

EASTER FASHIONS BEING EXHIBITED IN ALL SECTION IN TILLAMOOK'S RECOGNIZED QUALITY STORE.

The Haltom Store reminds the world of women that Easter comes this year somewhat earlier than formerly, just two week and two days hence, and then the Easter fashions will be at their height. There is no time to tarry if all the delights of a spring wardrobe shall be in one's home when the birds carol their

Easter gladness that spring has truly come.

The fashions which will be posed are illustrative of the trend of Paris and New York models, but are adapted to the needs of busy people who wish to stretch their incomes to greater buying power.

Discriminating Women Are Delightfully Pleased with Haltom's Assemblage of Apparel.

The authentic 1920 Spring and Summer Modes have emerged, showing many an unusual ornamentation and novelty of line, yet to be well attired need not mean to be expensively dressed, as is shown in the display at Haltom's. Then, too, to what advantage is it to wait until the eleventh hour? Select now while choosing is at its best. Space will not permit going into detail at this particular time. As usual, FREE ALTERATIONS (if any) on any garment in salon.

COATS : \$18.95 to \$59.85 **SUITS :** \$35.50 to \$59.85 **WAISTS :** \$1.50 to \$22.50 **SKIRTS :** \$7.95 to \$37.50

Editorial.

Tillamook Needs A Free Camp Ground.

Time is ripe now for the city of Tillamook to entertain the thought of an auto camp ground. Tillamook assuming a metropolitan air, naturally something of this nature will be much welcomed by the many autotists and tourists that will be allured to these parts. Then we as citizens of this city should bend every effort to see that this much needed free auto camp ground will be at the tourists disposal in the near future as it will benefit Tillamook and the county in various ways.

Roosevelt Military Highway Booster Back from Washington.

B. F. Jones, father of the Roosevelt Military Highway measure, is back from Washington, where he had gone to boost for the highway. He writes: "I returned home a few days ago from Washington, D. C. I suppose you received my letter written from Washington giving you my views of the situation of the Roosevelt Highway at this time. Since writing you I put in a number of days interviewing members of the Road Committee in the house to whom our bill is referred, and I find the sentiment is strong for our bill and I believe their support will be favorable. But after having conferences with our delegation, and especially Mr. Hawley, author of the bill, and he thinks he will get a favorable report but he is afraid to have the report

bill might be killed on the floor of the House, for the reason that they are cutting all appropriations and as the members have to make their campaign for re-election they would like to put over all they can until the next Congress when they can pull the bill out from the committee and pass it. "We are in a much stronger position now that we were. We had Washington, California and Oregon delegations behind our bill—now we have the congressional delegation of all the public land states, the public land states highway association that was formed in Washington D. C. Feb. 16th was made a permanent association and they endorsed the Roosevelt Highway unanimously. and in view of the fact that the Oregon legislature had a special session in January, continued the term for three years in which the government could match the State funds and in

view of the fact that the sentiment for the Roosevelt Highway is crystallizing all over the East I have no doubt but what our bill will carry, and if it does not we will have a chance to match our money out of Federal money provided in the bill by the Public Lands Committee, that Senator Chamberlain has recently introduced. "The strong talk they put up to the congressmen in Washington was from a military standpoint." Mr. Jones, who is a candidate for secretary of state, will be in Tillamook the first of next month. "The World to Live in" at the Gem. Rita Charles is a \$25 a week stenographer who looks as if she made \$100 a week. Her main object in life is to get all she possibly can out of it. She will be a pal to any man—only a pal—if he will show her a

good time. Rita Charles is one of those girls who are forever playing with fire, but through some miracle always escape being burned. In ordinary society this type of girl is known as a tinnipiner. Rita—this particular tinnipiner—was stenographer to T. J. Olverson during the day and "pal" to Harrison Chalvey, a wealthy New Yorker, at night. At a wedding she meets Dr. Varian, a handsome young settlement doctor. He immediately falls in love with her and she becomes deeply interested in him, but as she knows he cannot give her what she considers the all-important thing in life—money—she does not encourage him. When she hears that Chalvey is about to go south for a year she tries to make him propose, but Chalvey does not think he loves her enough to marry her. After she made friends with

Olveron Jr., Rita is told by T. J. Olverson that he did not want to lose a good stenographer because of a good-for-nothing son, and that she should take a month's vacation at the expense of the firm. She goes to Atlantic City. Chalvey follows her and proposes. She tells him she loves another man and cannot marry him. Love and happiness eventually enter her life. This is the story of "The World to Live in," with Alice Brady, which will be seen on Sunday, March 21 at the Gem Theatre. "Out of Luck" Coming. Where you born under the sign of the constellation Venus? Better look it up. Dorothy Gish was in her new Paramount picture "Out of Luck" which comes to the Gem Theatre next Wednesday, and it led to some merry complications, including two

love affairs, a mix-up with a fortune teller, and a mad scramble with two enterprising burglars. This is said to be one of the funniest farce comedies ever screened. "A Sporting Chance," A Charming Picture. The question of whether a girl should obey every impulse which takes root in her mind, is dealt with in a highly interesting way in a new Paramount picture starring Ethel Clayton which will be shown at the Gem Theatre next Monday. A delightful and exciting story is woven around this theme. The story is unique and original and has an interesting and unexpected finish. The original story was written by Roger Hartman and appeared in a recent issue of the Snappy Stories Magazine.
