Make your home cheerful. Edison and Columbia phonographs will do this, as well as afford plenty of amusement. Call at the Lamar Drug Store, agents for these talking machines.

As the State Highway Commission did not meet last week, the County court was unable to meet with that body as it had intended doing, for the purpose of having the contracts in this county let as soon as possible.

A fire was discovered in Webster Holmes' office on Friday morning caused by a thimble going through the petition setting fire to the wood work. The fire was subdued by the chemicals.

Edison and Columbia phonographs are the best in the market, and as you want the best musical instrument for the least money for a Xmas present, go to Lamar's Drug Store and look these splendid instruments over.

As a result of the freeze-up, the hot water pipes in Will Hosley's cook stove exploded, tearing the stove to pieces. Some of the pieces imbedded itself in the ceiling. It was fortunate that no one was injured.

M. D. Ackley, R. B. Miller and G. A. Martin, partners doing business under the firm name and style of Tillamook Garage vs. J. K. Elder is a suit filed in the circuit to recover \$121.10 for automobile supplies furnished the defendant.

We are sorry to announce the death of Dr. Ford, district superintendent of the M. E. Church, which came suddenly at Oregon City on Sunday. The reverend gentleman was recently in Tillamook, where he has many friends among the Methodists.

L. B. Zeimer, of the Dairy and Food Commissioners Office, Portland, will be in Tillamook, December 22nd, and December 23rd, inclusive, to give examination for State Testers License. Anyone wishing to take this examination may make application through County Agent R. C. Jones.

New express packing rules which went into effect on December 10 will permit the use of paper wrapping for packages over 25 pounds, nor ordinary paper boxes, wrapped or unwrapped, when the weight of the package is over that limit. For shipments over 25 pounds, wooden containers, or containers of fireboard, pulpboard or corrugated strawboard material are required.

Owing to the snow storm Fairview Grange was unable to hold its annual meeting last week, which will be held next Tuesday. All members are requested to be present as officers will be elected for the coming year.

Teachers taking the examination, are Veronica Allen, Vera E. Davidson, Lila M. Laidig, Ferroll E. Swallow, Etna L. Daniel, Marion Crocker, J. D. Moffett, Myrtle I. Moore, Edith L. Myers, Irma S. Embum, Bulah Thayer and M. E. Johnson.

Checks for the October milk have been given out this week, prices around Tillamook ranging from 76c. to 80c. for butter fat. At the Clover-Leaf Creamery the first 15 days milk sheet was lost, so an estimate was made and patrons were paid \$1.44 per lb., on balance 16 days butter fat. Wisconsin prices declined 1 1/2c. this week, otherwise there is nothing new to report. The large cold storage holdings and nearness of new season of production do not permit of any advance now.

A county convention of the Odd-fellows was held at Bay City on Saturday evening when 80 members were present from different parts of the county. The officers elected were Sam Bodie, president; E. M. Thurlow, vice-president; C. O. Dixon, secretary treasurer. One of the pleasing features of the convention was a banquet in the evening served by the members of the Bay City lodge. The next meeting will be held in June of next year.

Miss Nelly Gaylord and Charles Lamb have been appointed by the student council of the University of Oregon to represent the Greater Oregon student committee in handling the local end of a \$30,000 campaign. The students are starting to complete the unfinished Women's Building on the University campus, and will reach here, the latter part of next week to take charge of the work. The state has been divided for the purpose of the campaign into seven districts by the students of the university, who have taken entire charge of raising the last \$30,000 needed to finish the \$200,000 building. The district included this county is under the direction of Miss Dorothy Wootton, of Astoria.

The Silver Spruce Lumber Co. and Logging Co. are financially embarrassed and have been closed down. Quite a number of business men have been "stung". An effort is being made on the part of the creditors to take hold of the enterprise to save it from going into bankruptcy, it being thought that by proper management the concern can be pulled out of the hole. W. G. Dwight has this matter in hand and was in Portland where he saw the creditors who live in that city. Whether the high cost of living had anything to do with the company getting into a hole we do not know, but it is stated that J. K. Elder is living in a \$14,000 home in Portland, has a number of servants and drives a \$3,000 automobile.

