It's all right to disagree with a fellow, but don't use such striking arguments as your fists. If you do it may cost you \$25. That's what happened to Babe Barber when he hit Frank Dendoy in an argument Thursday down at the mill. We don't see why Frank didn't use his fists too, and then go fifty-fifty on the fine.

The crowd was not large but was very lively, at the basket social Friday night. Only five girls were present, so the boys had quite a time to get a basket. But when they did get baskets, the cats were worth the trouble. The proceeds were to go to the Loyal Daughter's class, and they expect to give another entertainment sometime next month.

The Shakespeare Club held its extra March meeting at the home of Mrs. Crenshaw, Wednesday afternoon. The regular business was attended to, and the third act of Antony and Cleopatra was read. The invited guests were Mesdames Pennington, Plank, Zella Harrison, Halton, Hayes, Franklin, Holden and Max Schultz.

A number of friends met at the home of Alta and Aivera Truf, for a surprise party last Wednesday evening. Prof. Turnbull left for Spokane Tuesday morning, where he will attend the meeting of the Inland Empire Teachers' Association. This association is the largest of its kind on the coast, as it includes the principals and superintendents of Oregon, Washington and Idaho. It meets every year at Spokane to standardize and unify the work of the teachers, therefore it is more important than the State Association. Mr. Turnbull expects to return Saturday, and, at the local institute, which is to be held April 10, will give a report of the meeting.

Excitement was high Saturday afternoon, when Charles Pankov of the Star Garage was arrested and taken to the recorder's office, charged with drunkenness and disorderly conduct. The charge was proven false however, and he was dismissed.

When questioned about the incident Mr. Pankov sorrowfully shook his head and murmured, "Just my luck, and I didn't even have a smell of the cork." Hard luck, we'll say. He was demonstrating an Overland Four.

Watson General Insurance Agency on and after April 5th. Mr. Keith has been with the Aetna for many years and is thoroughly conversant with all lines of life, accident and health insurance. The Boy Scouts will meet Friday evening at 7:30 at the Christian Church basement to re-organize for the purpose of helping Tillamook to win the Thomas H. Ince trophy. This trophy is being contested for by cities of the Pacific Coast states, including Western Canada, Hawaii and the Philippines, and is to be presented at the Fire Chief's convention next September. It consists of a silver cup 34 inches high, costing over \$500 presented by Thomas H. Ince, the movie producer, and \$250 in silver given by the Fire Prevention Bureau of the Pacific Coast, for the city making the best showing in prevention of loss by fire. A picture of the cup can be seen at the office of Thomas Coates, on Second Street.

After several attempts at his own life, Jean Remond was committed to the insane asylum. One day last week he cut his throat with a razor, and was brought to the Boal's hospital. He escaped from there and was put in the jail, where, by some means, he procured a bottle. After this attempt he was removed to a cell, but he did not give up. Instead, he took the buckle off his belt and re-opened the wound in his arm with it. The buckle was taken away from him, but he found a piece of lead pencil, which he broke in pieces, and tried to reach the arteries with the splinters. The warden came in from Salem and took him away Sunday morning. They found it necessary to bind him, both hand and foot.

The party given by Mrs. David Kuratli at her home Tuesday afternoon was a very charming affair. The rooms were decorated with daffodils, green and yellow being the colored scheme used. Those present were Mesdames Case, O. Schultz, Carl Schultz, Halton, B. C. E. R. Campbell, formerly Fire Marshall of the Emergency Fleet Corporation, P. E. Overend, formerly physical instructor of the Y. M. C. A. at Oakland, Cal., and F. C. Chief Coates addressed the Boy Scouts on Sunday morning, and the High School on Monday, on fire prevention with special reference to the winning of the Thomas H. Ince trophy. Wednesday evening Mr. Campbell also met the Hose Com-

pany. Considerable interest has been aroused, and, by the cooperation of the people, there is no reason why Tillamook should not have a good chance as any other city to win the trophy. The period of the contest is from January 1st to June 30th, and half the time has already elapsed without the loss of one dollar, by fire, in Tillamook. Let everyone get in and help.

