the best pictures ever exhibited. Mr. Faversham was present, together with his wife, whose stage name is Julia Opp, and Maxine Elliott, the famous actress manager.

"It is a remarkable picture," said Mr. Lasky, "for in no particular has it been overdone. Mr. Mantle, the scenarist, and Mr. Irving the director, have done wonders with the story, a masterpiece in itself, but all too easy for less competent hands to ruin in transferring it to the screen. Mr. Faversham and Miss Castleton are superb and I failed to find a flaw in the work of any supporting player. As a Paramount-Artcraft special "The Silver King" is certain to raise still higher the standard of this series which we determined would be the best that money and development of photodramatic art could provide."

"The Silver King" will be shown at the Gem Theatre next Tuesday, November 11, and it is certain according to the managers of the Gem, that the S. R. O. sign will be in evidence.

**End Bennett's New Photoplay Vibrant With Action.**

Realism prevails in the production of "Partners-Three," the last Thos. H. Ince photoplay, featuring End Bennett, which comes to the Gem Theatre next Monday.

Much of the action of the story takes place on the great American desert, and to secure the proper setting Mr. Ince sent his director, Ford Niblo and the entire company out on the desert for a week to shoot the locations. The players camped in tents out on the sand, amid cactus and sage brush. Large cans of water were taken out in the commissary automobile, but before the scenes were finished it was necessary to send a machine back for a new supply. Director Niblo succeeded in getting some wonderful desert scenes.

**Citation.**

In the County Court of the State of Oregon, for the County of Tillamook. In the matter of the estate of Nicholas Job, commonly known as Nick Job, deceased.

To the unknown heirs of Nicholas Job, deceased.

In the name of the State of Oregon, you are hereby cited and required to appear in the County Court of the State of Oregon, for the County of Tillamook, at the court room thereof, at Tillamook, in the county of Tillamook, on Thursday, the 4th day of December, 1919, at 10 o'clock, in the forenoon of that day, then and there to show cause, if any exists, why an order of sale should not be made as in the petition prayed for after ten days from and after said 4th day of December, 1919, for that certain real estate described as Lots 1 and 2, of Block 46 of Thayer's Fifth Addition to the City of Tillamook in the County of Tillamook and State of Oregon, and that said citation be served on you by publication in the Tillamook Headlight, a weekly newspaper published in said county and of general circulation therein, for not less than four successive weeks and for five insertions, prior to said date. First publication November 6, 1919. Last publication December 4, 1919. The sale to be made for claims against the estate.

Witness, the Hon. A. M. Hare, Judge of the County Court of the State of Oregon for the County of Tillamook, with the seal of said court affixed, this 4th day of November, A. D. 1919.

Homer Mason, Clerk.  
 By Vida A. Millis, Deputy.
