**Editorial Snap Shots.**

Help reduce the high cost of living—raise plenty of garden truck.

A sick president and a sick democratic party and the whole country sick and tired of the democratic administration.

There is no fear of the county being sued for big damages as a result of the accident at the Kilchis river bridge last week.

Governor Olcott still hangs onto two jobs—that of governor and secretary of state, and from the looks of things is a hard job to try him loose from the office of secretary of state. The governor is justly entitled to be called a political hog, hogging two offices.

There appears to be very little interest taken in the county election, people being somewhat indifferent as to who they want for county officials. As the voters will be called upon to choose presidential electors this may create some interest between now and the primary election which is May 21st.

From the looks of things Parent Teachers' Associations don't appear to be accomplishing much good, in fact, they have the appearance of being trouble makers, bringing about friction between teachers and school boards and districts becoming all hot up over trivial affairs. Anyone with a grudge against the school, the teachers, or the school board, can cause no end of trouble through Parent-Teachers' Associations.

We have previously referred to the illiteracy of the ordained preacher-editor of the Cloverdale Enterprise. Here is another choice piece of editorial illiteracy from that so-called newspaper.

"Why the officers did not hold a inquest over the body of Smith who was killed in an auto accident on the Miami river week before last seems strange to me. It was due Blum also the relative of Smith to find out all they could as to the cause of the tragedy. And it seems to me as though it was due the public that they should know all possibilities of the cause or better enable them to avert another such a accident."

Maybe, it would not be a bad idea for the scribe who wrote this to join the primary grade of the Cloverdale public school.

Approp of county elections, quite a number of amusing incidents have occurred in this county in by gone days. We will mention one, which some of the old timers have not forgotten. "Our George"—George Washington Kiger—had a political buzz in his bonnet some years ago and he wanted to be county school superintendent. Then the office was worth about \$200 per year, but that small salary cut no figure with "Our George," he was out to win and he toured the county in the good old days when it took a whole day to get to Oregon, where he was billed to speak, with other aspirants, who were seeking office. It is said that "Our George," became quite eloquent, but somehow he got turned round, rattled and mixed up, when he conveyed the impression that he was going to milk the school marm if he was elected county school superintendent. Of course, "Our George," didn't mean it that way, but the oratorical mix up cost him the election, for he was gloriously snowed under. That was when "Our George" was a Bay City Booster, and expected the city on the bay to become a second San Francisco.

We are going to ask the republican voters of Tillamook county to cast their vote for B. F. Jones, for Secretary of State, but in doing so it is proper that we should give our reasons for butting in, for we have taken very little active part in primary elections, preferring to allow the voters to select their own candidates. In this instance, however, we want the republicans of this county to show their appreciation of what Mr. Jones did for the Roosevelt Highway. He is the father of that measure and he has devoted considerable time and money to have the government take hold of the project, which we think it will do at some future date. Having been brought into close contact with Mr. Jones during the campaign and since that date, we feel that the people of this county should show their appreciation of his efforts and we know no better way than to vote for him at the primary election for Secretary of State. Democrats, too, can help by writing his name on their ticket. We feel sure every member of the local Roosevelt Military Highway committee will fully coincide with us that Mr. Jones is rightly deserving of a big vote from Tillamook county. Do not forget it. Vote for Jones for Secretary of State.

A representative from a San Francisco Company was in the county last week with the object in view of ascertaining what prospects there were here to obtain sufficient milk to warrant putting in a condensed milk factory, and the snap shot man was interviewed and interrogated. As the Tillamook county dairymen have specialized on cheese and having obtained a great reputation for the same, we had to inform the visitor that it would be a great mistake for them to entertain changing from the manufacture of cheese to condensed milk, as it has taken a number of years and a great effort to bring about the existing results that have been obtained. Anyway, we had to inform the visitor, even if a better price was offered for milk, it would

be a dangerous thing to switch over, for there is no telling when the bottom will drop out of the condensed milk business. Tillamook county dairymen are in the cheese business to stay with it, and we think they are wise in doing so, and it would be a good thing too, if they were producing twice the amount of milk and cheese, for more cheese that is produced means greater and wider reputation for the home product. In recent years several efforts have been made to start a milk condensing factory here, and we had to inform the visitor that it would be harder to do so today than heretofore, because the dairymen are bound together with the cooperative spirit and it would be some uphill job for anyone to attempt to butt in now with a milk condensing factory.