Last Friday night a party of married folks took a sleigh ride to the Yellow Fir mill with the four horse sleigh of Mr. Uhlman's, returning at 3:30 in the morning. They surprised Connie Dye and family and while there enjoyed a fine lunch and music. The ice on the pond was thick enough so that part of the party danced on the ice. This was something very unusual for Tillamook. From the number of stars seen falling that night, some thought it must have been the 17th of December. Those in the party were Mr. and Mrs. Will Hill, Mr. and Mrs. E. Bales, Mr. and Mrs. J. E. Reedy, Mr. and Mrs. W. Lewis, Mr. and Mrs. D. Kuratli, Mr. and Mrs. Leo Morrison, Mr. and Mrs. R. C. Jones, Mr. and Mrs. C. Haberlach, Mr. L. Partridge and Miss Ruth Partridge. A very pleasant time was enjoyed by all.

Call Tillamook Transfer Co., for wood, coal, drayage, Liberty Temple. "We Deliver the Goods."

The Budget Meeting.

Last Monday was the day set to discuss the budget of expenses for Tillamook County for next year, when a comparatively few persons were present, made up largely of dairymen who were interested in the purchase of a fair grounds and the building of a stock pavilion.

Attorney Mannix took up the matter of building a memorial hall in Tillamook in memory of our home boys who joined the army and navy, and drew attention to the law passed by the last state legislature whereby the county court could appropriate \$5000 for that purpose. He moved that the item of \$4,500 to cruise the timber burned over last year be struck out and that the court strike out \$500 from other items. This was carried, although, when the motion was put but few persons seemed inclined to vote.

The question of doubling the item for prizes at the county fair was suggested, but it seemed that the county court was under the impression that \$1000 was all that they could appropriate, but, as there appeared to be a difference of opinion on this point, the court promised to look into the matter, and if possible would allow a little more money.

The item in the budget that caused most interest was that of \$5,000 for the purchase of a fair grounds. Morrison Mills and Chas. Kunze were first to raise the question about improvements and they expressed the sentiment that they wanted a stock pavilion erected and would like to see more money provided in the budget for improvements on the new fair grounds. County Judge Hare explained that owing to the 6 per cent limit of increasing the taxes of the county caused some close figuring. He stated that the court had estimated that the state tax would amount to \$64,000, but the court was now in possession of the actual amount, which was \$71,000 which would necessitate cutting the budget figures \$7,000 to meet this additional money. After a number of suggestions had been made it was decided that the court appoint a committee of five from the breeders associations to work out a plan and submit it to the court for the improvement of the new fair grounds.

A motion having been made that the other items in the budget be approved, which was carried, brought the meeting to a close. The County Court appointed the following gentlemen on the committee: Chas. Kunze, C. I. Clough, Morrison Mills, L. M. Kraner and Roy Jones.

Tillamook Representatives at O. A. C.

Oregon Agricultural College, Corvallis, Dec. 18—Tillamook is represented by six and Bay City by three of the 2906 students now registered at the college. This is a new mark in total enrollment—an increase of 86 percent over the figures for the corresponding period in 1916-17, the last normal school year. Despite the fact that class, laboratory and office room has been at such a premium that every available space in basement and garret has been utilized, a high standard of efficiency has been maintained.

Eva M. Wheeler is a senior in home economics and a member of the Gamma Phi Beta sorority, of which she is manager. She is also a member of the Madrilal Club, the musical organization for young women. Others registered from Tillamook are, Gertrude Linekoemper, junior in home economics and member of Delta Zeta sorority; Bernice L. Nelson, sophomore in home economics and member of Delta Zeta; Don L. Gilbert, sophomore in pharmacy; Hazel E. Lamar, freshmen in commerce, and Herbert Olson, freshman in agriculture.

Robert Watt, senior in agriculture, holds one of the most important student positions—student body vice president. He is also Lieutenant Colonel in the R. O. T. C., and a member of the Gamma Tau Beta fraternity and Alpha Zeta, honorary agricultural fraternity. Mr. Watt is also a member of the Forum, the junior senior honorary society. He is a member of the board of control. He was elected editor of the Oregon Countryman but resigned.

Orval Bodie is another Bay City man prominent in the life on the campus. He is a senior in commerce and a member of the Omega Upsilon fraternity, of which he is manager. He is one of the captains in the R. O. T. C., and also is manager of the Razzle Dazzle Symphony Orchestra, prominent in the musical circles on the campus. He is a member of the student cooperative association of which he is secretary.

