

Equip Your Small Car With Goodyear Tires

If you own a Ford, Chevrolet, Dort, Maxwell or any other car using 30x3-, 30x3 1/2-, or 31x4-inch tires, you can well take advantage of the high relative value built into all Goodyear Tires.

You can well do so because you can secure in the small Goodyear Tires the results of such skill and care as have made Goodyear Tires the preferred equipment on the highest-priced automobiles of the day.

You can well do so because these small Goodyear Tires are easy to obtain, being produced at the rate of 20,000 a day, and because their first cost usually is as low or lower than that of other tires in the same types and sizes.

Go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He supplies many other local owners of small cars.

30x3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread..... \$20.00
30x3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread..... \$17.45

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casing properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3 1/2 size in water-proof bag..... \$3.90

GOODYEAR

The Engineer's Report.

Corvallis, Ore. Jan. 16, 1920
To the Honorable Mayor, Council, and Water Commission of the City of Tillamook.

Gentlemen:—At the invitation of your honorable council, we have inspected the water works system of the City of Tillamook with a view of its improvement and increased efficiency, we find:

1.—That the quality of the water is excellent.

2.—That the source of supply coming from a wooded mountain watershed is ample for a number of years to come.

3.—That the dam site is well located and that when the increase in population makes storage necessary, that a storage dam can apparently be built at reasonable expense.

4.—That there is, however, some danger of the river breaking around the present dam, unless it is lengthened.

5.—That the pipe line is in reasonably good repair, and while we found small leaks, they can be easily repaired and there is no serious leakage at present.

6.—That the use of water by farmers along the right of way does not appear to exceed that of individual domestic users within the city limits and therefore is not in itself a serious factor.

7.—That the use of water in flushing sewers is a considerable item. The amount so used is not excessive and could not be materially reduced without danger of clogging sewers. However, it might be used more efficiently if the flush tanks were enlarged and made to discharge less frequently.

8.—That the flow in the outfall sewer and general reduction in pressure on the mains during the daylight hours indicates an excessive use of water on the part of all the consumers, especially on certain days of the week in which water motors are in use in the households.

9.—That on account of the decreased pressure the protection against fire is very poor and there is imminent danger of destructive fire.

In view of these facts, we make the following recommendations:

1.—That the City of Tillamook or its Water Commission purchase at once the watershed above the waterworks intake in order to prevent contamination of the water and destruction of the timber by future settlers or lumbering interests. Removal of the timber would materially reduce the water supply and any human

habitation built within the watershed would be a menace to the purity of the supply and health of the consumers.

2.—That the City of Tillamook or its Water Commission extend the present diversion dam, entirely across the valley, a total distance of about 300 feet, to insure against the stream from breaking around the end of the dam in the flood season.

3.—That proper steps at once be taken to install meters in all service connections and all consumers be charged for the water actually used as a measure to prevent waste.

4.—That water mains be installed on every street, 4-inch mains being laid on the streets running north and south and 6-in. mains on streets running east and west, connected in gridiron fashion for the purpose of maintaining proper fire pressure and insuring ample supply for the use of fire engines at the hydrants.

5.—That a fire engine be purchased to maintain fire pressure at large fires where the pressure always falls because of the heavy draft on the pipe lines.

We base our recommendations on the following facts:

The low pressure in the mains in day time, with high pressure at night, indicates that the capacity of distribution system is insufficient for the present consumption. As the drop in pressure occurs pretty generally throughout the distribution system, it appears that the consumption is excessive, a fact found almost universally in unmetered cities. This only remedy is either to build a new pipe line larger than the old one, which would entail an expenditure of at least \$200,000 at present, or else install meters and charge each consumer for what he actually uses, in order to cut down the waste.

Experience shows that the installation of meters usually reduces the water consumption 50 per cent or more. The following statistical table is taken from the Engineering News, Vol. XLV, 1901, p 279, and represents the relation of meter installation to reduction in consumption of water in 136 cities investigated. These cities had populations of 25,000 or over.