Tillamook City extended an invitation to the Woodmen of the World to hold its convention in this city. Owing to the war the date was extended to this year, and the convention will be held in May, and it is safe to say that the business men and citizens will give them a glad hand and a loyal welcome. But it is about time that a committee was organized to work with the local lodge, and with that done we feel assured that it will have the financial support of the people. There will be about 200 delegates and to entertain that small number, will not require a large amount of funds, for all that is needed is a reception one evening, a banquet, a trip to the cheese factories and an opportunity for the W. of W. to see whether they can dance to Tillamook Jazz music. Mayor Boals or the city council should appoint a committee to look after the W. of W. convention in this city, and as the time is getting short, this should be done at once. We may say that the delegates are looking forward to having a most enjoyable time in Tillamook, and it is safe to say when they leave they will be greatly delighted with their visit in this city and county.

President Wilson is responsible for the defeat of the treaty of peace and the league of nations covenant. That is the verdict of every fair minded person, for the president has assumed the role of dictator. The vote in the senate on Friday showed that one half of the democratic senators and three fourths of the republican senators were in favor of the treaty and league covenant, with reservations. It required a two third vote, and all it lacked was seven votes, or to be more correct, the change of four votes would have given the required number of votes. It was democratic stand pat senators, who take their orders from Mr. Wilson and the radical republican senators who voted against the treaty and league covenant. Most people are now ready to admit that Mr. Wilson seriously blundered when he incorporated the league covenant into the treaty of peace, which was even opposed by the statesmen of other countries, but they gave way because this was a pet hobby of Mr. Wilson. The treaty of peace is one thing and the league covenant is another, and, to our way of thinking, the United States Senate should have insisted on the two things being kept separate. Mr. Wilson has been playing politics. He seems to think that the league of nations is going to be a popular platform for the democratic party, but when the issues are more fully defined the voters will go to the polls to decide the question whether this is a one man government, who has been the dictator for several years.

One of our business men sold out with the intention of going into the fruit business in the Willamette valley. We do not know of any better place to go into the small fruit business than in Tillamook County. One of these days people will wake up to the fact that a ten or twenty acre tract of loganberries in this county will bring in more than a comfortable income for a good sized family. And there are thousands of acres of unproductive land that can be turned into small fruit farms. Climatic conditions on the coast are most favorable for loganberries, for they require plenty of moisture. Take, for illustration, the whole of the Netarts country. Yellow weed have crowded out the grass, but the land is excellently adapted to raising loganberries. So why go to the Willamette valley or other sections of Oregon to buy a fruit farm when Tillamook county is better adapted to the culture of the loganberry than any other section of the state? Some persons think that timber is the great asset to this county, but we want to say that there are great possibilities in Tillamook County besides lumbering. Several efforts have been made to boost the loganberry industry here and we think that more of our citizens should take a lively interest in it and plant out a few acres. Get everybody talking raising loganberries, and if people who are now wasting their money by extravagant living would put money into raising loganberries they will have something worth while when things tighten up and money is not so plentiful as at the present time.

Mr. McAdoo has refused to run as a presidential candidate in Georgia, California and Michigan. Which suggests that Mr. McAdoo knows his father-in-law better than the nomination or is going to dictate it, and that he will not name his son-in-law. Perhaps, too Mr. McAdoo opines this is not a democratic year.

The railroad deficit for January was \$64,000,000 and the people will have to pay that amount. Well, a little insignificant sum of money like that don't cut any figure with the democratic government, for it has been spending the people's money the same way that drunken sailors get away with their money.

**MISMANAGEMENT RESPONSIBLE FOR SUGAR SITUATION**

Causes of the Shortage and High Prices are Explained.

The complete mismanagement of the sugar problem by President Wilson and his agent, Attorney General Palmer, were set forth in a speech in the House of Representatives recently by Representative Tinkham, of Massachusetts, who said:

The utter incompetence, inefficiency and criminal disregard of the interests of the people of the United States by the present administration and its agents can find no better illustration than in its mismanagement of the American sugar problem during the last six months.

The present administration and its agents have contributed most materially to the increased cost of living and in some cases have protected rather than prosecuted the profiteers.

