Evening worship, 7:30 p.m.
Subject "Is Conscience a safe guard for the Soul? No. Why Not?" Music by the choir. You are more than welcome to share in all the services of the church.

Allan A. McRea, Minister.

Christian Church.
Our church services last Sunday were well attended, and we extend a cordial invitation to the public to worship with us. If you are not in the habit of going to church, come and form a better habit.

Our bible school is averaging better than 150 and we hope to raise it to 200 with "you all" attending. Our bible school offering along to the Armenian Relief was better than \$500.00 and there are others who have indicated that they want to give.

Harry E. Tucker, Minister.

The Church of Cordial Welcome.
(Methodist Episcopal)
An increasing attendance at both Sunday School and church witnesses to the growing interest in the Methodist church of Tillamook. Ninety-two present at Sunday School last Sunday, help make it 100 next Sunday. A class for everyone. Special children's service in the morning. Theme: "Jesus and Childhood." Reception of members. Baptismal service. Five new members received last Sunday, more coming next Sunday. Largest evening congregation we have yet seen in Tillamook greeted the pastor last Sunday night. Theme for next Sunday evening: "The Law of the Harvest."

High School Notes.

Thursday evening the first football game of the season was held at the fair grounds. The Senior-Sophomore classes beat the Junior-Frosh. The final score was 19-0. Those on the Senior-Sophomore team were: Clarence Anderson, Art Harris, Geo. Lienkaemper, Ogdon Moulton, Walter Heisel, Clarence Gabriely, Rodney Farley, Claire Small, Ernest Ford, Harry Elliott and Emmett Gray. Gerald Clark and Ted Lilsberg were subs. The Junior-Frosh team had Thomas Large, Leland Hoy, Jim Sharp, Bill Olson, Jim Tone, Pete Gabriel, Mill Lucas, Jim Campbell, H. Baxler and Bob Purvis.
The city team challenged the high school team for a game of football Thanksgiving afternoon. Of course we accepted and everybody is expected to turn out to this game. There is going to be a football rally Thanksgiving eve. Every student will sell as many tickets as possible. They will be thirty-five cents. All persons wanting them can apply to any student. The game is going to be one of the liveliest ever played here. Both teams have fine players. The town team will undoubtedly outweigh the H. S. team but we will make up for that with pep.
The Junior-Frosh classes will give a party to the Senior-Sophomore classes in honor of the winning team. It is expected to be of a more formal nature than the preceding High School parties.
Last Wednesday the debate club met and decided to call their club the Xeta Gethian Debate Club. Monday noon the Xetas gave a pep show in order to secure new members. A big initiation party is planned.
Mae Pesterfield said "The play "Silence is Golden" given by the debate club was very interesting as well as entertaining." If school work had to be done under such a lot of noise, when everything is quiet for a while we would realize that silence is indeed golden.
It has been suggested that each class entertain the student body with a farce or some other appropriate program, the Senior making their appearance first.

Pupils' Great Need.

Don't we all have that desire to become the pride of mother and father? Of course, but how are we to become such without proper physical as well as mental training?
A gymnasium is the most flagrant need of every pupil of the Tillamook

public schools. The exercise taken between desks, and such immovable objects, makes us as enthusiastic as the student who said, "We want a gymnasium so we won't have to open the windows and throw out our chests."

Tillamook is growing larger and a great many people from other cities are making their homes here. The physical welfare of their children should be looked after as closely as their intellectual needs, for mental training cannot prove entirely successful without the aid of health.

Those who made an average of ninety or over in all subjects this month are: Elta Sheets, Mary Nelson, Loleta Johnson, Ramona Halton, Ruth Gould, George Mae Carlin, Glen Conover, Letha Carr, Mildred Finney, Grace Jolliff and Theodore Powers.

Wednesday noon the Student body met and decided to give the football rally Wednesday the 26th at 7:30.

A committee was appointed to advertise the football game in the sixth, seventh and eighth grades. They are Bill Anderson, Clayton Hadley, Audry Earl, Alta Simmons, Saretta DeLillies and James Sharp.

Clayton Hadley was elected High school editor and he appointed Martha Crank as assistant. There was much discussion over whether we should have an annual this year or not.

Call For City Warrants.

All outstanding Tillamook City road warrants will be paid upon presentation. Interest ceases this 20th day of November, 1919.

B. C. Lamb, City Treasurer.

Seeing Rome From the Air.

American tourists may hereafter visit Roman ruins—the Coliseum, Forum, Pantheon, Caracalla baths and the basilica of Constantine, St. Peter's and other Rome gems, not in antiquated horsedrawn carriages, but in airships. The Italian navy has established a commercial dirigible service for visiting Rome and its environs from the air. The venture has met with complete success, for daily the aircraft are filled to capacity.

The correspondent of the Associated Press viewed Rome from the Italian navy's dirigible M-1. On board were diplomatic representatives of all the allied countries to the number of 34, the capacity of the craft. The United States representative was Colonel Buckley, military attache there.

Those in the party of long residence stated that looking at Rome from the dirigible brought out features of it which went unperceived to the observer on the ground.

Get Necessary Knowledge.

Most of life's great mistakes are due to insufficient knowledge. In the early days of the great war battles raged on the eastern front. There are the great lakes and marshes. Victory as a rule came to the man who knew the ground best. One of the great generals made it his program to lure his opponents into the lake region and then deliver swift blows in the time of his foes' bewilderment. The difference between grades of mental power is not so great, but it's the training and the knowledge and application that makes the great differences between men. When a man's ready to do his own rough work he isn't likely to have things "put across on him." The tenderfoot has always been a joke among his fellows. He is common hat. Let him show a little aggressiveness and the regulars will respect him more. Blunders he will make, but he will redeem them and himself by his attempts.

Twin Brides.

The strangest wedding ceremony I ever witnessed was a double wedding of twin sisters. It was not only out of the ordinary but a little uncanny to see the father walking up the aisle of the church with two brides, one on each arm, both dressed exactly alike in white satin trailing robes. They were so much alike that in the excitement of the moment the future husbands could not tell them apart and claimed the wrong brides at the foot of the altar where they stood with the father. The two young women allowed their future husbands to be fooled until the preacher asked the fatal question, and then the mistake was made known, much to the embarrassment of the men.—Chicago Tribune.
