Shultz were on the committee. Every one stayed until late, and report a good time.

Remember the Firemen's Ball Saturday evening! This is the annual ball that should have been given by the boys on Washington's birthday, but was postponed on account of the flu. Everyone should be present, as the proceeds show the appreciation of the citizens. The proceeds of the last two dances have gone to pay for the truck, and this time they probably will be spent for a pull motor.

The Tillamook County Teacher's Association met at the Tillamook High School last Saturday. About fifty teachers were present, and a very profitable day was spent. The speakers were E. K. Barnes, of Nehalem High School, Supt. L. W. Turnbull, of the Tillamook City schools, Mrs. Clara Burge and County Supt. Lamb. The teachers endorsed a resolution favoring a two-mill elementary school bill.

Mrs. Bushman will be in Tillamook for two weeks, and will be at Dawson's store and at the Star Grocery. A free cook book is given with each order of Fisher's products.

State Senator T. B. Handley has decided not to make the race for reelection, the reason for this is on account of the large increase of business of the law firm of Johnson and Handley. The snap shot man feels disappointed, for Mr. Handley made good as joint representative and as joint Senator, giving general satisfaction to his constituents, not only in this but in the other three counties yet we must admit that it was at considerable sacrifice to Mr. Handley when he left his growing private business and devoted considerable time to the welfare of this county and the state.

The public is cordially invited to attend the opening of the "Ovo Studio", which is to take place Saturday, April 17, from ten o'clock in the morning until nine o'clock in the evening. Shultz, Carl Shultz, Partridge, B. C. Lamb, Stanley and Grider.

At a meeting of the executive board of the Tillamook County Chapter, Red Cross, on Monday, Miss Elizabeth Burrows, who has been acting as executive secretary, engaged in cleaning up the war work amongst ex-service men, made a partial report of her work as she has resigned to go to Baker City. A vote of thanks was given Miss Burrows. As the Western Division is anxious that the work be carried on in this county, the board was anxious to obtain the services of Mrs. Everson and the chairman was instructed to confer with her, who has consented to fill the vacancy. There are quite a number of cases pending and fresh cases cropping up every day.

Owen LeRoy Kennen, of Watseco, and Ruby Beatrice Perkins, of Portland, were married at the Christian Church parsonage Tuesday afternoon by Rev. H. E. Tucker. A number of friends and relatives were present. Mr. Kennen was born on the thirteenth, joined the army on the thirteenth, sailed for France on the thirteenth, the number of his bunk was thirteen, he was mustered out of the army on the thirteenth, and was even married on the thirteenth. Are you superstitious? He isn't, at least he doesn't think that thirteen is an unlucky number. Mr. Kennen served twenty months with the infantry at the front, being right in the thickest of the fight. They will reside at Watseco, and he hopes that thirteen will be Mr. Kennen's lucky number.

Eddie Heisel went out to Portland last week to see Wilbur Davis and came back smoking two bit cigars. (He didn't come back alone either.) When asked what was up, he said, "Why I've been out to Portland, didn't you know that?" Girls, Eddie stole the march on you, for he went out there and brought back Mrs. Heisel, who was Miss Louise Des Vairsy until Tuesday evening. The happy event took place at the home of the bride. The young couple will make their home on Henry Heisel's place, just east of town. They are very well known in Tillamook, and have a great many friends, who wish them success and happiness.

The Sunset Garage has on display a number of new DeWitt Ball Bearings, also the Hyatt and Simkins Roller bearings for all cars, for which they are the distributors. They carry a complete line of these exceptionally high grade bearings. The large 40x8 pneumatic tire should also be noted. These tires are used on large trucks, enabling them to carry almost twice as large a load as the smaller tires do. They are cheaper in the long run, in that they last three times as long as the others. They are not used in this territory as yet, but when the good roads are completed they will be much in demand by truck owners.

Wednesday evening at the home of Mrs. Fred Christensen a delightful party was held. Those present were Mr. and Mrs. Bales, Mr. and Mrs. Hill, Mr. and Mrs. Haberlach, Mr. and Mrs. Harry Thomas, Mr. and Mrs. Savage, Mr. and Mrs. Hanselmeier, Mr. and Mrs. Alvin Williams, Mr. and Mrs. Gordon Burge, Mr. and Mrs. Max Shultz, Mr. and Mrs. D. Kuratli, Mr. and Mrs. Franklin, Mr. and Mrs. J.M. Smith, Mr. and Mrs. Harry Hogan and Mr. and Mrs. Winslow. The evening was spent at cards, and refreshments were served, also a game "You ought to know," was played. Mrs. Haberlach winning the prize. The ladies high prize was a potted primrose was won by Mrs. Burge, and the man's high prize, a pocket memorandum book, was won by Merrel Smith.

The City Council passed an ordinance about two weeks ago that a census of the city should be taken. The purpose of the census is to ascertain whether there is population large enough for an Elks Lodge to be organized. The grand lodge requires a population of five thousand, and the men on the committee think there will be more than that. The committee appointed was: Charles Pankow, chairman, Webster Holmes, J. Merrill Smith, Fred McKinley and John Carroll, and they will begin work sometime next week. There is about one hundred Elks in the county, so a good sized assembly would be assured. The business men should lend a helping hand to the committee, and all the people should heartily cooperate with them, as they are doing it for the good of the people.

No increase in auto license fees is required in order to pay the interest and principal of all state highway bonds that can be issued under the proposed 4 per cent constitutional amendment that will be voted upon at the May 21 election. Neither is any increase required in the gasoline tax. Nor is any tax on property in-

cluded. Revenue from the auto license fees and gas tax at present rates will be ample to care for both interest and principal of all the bonds that can be issued under the proposed 4 per cent limitation. The present road bonding limit is 2 per cent of the assessed value of property in the state. The increase is necessary in order to make it possible to complete the main state highways within the next few years, instead of waiting indefinitely for their completion from annual revenues. By issuing the bonds, the roads can be provided for use while the auto license fees and gas taxes are being paid.

