#### New British National Anthem.

The latest mail advices from England have brought with them news that may be more than passing interest in this our reconstruction period. As the result of inquiries from all parts of the British Empire about the last two verses of the national anthem, with their out-of-date phrases, to wit: "Confound their politics, frustrate their knavish tricks," etc., the wisecracks in power set themselves out to provide substitutes that were more applicable to the change in the times. It is believed that the two verses that were sung with the King's approval outside St.

Paul's cathedral last August will be generally adopted everywhere. They were:

One realm of races four,  
Best more and ever more.  
God save our land,  
Home of the brave and free,  
Set in a silver sea,  
True nurse and chivalry,  
God save our land.  
Kinsfolk in love with birth,  
From utmost ends of earth,  
God save us all.  
Bid strife and hatred cease,  
Bid joy and hope increase,  
Spread universal peace,  
God save us all.

#### "The New Freedom"

The school history now being used in the Columbus high school, with apparent approval, says that Woodrow Wilson after becoming president "with a quiet confidence and unruffled tenacity, established his power over cabinet, Senate, House and lobby, and before six months were past, made himself the most complete master of congress since the days of Thomas Jefferson." If it is ever desirable for the executive to become master of the legislative branch in a republic the present trend of things in Washington has done away with anxiety in the matter.

Tuberculosis Kills 150,000 AMERICANS every year.

And yet, Tuberculosis is Preventable and Curable.

The National Tuberculosis Association is conducting a sale of Red Cross Christmas Seals, beginning December 1.

The proceeds of this sale will be used to combat Humanity's most deadly enemy--The White Plague--in every community in the United States.

Approximately 92 per cent of the money raised in your state will be spent there.

This Campaign to save AMERICAN lives will succeed if you do your part.

Get in touch with your state or local Tuberculosis Association.

Buy Red Cross Christmas Seals, or Health Bonds.

Don't wait for the Seals to come to you.

### XMAS SEAL MONEY TO BE SPENT LOCALLY

91.7 Per Cent. of All Funds Raised in Any State Remain There to Carry Out the Local Programs.

### NATIONAL FUND IS SMALL.

National Tuberculosis Association and American Red Cross Share Remaining 8.3 Per Cent.

For the Health of This Community." Such is the slogan appearing on the flap of envelopes on which the Red Cross Christmas Seal is printed. The issue of such envelopes in order to save the trouble of affixing gummed seals to letters sent out in quantity by large corporations and business houses has been inaugurated this year as part of the machinery of distribution set in motion by the National Tuberculosis Association and its 1,000 State and local organizations in disposing of more than 650,000,000 Red Cross Christmas Seals during the ten day sale which began on December 1.

The significance of the slogan lies in the fact that whether the letter is mailed in Los Angeles or Boston, in Chicago or in Galveston it still holds true. "This community" literally means the place where the seal is bought and used. To be exact, 91.7 per cent of the funds raised is devoted to local anti-tuberculosis activities in the state. Of the remaining 8.3 per cent a portion goes to the Red Cross.

### WILSON ENDORSES STAMP SALE.

President Wishes "The Very Best Success" for the 1919 Red Cross Xmas Seal Campaign.

President Wilson, in a letter to Dr. Charles J. Hatfield, Managing Director of the National Tuberculosis Association, expresses keen interest in the work of the association and wishes success to the 1919 Red Cross Christmas Seal sale. More than 650,000,000 seals must be sold during the ten day drive which began on December 1, to assure a one hundred per cent application of the Association's 1920 educational and preventive campaign. The President's letter follows:

"Allow me to express again my deep interest in the work of the National Tuberculosis Association. I am very much interested to learn of the efforts of the Association to raise the sum of six and one-half million dollars that the state budgets may be financed for the coming year, and write to wish the very best success of the effort."

### CHILDREN.

David Starr Jordan says: "There is nothing in all the world so important as little children; nothing so interesting. If you wish to go in for philanthropy, if ever you wish to be of any use in the world, do something for little children. If ever you yearn to be truly wise, study children. We can dress the sore, bandage the wound, imprison the criminal, heal the sick and bury the dead, but there is always a chance that we can save the child. If the great army of philanthropists ever exterminate sin and pestilence, ever work out the race's salvation, it will be because a little child has led them."

RED CROSS CHRISTMAS SEALS SAVE THE LIVES OF AMERICAN CHILDREN--Buy them to-day.

### RED CROSS OFFICIAL APPROVES SEAL SALE

Dr. Livingston Farrand, Chairman of the Central Committee, American Red Cross, Expresses Hope That Public Will Give Generous Support.

### SALE IS NOW UNDER WAY.

More Than 650,000,000 Seals Must Be Disposed of to insure the Success of the Nation-Wide Educational and Preventive Campaign of the National Tuberculosis Association in 1920.

Dr. Livingston Farrand, executive head of the American Red Cross, has given his unqualified endorsement of the 1919 Red Cross Christmas Seal sale, which is now under way and which will extend for ten days under the auspices of the National Tuberculosis Association and its 1,000 allied organizations. A fund of more than \$6,500,000, which will be used in the 1920 educational and preventive campaign, will be raised through the sale of the seals.

Acquainted as he is with all questions of general health community improvement and relief because of the nature of his work and office, Dr. Farrand's endorsement is based upon an expert knowledge of what the National Tuberculosis Association has accomplished and will accomplish in the future. His letter to Dr. Charles J. Hatfield, Managing Director of the National Tuberculosis Association, follows:

"I have been greatly interested in the plans that the National Tuberculosis Association is making for the sale of Christmas Seals during the coming holiday season. The success of that effort is indispensable to the carrying out of the far-reaching plans of the Association in its fight against tuberculosis in this country."

"The American people, in common with the nations of Europe, are becoming aroused to the critical importance of the problem of vitality and conservation of health as the necessary factor in re-establishing the world after the devastation and destruction caused by the war. Of all the preventable diseases, tuberculosis takes perhaps the first place in importance. For that reason I view with keenest sympathy and approval the splendid work which the National Tuberculosis Association is conducting, and I trust that the response of the American people in the Christmas Seal Campaign will be generous and universal. Sincerely yours,

(Signed) LIVINGSTON FARRAND, Chairman, Central Committee, American Red Cross."

### HEALTH BONDS POPULAR.

The demand for the Health Bonds which the National Tuberculosis Association issued this year for the first time are meeting with a ready sale. The bonds are in graduated denominations, the smallest being for \$5. In the past some of the large business houses and other large contributors found it difficult to use up the number of Red Cross Seals their subscriptions called for. The bonds have been issued for the convenience of large subscribers and the proceeds of their sale will be used for the same purpose as the Christmas Seal funds--the financing of the 1920 effort to reduce the number of deaths from tuberculosis in the United States. Last year the disease claimed 150,000 lives. The health bonds can be obtained from state and local tuberculosis associations.