Gallons used	Percent taps metered ... per capita per day.
Less than 10 percent	153
10 to 25 percent	110
25 to 50 percent	104
More than 50 percent	62

The following table from Flinn, Weston, and Bogart's Water Works Handbook, page 458, further illustrates the above facts.

From	Cities Population to	No. of cities	Per cent of taps metered	
			Under 25 percent	Over 25 percent
Less than 5000	5000	24	118	35
5000	10000	25	110	25
10000	25000	31	154	20
25000	50000	16	134	15
50000	100000	12	151	7
Over 100000	100000	17	182	9
		125		111

In above cities, the consumption was reduced from 50 to 70 per cent by the use of meters on only 75 per cent of the taps. Unquestionably, the easiest and most rational method of preventing the waste of water is by the use of meters so that each consumer pays for what he uses. It furnishes the most equitable system for charging for the cost of service, since by any other system the careful user is forced to pay for water wasted by a careless neighbor.

ely \$12.00 each installed on house service connections. Assuming 500 service taps, the cost for installation would be \$6000. Such an investment would postpone the necessity of a new pipe line for at least five years, thus saving the interest on the cost of a pipe line. This interest would more than pay for the meters, as well as a fire engine to provide fire protection.

Respectfully submitted,
T. A. M. Teeter.

Notice.

Notice is hereby given that a petition has been duly filed with the Honorable Mayor and Common Council of Tillamook City, Oregon, for the purpose of vacating that certain alley, running North and South through Block (5) five, Town of Lincoln, now part of said Tillamook City, Oregon, and said petition further shows that F. D. Small, Sarah J. Elliott and F. N. Elliott are the only persons who own property adjacent to said alley or who would be affected by the vacation thereof.

January 1st, 1920, and maturing serially in numerical order as follows:

- \$26,000 eight (8) years from date of issue;
 - \$26,000 nine (9) years from date of issue;
 - \$30,000 eighteen (18) years from date of issue;
 - \$30,000 nineteen (19) years from date of issue;
- said bonds to bear interest at five and one half per cent (5 1/2 per cent) per annum, payable semi-annually on January and July 1st, principal and interest payable in United States gold coin at the office of the County Treasurer or at the Federal Agency of the State of Oregon in New York City, at the option of the bidder.

Said bids must be accompanied by a certified check for 5 per cent of the amount bid and must be unconditional.

The approving legal opinion of Messrs. Teal, Minor & Wintfree, of Portland, Oregon, will be furnished the successful bidder.

The Court reserves the right to reject any or all bids.

Homer Mason, Clerk.

Attention Truck Owners and Truck Drivers.

It is the intention of the County Court to enforce, at once, the law regulating loading trucks and trailers, to the manufacturers rated maximum load carrying capacity.

John A. Carroll, Roadmaster.

Watch Taken From Guild Hall.

The party who took a gold watch from the Guild Hall last week is requested to return it to box 122, Tillamook, Ore., to prevent the person being arrested, as they are known.

SUMMONS.

All of the above described lands are situated in Tillamook County, State of Oregon.

You, and each of you, are hereby notified that there is now due and owing and unpaid to the plaintiff, Tillamook County, on said Certificate upon the several pieces and parcels of real property hereinbefore described, the sums of money set opposite each of such tracts, and in addition thereto, there is due and owing and unpaid on the respective sums, further sums for interest thereon at the rate of twelve per cent per annum from the 30th day of August, 1919; and you are further notified that the plaintiff, Tillamook County, will apply to the circuit court of the State of Oregon, for the County of Tillamook, for a decree foreclosing the liens against each and all of the said several pieces and parcels of real property mentioned in said Certificate.

And you and each of you are directed and summoned to appear within sixty days after the date of the first publication of this summons, exclusive of the date of said first publication, and to defend the action or pay the amounts due; and in case of your failure to do so, a decree will be rendered by said court, foreclosing the liens of said taxes and costs against the lands and the premises named in this notice and set opposite your respective names.

