Spring Stocks are Being Rushed In.

WINTER SOFTENS--the birds sing merrily and all nature is aglow with the spirit of the changing seasons.

Fashions always in advance of every change anticipated the fond longings of feminine hearts--and commercial enterprise awakens to meet the same demands.

AT HALTOM'S--noticeable changes in new styles are now much in evidence here.

Every train load brings a significant list of new arrivals and the tumult of joyous sounds greet the arrival of the beautiful things that are new--arriving stocks call for more room and every inch of space here encroaches upon its nearest neighbor in a mad insistence for further space, clamoring for the favor to be rightly shown--amply displayed--and our scant space does not measure up to the requirements now needed for many beautiful displays that should be shown.

Here are the kind of Waists that will help you keep down the cost of dressing.

WIRTHMORE and WELWORTH.

Because these unflinching good and completely satisfying Blouses of the justly-famed Wirthmor and Welworth makes are still obtainable at such extremely modest prices, they are destined to be exceedingly popular this spring. They are a very effective aid in helping to keep down ones apparel expense.

Georgette and Crepe-de-Chine Blouses-- At Less than Fair Prices.

To know that you are purchasing something at a "fair price" is a source of real satisfaction. To know that you are purchasing, however, at even less than a "fair price" is a source of greater satisfaction.

If we had to go into the market to buy Blouses of this type and character and worth, we would be obliged to pay more than we did and in turn to sell them at a somewhat higher price. Fortunate far-in-advance contracts and our intimate association with some of the Nation's foremost Blouse makers makes this low price possible.

Each of these new models bears the favored WIRTHMOR mark; always a guide-post to superior Blouse values. Eight new Styles and none can be duplicated. **\$6.75** Choice at
