Such a scene is revived in 'The Money Corral," a new Artcraft picture starring William S. Hart, which will be shown at the Gem Theatre next Tuesday. It was written by Mr. Hart and Lambert Hilyer and they also collaborated in its direction. Jane Novak is the leading woman, heading an excellent

supporting cast. The rodeo scene of this picture was expensive and took lots of time, but justified the effort for it gives a touch of realism that otherwise could not have been secured. Many Punchers, Indians, Mexicans, cowgirls and others came to Hollywood to make the rodeo scenes and over a thousand persons appeared therein. "The Money Corral" is said to be

the most exciting film that has been Vivian Martin's New Photoplay Fine
