URGED TO BUILD HOMES NOW
Labor Department Prompts Those Intending Construction to Begin the Work at Once.
The home builder—he who builds for his immediate use rather than for rental purposes—appears to be getting under way with his building plans. This is especially noted in the central West. The home-building program will be facilitated and augmented if small investment money is made available for building loans. In one or two communities this is being attempted by private organizations, brought together for this sole purpose. In other and more numerous cases the regular banks are giving thought to the problem. The building-and-loan interests already have formulated a plan under which a system of federal home loan banks would enable them to rediscount their first real-estate mortgages and make available for further loans more than \$1,000,000,000 of their assets.
While the Department of Labor is endeavoring to co-operate with state and municipal authorities in getting under way road building and public improvements, and with private interests in their more extensive building operations, it is convinced that home building, for the use of the builder rather than for rental, must be looked to as an important factor in providing better employment for labor during the transition from war to peace production, and for the stimulation of business. For this reason the Department of Labor is making a determined drive for a nation-wide "Own your home" campaign.—Chicago Evening Post.

IMPROVE THE SCHOOL YARD
Should Be Second to No Part of the City in Its Appeal to Lovers of Beauty.
The average rural school ground can stand considerable beautifying. Some of these barren spots, where the young in the country learn their three R's, are blossoming like the rose and more will do so as a result of the work done by county home demonstration agents. Spring and fall are the time for setting out shrubbery and trees. Many home economic workers celebrated Arbor day this spring. Some of those who didn't have local celebrations this fall.
In Fairfax county, Virginia, the home demonstration agent and the people of the neighborhood completely transformed last spring the Red Hill school yard. The teachers, with the pupils and patrons, came early on the day appointed, bringing with them a splendid array of trees and shrubs, all given by the patrons. The foundations of the building were massed with hemlock, laurel, holly, and rose bushes. Young trees were planted in strategic positions and lilac bushes were placed in clumps. Around the drain, spice wood bushes were planted. The result was a complete transformation of the formerly bare and ugly yard. At noon a picnic lunch was served.

LOOK TO THE YARD IN FALL
Attention Now Will Be Well Repaid by Its Improved Appearance in the Spring.
The appearance of the home has much to do with its utility as well as its beauty. A home where there are flowers, trees, lawn, etc., seems more comfortable than where these things are absent. Such a home is always more satisfying, and that, of course, is a quality of utility.
Fall is a good time to improve the yard, lawn and general appearance of the home. Late fall is a favorable time to transplant many biennials and perennials. Loss of the "queens of flowers," may be set; other shrubs may be transplanted, violets, bulbs of various kinds, sweet peas, etc., may be started for early spring blossoms.
A little time given to the yard and lawn now will be worth much to the appearance of your home next spring. Look over the yard and see what improvements can be made. Doubtless you will find that much can be done to make your home more attractive.

Fall Garden Preparation.
Land that is to be used for vegetable or flower gardens next spring will be greatly improved by liming it heavily at this season and turning it over with the spade or plow.
Next spring, before planting, manure heavily and turn the soil over again. At that time fine the plowed soil well with a disk harrow. Where the spade is used the pulverizing is done with the spade, working the top soil carefully with a steel rake.
Community Gardens Valuable.
Last year 5,300 war gardens were conducted in Manchester, N. H., as a part of the campaign to raise food for the world. The system of operation was continued this year, and the plots cultivated within the municipal boundaries were known as "Victory Gardens." There is no reason why so good a thing as gardening in the vacant places of communities, should not become an established custom.

NEHALEM NOTES.
Otto and Will Effenberger and Mr. Spencer transacted business in Tillamook last week.
William Effenberger and family, left last Friday for Castle Rock, Wash., after a three weeks visit with relatives.
Mrs. Hattie Smith and Mrs. Katy Clark left for Portland last Thursday to transact business.
Mr. Webber and family, of Brighton Camp No. 4, will move to Rockaway soon, where he is working for the shingle mill.
Miss Lottie Eggleston, of Silverton, is visiting friends and relatives in Nehalem and vicinity.
Mrs. E. K. Barnes, intermediate teacher in the public school, is back at her desk again, having sufficiently recovered to resume her school work.
A local teachers' institute will be held at the new school building in Nehalem on next Saturday, Jan. 24, beginning at 10 a.m. The public cordially invited.
The rumor that the Mohler Supply Co., of Mohler, was going to put in a store at this place was a false alarm.
Wayne Franklin, of Brownsville, Oregon, brother-in-law of Wm. Gage of this place, has purchased the Kuppenbender ranch on the North fork of Nehalem river, and will shortly move onto the place where he expects to make extensive improvements. We welcome Mr. Franklin to this part of God's country.
Orville Parks with a crew of men, is busy on the old Hemple place getting out the piling for the construction of the dikes and jetty work necessary in preparation for the new Nehalem-Wheeler road.
The United Artisans gave a fine entertainment on last Friday night, it being their open meeting night. A goodly number enjoyed the evening with the Artisans.
The ladies of the Methodist Church will give a banquet at the K. P. hall on this coming Friday night, to many invited guests. It promises to be a live affair. Several prominent speakers will be in attendance.
Jack Atwood has purchased the Joy Theatre from D. M. Adams. We all wish him success.

OVERLAND 4

OVERLAND 4 marks a fundamental advance in motor car construction—the most important improvement in comfort to the passengers and in preserving the chassis from real shocks since pneumatic tires made motoring possible.
Its Three-Point Cantilever Springs create a riding buoyancy which establishes Overland 4 as a new type of car.
Before the Overland 4 was submitted to the verdict of the public it was subjected to preliminary trials covering more than 250,000 miles in widely varying climates and road conditions. In high and low altitudes, in rock and sand, in mud and snow and dust, the Overland 4 withstood every ordeal. And in so doing, this car established a new standard, not merely of roadability, but of economy.

High School Notes.
Owing to the fact that the final examinations for the fall semester are near at hand High School activities have slackened up a bit. This week, the monthly examinations are held and next week comes the finals.
The outcome of the Sophomore vs. Seniors, Juniors and Fresh was 12-9 in favor of the Sophomores. The rooters for the Sophomores made as much noise as the rooters of the other team did. The Sophomore line-up was "Shingles" Gabriel F. Anderson G., Harris F., Hubert Mathews, F. Farley, G. Clare Small was the referee.
The boys basket ball association have rented the armory for a basket ball hall. The girls will also get the benefit of the hall. The girls of the H. S. are organizing class teams and also a H. S. team. From all indications they will have snappy teams.
Both Glee Clubs are practicing diligently on the coming comic operetta "Love Pirates of Hawaii."