Monday morning, before the sun was up, in fact, at four o'clock, R. V. Miller and G. A. Martin started for Portland overland. Things were fine until they got as far as the Yellow Fir mill, when the clutch of the car began to slip. They were forced to return for another car, but it was no better than the first, so they came back once more. The third time they took a regular car, a Ford Sedan. We don't know what they were thinking or saying by this time, but it is a pretty good guess that someone's chin wiskers were working pretty lively, isn't it, Mr. Miller? Anyway they were like Robert Bruce and thought there was no harm in the saying, "If at first, you don't succeed, try, try, again," and they did. The third time was the charm, for they were seen in the Little Ford, rambling along through Grand Ronde at ten o'clock that morning.

Enumerate Explains Situation.

Had the few people who now nearly two months after the enumeration of Tillamook City had been completed, had helped me to the extent of reporting to me as I kindly asked them to through the medium of your newspaper before I closed up my papers and sent them in, instead of reporting to the Headlight at this late date, there wouldn't have been the unpleasantness of being left out. Also let me state that a few of those who feel themselves so neglected, were counted though I was unable to see them personally and get the data but recorded their names. All I needed to make a complete count was a little co-operation.

Neil Rasmussen, Enumerator.

Tillamook County Inter-Church Conference.

The Tillamook County Inter-Church conference will be held at the Christian church Sunday, April 11, 1920. The sessions are to be at 10:30 a. m.; 2 and 7:30 p. m., at which the outstanding leaders of the various denominations of Oregon will speak. The movement does not advocate an organically united church, for some co-operating communions do not favor that, but it proposes that the allied church shall undertake present day tasks. This allied church will eliminate waste of money and lost motion in missionary effort and will organize the whole membership of the church for work.

The world war opened the eyes of the Christian churches to the needs of the whole world. Inter-Church Movement surveys are charting these needs on a world scale so that all Christians in the churches may see and face the facts, and these facts call for the greatest Christian crusade ever organized against paganism and materialism. This seems a new life for your home church in co-operation with at least 140 organized agencies of 24 Christian denominations.

No Christian wants to be a slacker in this supreme hour of opportunity for service. But where and how can

you best serve? The Inter-Church County Conference will offer not theories but definite things that you can do right where you are. All church members and friendly citizens are invited to its sessions.

H. S. Davidson Gored to Death By Bull.

H. S. Davidson, of Beaver, met a horrible death Wednesday evening by being gored and trampled to death by an infuriated bull which belonged to him and Bob McClay, a neighbor. No one witnessed the accident, and it was not known that Mr. Davidson had been attacked until his small son, who had just returned from school, went to call his father for supper. Not finding anyone in the barn, or receiving any answer to his calls, he went out in the barnyard, where he found the body of his father lying on the ground. His clothes had been torn off him. Client King, the nearest neighbor was phoned for, and when he came with his gun the animal was still raging. He saw that Mr. Davidson was dead and knew it would not help him to kill the bull, but he phoned for Mr. McClay, who came and said that it should be killed, by all means. This certainly is a blow to Tillamook, as Mr. Davidson was well known and was one of the county's best citizens.

Ministerial Association Indorses Inter-Church World Movement.

At a meeting of the evangelical protestant pastors of the city Monday forenoon at the German Reform church, the County Minister's Association was reorganized with the election of the following officers: President, Harry E. Tucker; vice-president, E. F. Wriggle; secretary-treasurer, G. O. Oliver.

After some discussion the activities of the Interchurch World Movement, which is an attempt to bring about the hearty co-operation of American Protestantism in all the tasks and problems of the church, both local and world-wide, were unanimously endorsed.

W. G. Lienkaemper was elected county director and A. A. McRea, community director of the united simultaneous financial campaign to be commenced April 25 to May 2 throughout the United States.

Wm. Briscoe Back in Missouri.

Mrs. Fred Burton has received a letter from her father, Wm. Briscoe, who is visiting in Pleasant Hill and Kansas City, Mo., his old home, which he left 48 years ago this spring. Following is a part of the letter: "I haven't seen any place since getting out of Oregon fit for a white man to live in. The weather is warm and fine here, but I honestly wouldn't live back here again if they should deem me the best farm in the state. There has been many changes, but not the improvements I expected to find. I expected to see the country checkerboard with paved roads, but they are still using the same old mud roads that I hauled corn to the mill with ox-team when I was a boy. The roads are the only thing that looks natural."