The gross mismanagement of the sugar problem alone has led to an increase in the cost of living to the American people for the ensuing year of between \$700,000,000 and \$900,000,000 and has been accomplished by the most atrocious and most shameless profiteering known in this era of extortionate oppression.

Sugar was sold uniformly at retail during 1919 at the price of 10 cents and 11 cents per pound. It is now being sold at retail at from 18 cents to 22 cents per pound and some in excess of this figure. At every 2 cents increase per pound is an increase in cost to the American people of \$180,000,000 per annum, an increase of 10 cents is an increase of \$900,000,000 per annum. Most of the increase in the price of this necessity and the resulting increase in the cost of living to the American people is chargeable entirely to the President of the United States and to his agent the Attorney General.

The Executive Presidential Department cannot be investigated by Congress but the conduct of the Attorney General can and should be investigated at once as to his indefensible action in relation to this question, and I have filed today an order of investigation.

**Purchase of the Cuban Crop.**

During 1919 the Sugar Equalization Board, of which George Zabriskie was head and of which corporation the president of the United States held all the stock, purchased the Cuban crop with the consent of the president, for 5 1/2 cents per pound and as a result the cost of sugar at retail in the United States was 10 cents and 11 cents per pound—for the price of the Cuban crop fixes the price of the sugar in the United States. Last August and last September in two communications the Sugar Equalization Board warned the president of a great shortage in sugar for 1920 and a great increase in the price of sugar if he did not assent to the purchase of the 1920 Cuban crop which the equalization board said could be purchased at 6 1/2 cents because of an offer by the Cuban government. Had permission been granted by the president to do as the Equalization Board advised, the price of sugar to the American people for 1920 would have been but little in advance of that maintaining during most of 1919. The President refused his permission.

The Attorney General, on November 8, last, when sugar was selling at between 11 cents and 12 cents per pound at retail, by his own admission agreed with the Louisiana sugar producers to allow them to charge 17 and 18 cents for their sugar at the plantation. The Attorney General if he had made no agreement with the Louisiana sugar producer would have kept the price of the Cuban crop at a reasonable figure, whereas, by his action, which I shall prove to be entirely illegal from his own admissions, the Cuban crop was advanced to unheard of prices, from 6 1/2 cents per pound to 11 1/2 and 12 1/2 cents per pound at the plantation.

**Helpless to Stop Profiteering Org.**

George Zabriskie, head of the Sugar Equalization Board stated to the New York Globe on December 24, and the statement was repeated in the Literary Digest of January 10 and has not been contradicted, that he was helpless to stop, "the worst orgy of profiteering from which the country has thus far suffered," and further stated:

"The sugar situation is now hopeless for the reason that it has got into politics, and the sooner it gets out the better. The ridiculous price of 17 cents wholesale for raw sugar now charged by the Louisiana planters is an outrage. I can't say that Attorney General Palmer fixed the price, but it was known in Louisiana that he would stand for it."

"It was known, furthermore, that he approved it. It was this folly that

inspired the Cubans to make their gouge. When they saw American sugar planters getting away with 17 cents they decided it was perfectly legitimate for them to get some of the plunder, and today the people are paying the price for the Attorney General's mistake."

"Had the Sugar Equalization board been permitted to exercise its own judgment, instead of the country facing a famine as it now does, we would have had the largest crop of sugar in history at 6 1/2 cents per pound."

**CALL FOR BIDS**

Notice is hereby given that Tillamook City, Oregon, will receive bids for the improvement of a portion of Fifth Street to 6 Ave. West, in accordance with plans and specifications therefor now on file with the City Recorder, said improvement consisting of the grading of said portions of street and paving the same, 7646 sq. yds., together with matter appertaining thereto as specified in said plans and specifications.

All bidders must file with their bids, certified check payable to the order of the City Recorder for not less than ten percent of the amount of the bid, to be forfeited to Tillamook City if the successful bidder shall fail to enter into contract with approved bond for the carrying out of his bid if required so to do. Bids will be received up to the 19th day of April, 1920, at the hour of 8:00 o'clock P. M., and should be addressed to the City Recorder.

Dated this March 24th, 1920.  
Frances B. Stranahan,  
City Recorder of Tillamook City, Oregon.