Jesse H. Warren, also of Bay City, is a freshman in home economics. While war conditions brought about an increased interest in agriculture and caused an unprecedented influx of students in the school of agriculture—total registration 725—engineering in its various branches

leads in popularity at the college. Students studying civil, electrical, mechanical, mining, and highway engineering are represented by 810. Forestry and logging engineering are represented by 77 and industrial arts by 25 students. Farm mechanics in the school of agriculture which has had an abnormal growth, owes its present popularity to heavy purchase of tractors and other power machinery in the last two years by farmers of the northwest.

Pure Bred Cattle in Tillamook.

"Tillamook has more pure bred cattle than any other county of its size in the United States, according to R. C. Jones, county agriculturist," said S. Fine, instructor in dairy husbandry, at the Oregon Agricultural College, in an interview on the value of official testing in Tillamook County.

"The value of the animal depends upon the production as indicated by the record. Official testing determines the size of a cow's record and so places our actual valuation on the animal in proportion to her real producing value.

"At the Pacific International Livestock show in Portland, J. Rupp had the grand champion cow. He sold her at auction for \$2200. If she had had a record on which to base her value she would have sold for at least twice that much.

"A cow must make a certain record or above it in order to be classed as register of merit and advanced register cow. Now there are but few record cows in Tillamook county. Six herds of Jerseys and Holsteins are now on test—those of R. C. Jones, Bert Folks, Joe Donaldson, William Robitsch, Mark Bays and McCormack and Son. Several others have designated their willingness for tests.

"A dairymen's two main sources of income are from the sale of milk and the sale of livestock. Tillamook has only one source of gain—the sale of milk. Income from the sale of livestock has been neglected.

"There are possibilities for the farmers of Tillamook County," asserted Mr. Fine. "Oregon Jerseys have the only living son of St. Maves, probably the greatest living bull ever bred, but no use is being made of him. The Holsteins and Guernseys there are also comparatively as great animals.

"I predict that within a year 25 herds will be on test in Tillamook county if people take hold as they are doing now. Many persons do not realize the advantage of testing, but those who are doing so realize its importance to the fullest extent."

School Meeting and Election to Vote Bonds.

To-morrow (Friday) there will be a school meeting of District No. 9 at two o'clock, when the people of the district are asked to authorize the school board to purchase what is known as the Hays tract, consisting of five acres of land for \$10,000.

The school district election is for the purpose of voting upon the question: "Shall the District School Board of Dist. No. 9, of Tillamook County, Oregon, contract a bonded indebtedness of \$17,000 for the purpose of providing funds with which to erect and furnish a gymnasium? Said building to be erected on the site near the present High School building of said district.

This election is by ballot and the time set for voting is from two to seven o'clock at the high school building.

Only persons who are taxpayers, and whose names appear on the last tax roll are allowed to vote, this being liable or subject to pay a tax, is as follows:

Any citizen of this state, male or female, who is twenty-one years of age and has resided in the district thirty days immediately preceding the meeting or election and has property in the district, as shown by the last county assessment, and not assessed by the sheriff, on which he or she is liable or subject to pay a tax, shall be entitled to vote at any school meeting or election in said district; provided, that the property qualifications imposed by this section shall not apply in the election of school directors and school clerks; provided further, that any person shall be deemed to have complied with the property qualification imposed by this section who presents to the directors or judges of election satisfactory evidence that he or she has stock, shares, or ownership in any corporation, firm, or copartnership which has property in the district, as shown by the last county assessment, and not assessed by the sheriff, on which such corporation, firm, or copartnership pays a tax, even though his or her individual name does not appear upon the tax roll."

SNOW STORM IN TILLAMOOK.

County Experiences Zero Weather—The Coldest Snap in Many Years.

Tillamook County experienced one of the coldest snaps last week in many years after a snow storm had covered the county with a thick blanket of snow, the depth of which was eight inches in some parts and covered fences in other parts, where it had drifted. This was bad enough for Tillamook county, which put most everything out of joint for the time being, closing down logging camps and saw mills and putting a damper on all lines of business. That was the situation when we went to press last week, with a cold east wind blowing that made weather conditions exceedingly uncomfortable, for this section of the country is not prepared for weather of that description.