While blasting stumps at the Whitney camp last Thursday, L. Hernandez, a Mexican, formerly an aid to Carranza, was struck by a large rock and rendered unconscious. As there was no other way for him to be brought to Bay City to receive medical treatment, several men carried him out to a point several miles down the river and put him in a wagon. It was necessary to ford the river near the Thomas place, and as the water was very deep and swift, one of the horses lost its footing and fell. The team and wagon were then carried down the river into a deep hole where one of the horses was drowned. Hernandez was thrown out of the wagon, and as soon as he struck the water he regained consciousness and swam ashore. The driver was unhurt, so the injured man was taken to the Tillamook Bay Hospital. His skull was badly fractured and his head was cut in several places, requiring seventeen stitches. Hernandez is getting along very nicely and will be well before long.

One day last week Mont Sweeney, who works at the Whitney camp, fell from a wagon and cut his knee seriously. He was taken to Bay City to Dr. Hawk's hospital. Several stitches were taken in the injured knee. Dr. Hawk reports that he is recovering rapidly.

Strike Interferes With Shipping of Cheese.

Carl Haberlach reports that owing to strike of railway switchmen shipping has been greatly hampered the last week. One car of cheese destined for Los Angeles was stranded at East Bakersfield, Cal., and as it was improbable that cheese would be able to reach Los Angeles, he instructed the Los Angeles over truck and take same to Los Angeles. The railroad does not assume liability on account of strikes. Several smaller shipments are also held up at different points. Several shipments have now gone forward by express. If the road to Portland was at all passable for trucks, at least two thousand cases of cheese would have been hauled to Portland this week by truck, there to connect with California steamers. It will be seen that the road question is a vital one in this county. It is probable that later on cheese will be trucked to Astoria to connect with California steamers.

Two of the larger factories are now getting about 24,000 lbs. milk daily.

Musical Recital.

An appreciative audience greeted the ten little pupils from the two Dunning classes, under Mrs. C. J. Holden, at their recital Monday evening at the Tillamook High School Auditorium. The entire program was well rendered, as each number displayed good technique, rhythm and expression, and each pupil deserves special mention. Their memory training was above reproach, as not a number was played from the music.

The musical education of the pupils is not limited to playing a few numbers, for Carolyn Haberlach gave an analysis of the "Mill at San Souer" in a few well chosen words. Pearl Anderson, also gave an interesting account of the life of G. Verdi from a book compiled by her class, and Lois Wilks, a wee miss, gave a creditable demonstration of transcription.

At a late hour Dorothy Haberlach, who had had six months instruction, and Donald Crenshaw, who has had ten months instruction, were called upon to substitute, owing to the illness of Vera Rosenberg. They played their parts from memory in a very creditable manner. Kathryn McKinley gave two songs in a very pleasing manner, singing to her own accompaniment. Mrs. O. M. Cook, in her usual charming way, gave two vocal selections, which were well received and very much appreciated.

Many beautiful flowers were presented to the little performers by relatives and friends. The little flower bearers were Ethyl Thomas, Ella and Mayone Krake, Dorothy Haberlach and John Chester Holden Jr. They were assisted by Vera Rogers and La Verna Holden. Wesley Tippin and Gerald Crenshaw acted as ushers.

The program was rendered as follows: Duet, "At School", March, by Vera and Glen Rosenberg. "On The Green" and "Left Foot, Right Foot", by Jean Clough, "Trumpeters Serenade" and "Song of the Katydid", by Vera Rosenberg. "Vesper Bells" and "March of the Tin Soldiers", by Floyd Rosenberg. "Pink Domino Waltz", by Glenn Rosenberg. "Huckleberry Phin" and "Three Little Kittens", by Pearl Anderson. "Dance of the Sea Dragons", and "The Recruits", by Margaret McKinley. "In Slumberland", and "Rocking Horse", by Kathryn McKinley. "Moonlight Nights", "Serenade Barcarolle" and

"Mill at San Souer", by Carolyn Haberlach. "Slumber Song," and "The Little Secret," songs by Kathryn McKinley. "Arpeggios," "Le Carillon" and "United States America", with medleys, by Carolyn Haberlach. "Pansies," a song, and "Charming Shepherdess" by Lois Wilks. "Waiting Nymphs", "La Fontaine" and "Intermezzo Russe", by Pearl Anderson. "Little Mother of Mine", and "For You," songs by Mrs. O. M. Cook. "Ernani" and "March of the Midgets", by Pearl Anderson.

County Teachers Pass Resolution.

Resolved: That in the present period of dissatisfaction and social unrest, the prosperity of our nation and the perpetuation of the great ideals for which it stands depend very largely upon the training for citizenship which the children of our county receive in the public schools, and,

Whereas, competent, well trained men and women who are capable of doing this great work cannot remain in a profession which offers them only a "starvation" wage, and,

Whereas, the two mill elementary bill provides for the raising and distribution of a state school fund which will enable our schools to carry on more effectively the work of training true American citizens

Therefore be it resolved that we, the members of the Tillamook County Teachers' Association do heartily support this bill and pledge ourselves to vote for it on May 21st, 1920.

Mr. O'Brien is cast in a role for which he is admirably adapted in this romantic drama of the splendor of New York and the simplicity of the small town. As Brain Lazar, the poor, struggling artist, whom women worship, Mr. O'Brien gives the screen a characterization which will thrill and charm his audience. He is "the perfect lover"—the man whose charms no woman can resist.