"Prices in everything as far as I have been able to determine are much higher here than at home. And I never miss a chance to tell people what a fine big progressive country we have west of the Rockies and particularly do I tell them of the fat cows, green grass and the big chesee of Tillamook, and should any one when I get home have the temerity to call me a Missourian there will surely be something doing—let it be understood I am an Oregonian and a Tillamooker."

GOOD CARD ARRANGED FOR NEXT BOXING CONTEST.

Neil Zimmerman, who fights in the main event in Tillamook, April 3, is considered one of the most promising lightweights ever developed on the Coast. He has gone right along winning victory after victory, many times against larger and more experienced boys. He is one of two sons of a Portland minister who believes boxing one of the healthiest of sports.

Carl Martin, Neil's opponent is likewise a good, strong boy, whose experience is more extensive than Neil's. Carl has won his last two fights handily. Neil and Carl have an old score to settle, as two years ago when Neil was just starting, Carl knocked him out, the only set back which appears on his record.

Henry Kreiger, who will be featured in the 8 round semi-wind-up, ranks amongst the best weight-weights. He has defeated such boys as Billy Wright, who claims the coast title; Romeo Hagen, Jimmy Fox and many others. He has twice knocked out Fox. His last appearance was at Pendleton, a month ago, when he won from Battling Hardy in six rounds.

Kreiger's opponent will be Kid Woods, a rapid-fired, hardhitting youngster who believes in ending matters speedily.

The curtain will bring out Sky Pilot Zimmerman's other fighting demon, Earl, who is older than Neil, but lighter. Earl twice defeated Sam Gordon, the Portland boy who recently returned from a successful invasion of California. Earl's opponent will be Frankie Webb, who has

been fighting two or three times a month for the last year and who has lost only one decision in that time. Webb is as ferocious as a bulldog when fighting, doesn't know what fear is and hits with great force. No one has ever knocked him off his feet. Webb and Earl Zimmerman will weigh 123 pounds.

Tickets are on sale at the Rialto, come out and bring the ladies.

High School Notes.

Loud Sock Day, Friday, was a great success. A brilliant and gawdy array of socks was exhibited. The faculty failed to appear in various colored wearing apparel, however no violence was done them.

Our boys saved our reputation in basketball Thursday when they conquered Garibaldi. When the last quarter was over the score was forty five to nine. We believe our success was largely due to the fact that "Shingles" was playing.

Mr. Tom Coates, chief fire marshal, of Tillamook, Mr. Cantbell, who was fire chief of all the ship yards on the Pacific Coast during the war, and Mr. Oberend, formerly a physical director at Oakland, Cal., addressed the student body Monday on fire protection.

A week from Wednesday our girls will battle the Bay City girls in a game of basket ball. This is going to be a fine game, as our girls have been practicing very hard lately.

A rally was held Tuesday for the basket ball game Thursday night between Tillamook High and Bay City. This is to be the last game to be played by the basket ball association. The high school student body will attend and we expect to have some unusually good yells.

Prof. Turnbull is attending the Inland Teachers' Association, at Spokane this week.

A Perfectly Lovely Time.

Dr. J. W. Hill, E. W. Barnes, John C. Veatch and W. M. Magill, of Forest Grove, were in Tillamook over night last Friday. They drove in by the way of Sheridan, and from their lurid description of the tale, it was a very wild and exciting ride through the rain, mud, snow and sleet. At nine o'clock Thursday evening their auto broke down, and it was only through the goodness of Mr. Japlayda, a resident of Middle, that they were able to continue their journey. That gentleman had a heart that was so big that he left his warm bed and brought them the rest of the way into Tillamook. The roads were almost impassable in places, and in other places trucks were stuck in the mud, so they had difficulty in passing them. But perseverance always repays one, so they kept pegging along, and at three o'clock Friday morning they arrived in Tillamook wet, tired and sleepy.

And here is where the worst part come in, only one bed was to be had at all the hotels and rooming houses. While they were debating whether they should take turns sleeping, or not, a good Samaritan in the guise of the city marshal showed up, and took two of them off to the city hall, where a fire was made for them, and they spent the rest of the night in the council chamber in chairs in peaceful repose.

Dr. Hill said: "Now mind you, I'm not kicking, for I had a perfectly lovely time, but this little incident shows the imperative need for a solution of the housing problem." Never mind gentlemen