Late Thursday night weather conditions became more severe, with the thermometer hovering around zero point and before morning it had gone below zero. How far below that point it was hard to determine, for no two thermometers agreed. It was generally thought the weather was three degrees below zero Friday morning, while others say it was ten below and still others who contend that it lacked three degrees of reaching zero. However, most every body who was out early Friday morning knew that something was happening when they found their ears tingling with the cold and on the point of freezing. The weather remained exceedingly cold all day Friday, and that night there was another cold zero snap, the different thermometers registering all the way from ten below to a few degrees above.

As a result of the cold snap the rivers and sloughs froze over and there was a coating of ice on about half of Tillamook bay.

Cheesemakers Attention.

The old custom of giving examinations for testers license whenever anyone wished to take it has been changed so that these examinations can only be given at stated periods. The law as passed by the legislature requires applicants to take these examinations at the Agricultural College at Corvallis but it has been the custom to authorize the County Agent to give these various examinations in the various counties.

It has been decided from now on that no examination shall be given except by the Dairy Food Commissioner and by the Dairy Department at Corvallis. L. B. Ziemer, Deputy State Dairy and Food Commissioner, will be in this county Monday and Tuesday, December 22nd and 23rd. Any cheese makers who have not secured their testers license and all helpers who expect to need a license within the next year should report at the County Agent's office or at the Tillamook cheese factory on one of these two dates for examination unless they wish to make a trip to Portland or Corvallis to take the examination at a later date.

The law requires that every person that does the testing as a basis on which to pay for milk is required to have a license. If he does not have a license he lays himself liable to prosecution. Mr. Ziemer is coming here for the accommodation of those who must take this examination. It is up to you to take advantage of this opportunity. Remember the time and the place.

Roy C. Jones, County Agent.

Emmy Wehlen Coming in a Novel Comedy.

The feature of the program at the Gem Theatre, next Saturday night will be the captivating Emmy Wehlen in a brand new type of screen comedy drama called "A Favor to a Friend."

The plot of the play by Luther A. Reed, is equally as fascinating as the dainty star herself and in a series of rich and colorful settings depicts the adventures of a demure little lady of the West who visits New York in order to secure a fortune which has been left her by her father.

The story is full of thrills and has many bright and clever twists, which show Miss Wehlen's numerous talents off admirably.

Famous Resort of Criminals Pictured in "The Poppy Girl's Husband."

What and where is the Barbary Coast? To be exact there are two. The original was the "Coast of High Barbaree" of old piratical days. The other and more modern, is the underworld of San Francisco. Today it is more of a name than anything else, for cleaning up days in the Golden Gate City have been frequent and the denizens thereof have mostly been scattered to the four winds.

The Barbary Coast of San Francisco is comparable only with the old Five Points in New York or White-chapel in London. It is, or was—though it is still there as a shadow of its former life—the resort of the worst element of the city. Yet some of it was outward show and the horrified stunner sometimes saw things that were really only there for his special benefit. Yet there was tragedy in the district and it was never a pleasant place to find oneself in after dark.

The new William S. Hart picture, "The Poppy Girl's Husband," will be shown at the Gem Theatre next Tuesday, December 23, is laid partly in this section of San Francisco. It is said to be one of the most dramatic stories ever supplied the star, Jaunita Hanson is the leading woman and in the cast will be found Walter Long, a famous character actor of the screen, recently released from service in the army, as Captain Long.

Popular Paramount Stars Finely Cast in "What Money Can't Buy."

One of the best screen stories ever interpreted by Jack Pickford and Louise Huff, co-stars in Paramount pictures, is that of "What Money Can't Buy," which will be shown at the Gem Theatre next Friday.

Madison Hale, wealthy American financier and Govria Texter, financial adviser of the King of Maritza, a small principality of Europe, are bidding against each other for the concession to build a transcontinental railroad through the country.

Young Dick Hale, having just completed school, desires to visit Maritza which was the birthplace of his mother's grandfather. Arriving there Dick meets the Princess who is under an assumed name and the two young people fall in love. The following incidents are exciting and all work out to a charming end.

An excellent cast appears in support of Jack Pickford and Louise Huff.