**CALL FOR BIDS**

Notice is hereby given that Tillamook City, Oregon, will receive bids for the improvement of a portion of Third Street in accordance with the plans and specifications therefor now on file with the City Recorder, said improvement consisting of the grading of said portions of street and paving the same, 5706 sq. yds., together with matter appertaining thereto as specified in said plans and specifications.

Separate bids will be received for the doing of the excavation required for the improvement, and for the doing of the remainder of the work covered by the proposed improvement.

All bidders must file with their bids, certified check payable to the order of the City Recorder for not less than ten percent of the amount of the bid, to be forfeited to Tillamook City if the successful bidder shall fail to enter into contract with approved bond for the carrying out of his bid if required so to do. Bids will be received up to the 19th day of April, 1920, at the hour of 8:00 o'clock P. M., and should be addressed to the City Recorder.

Dated this March 24th, 1920.  
Frances B. Stranahan,  
City Recorder of Tillamook City, Oregon.

**MOOSE DANCE.**  
Thursday, April 8, at K. of P. Hall.  
Sunset Jazz Orchestra.  
Tickets \$1.00, including war tax.  
Courteous treatment to all.

**THE TIRE QUESTION.**

is a pretty serious one with most motorists. Tires and tubes will wear out you know and they cost like the deuce to replace with new ones. In fact, you know tire upkeep is one of the most expensive things about a car. Our tire vulcanizing will save many of your old used tires and save you many dollars. Try this way.

**CALL FOR BIDS**

Dated this March 24th, 1920.  
Frances B. Stranahan,  
City Recorder of Tillamook City, Oregon.

**BIG PROFIT IN MILK AND BUTTER**

Small Investment Brings Big Return. Mr. Weaver's Plan is Simple.

"I bought a package of Dr. LeGear's Stock Powders from my local dealer and after feeding it to my Jersey Cow, she increased from 3 quarts to 12 quarts of milk per day, and after continuing the Powders for 30 days longer, she increased in butter fat from 5 pounds to 10 pounds per week, and at the end of 5 months, she was making 12 pounds of butter fat per week."

—L. B. Weaver, Grand Rapids Mich.

Mr. Weaver followed the advice of Dr. LeGear, Graduate Veterinary Surgeon of 27 years experience, and is money ahead. Here is the Doctor's offer to you: Get a package of Dr. LeGear's Stock Powders from your dealer; feed it to your horses, milk cows, steers, hogs and sheep as per direction and after a thorough trial, if results are not satisfactory, just return the empty carton to your dealer and your money will be cheerfully refunded.—Dr. L. D. LeGear Med. Co., St. Louis, Mo.

A STORY OF LIFE—AND DEATH.

"I was rather tolerant of the chap who signed me up for life insurance, and accident and health insurance—did it partly as a favor to him, I thought. He tells me that he makes the last call too as well as the first. After the doctor, the lawyer, the preacher and the undertaker, the insurance tax collector have called, yes, after the friends have called and left their flowers and words of sympathy for the widow, this life insurance chap calls and leaves the life insurance check that takes care of all the other caller's bills."

Toledo, Ohio, June 11, 1919.

H. W. Falconer, Dist. Manager, Aetna Life Insurance Company, Toledo, Ohio.

Dear Sir—I am pleased to acknowledge receipt of draft from the Aetna Life Insurance Company in

the sum of \$14,000.00 on account of the accidental death of my husband—Frank L. Foster.

Mr. Foster's death occurred Saturday evening, June 7th, as the result of an automobile accident happening on a bad piece of road on the Dixie Highway between Toledo, Ohio, and Monroe, Mich.

Proofs were presented on June 11th and draft was handed me on the same day.

Your Mr. H. O. Dunbar sold this Accident Policy to Mr. Foster in January of this year, and Mr. Foster has paid only one premium of \$35.00.

I surely wish to thank both you and Mr. Dunbar and the Aetna Life Insurance Company for the prompt payment and the very courteous treatment shown me in the settlement of this claim.

Yours truly,  
Mrs. Abbie H. Foster.

**FILL-OUT-AND-MAIL-COUPON**

With the understanding that I incur no obligation whatever, please quote premium for a Life Insurance at Age 60 paying me \$ per month.

I was born year month day.