The date of the first publication of this summons is the 25th day of December, A. D., 1919.

All processes and papers in this proceeding may be served on the District Attorney of Tillamook County, Oregon, at Tillamook, Oregon.

W. L. Campbell, Sheriff of Tillamook County, Oregon.

Elks Attention.

All Elks in the county are urged to attend a meeting at the K. P. Hall in Tillamook City, Feb. 7, 1920, at 8 o'clock. Refreshments and then—
Elks Committee.

Hunters Take Notice.

We have furnished cottages and good accommodations at our camp at Netarts.

A. N. Davies, Prop.

Notice of Hearing Administrator's Final Account.

Notice is hereby given that Otto Kliem, administrator in the estate of F. P. Kliem, deceased, late of Tillamook County, Oregon, has filed in the County Court of said County, has final account, Notice is further given that the said Court has set, Monday, the 9th day of February, 1920, at 10 o'clock a.m., as the time and the office of the County Judge of said County, as the place for the hearing of said final account. All persons having any objections to the said account are hereby notified to appear at said time and place and show cause if any there be, why the said account should not be approved and the administrator discharged.

Otto Kliem, Administrator of the Estate of F. P. Kliem, deceased.

Attorneys: Johnson & Handley, Tillamook, Oregon.

Notice of Sale of Real Estate.

In the County Court of the State of Oregon, for the County of Tillamook. In the matter of the estate of Nicholas Job, deceased, commonly known as Nick Job.

Notice is hereby given to all whom it may concern that the undersigned Administrator of the estate of Nicholas Job, deceased, by virtue of an order of the Honorable A. M. Hare, Judge of the County Court for the County of Tillamook, State of Oregon, in the matter of the above entitled estate, duly made and entered in the Journal of said court, on the 31st day of December, 1919, will from and after the 5th day of February, 1920, at the office of John Leland Henderson, at 206 East 3rd Street, in Tillamook City, Oregon, offer for sale, and proceed to sell the real estate hereinafter described, at private sale, to the highest and best bidder for cash, in one parcel, subject to confirmation by said court, the following real estate situate in the corporate limits of the City of Tillamook and State of Oregon, to-wit: Lots one (1) and Two (2) in Block forty-six (46) of Thayer's Fifth Addition to the Town (now City) of Tillamook as per the recorded plat thereof.

First publication Jan. 8, 1920.

Last publication February 5, 1920.

Dated at Tillamook, Oregon, January 7th, 1920, and posted January 8th, 1920.

John Leland Henderson, Administrator of the estate of Nicholas Job, deceased.

Administrator's Sale of Real Property

In the County Court of the State of Oregon, for the County of Tillamook. In the matter of the estate of Fritz Buhrow, late of Tillamook County, deceased.

Notice is hereby given that the undersigned, by virtue of an order of the above named court, made and entered in the above named proceeding on the sixth day of January, 1920, will, from and after the Ninth day of February, 1920, proceed to sell, at private sale, at the office of the sheriff of Tillamook County, Oregon, the following described real property, situate, lying and being in the county of Tillamook and State of Oregon, namely:

The Southwest Quarter of Section Seven Township Three South Range Nine West of the Willamette Meridian, less Tracts 1264, 814, 1283, 589, 592 and 588, described in Tract Book in the office of County Assessor of Tillamook County, Oregon, on pages 335, 334, 334, 333, 334 and 333, respectively, of said Tract Book; containing 110.5 acres, more or less.

Subject to the easements for county roads now running over and upon said premises.

The terms of sale are as follows: For cash in hand—ten percent of the amount of the offer to be paid at the time of the acceptance of such offer, and the balance at the time of the delivery of the deed, which will be made subject to the approval of the County Court of the State of Oregon for Tillamook County. If the Court should refuse to confirm the sale the amount of the deposit will be refunded.

Dated January 8, 1920.

W. L. Campbell, Administrator of the estate of Fritz Buhrow, late of the County of Tillamook, deceased.
