thought advisable to make the date later than last year, so the dates are September 14, 15, 16 and 17 of September.

Dr. Reedy went out to Albany Tuesday morning to get a load of milk cows. When asked when he would be back, he said "I'll ride back in the freight car with the rest of the cattle, Saturday."

W. Romack, of Portland, was in Tillamook on business this week. He said he came over here to borrow money, but struck a man that didn't have as much as he did, so it was all off. He was also at Rockaway and other beach points.

Mrs. W. D. Olden returned to her home in Portland Thursday morning, after spending a few days here on business. While here she was the guest of Mrs. O. A. Eastman, and together they made several trips to Netarts.

Dr. and Mrs. W. E. Lebow have gone to Portland for a month. Dr. Lebow will have charge of Dr. Wise's Portland office while Dr. and Mrs. Fellows are visiting in California. During his absence Dr. Wise will make the Nehalem and Wheeler dates.

W. S. Raker, who is connected with the Northwestern Mutual Life Insurance Co., is in the city. Mr. Raker is well known in this county and has written a good deal of life insurance here. One of the many good traits about Mr. Raker is the fact that he is a good roads booster.

Tom Stephens, the Shilling's Best man, was in Tillamook last week with a bit of advice for the ranchers of the county. It is this drink more coffee, get more strength, milk more cows and get rich quicker. Mr. Stephens says he is a Tillamook County booster.

Those leaving on the train Wednesday morning were Mrs. C. E. Reynolds, for West Timber; E. R. Repass, for Garibaldi; Mrs. L. V. Wilson, for Brighton; H. E. White for Timber and J. Sester, Miss O. C. McKay, William Hosley and John Stranberg, for Portland.

A good time was reported by every one who attended the theatre party given by Mr. Beale's class of young people Thursday evening. After the show was over they returned to the Methodist church and had music, games and refreshments. There were thirty or more young ladies and men present.

C. C. Dunn vs. A. L. Babcock is a suit filed in the circuit court to enjoin the defendant in any manner whatsoever obstructing a certain road on the Sandlake-Cloverdale road, the said roadway to be decreed a public road, and that defendant be required to remove all obstructions thereon.

F. W. Laufman, who represents the F. W. Masury & Son Co., of San Francisco, was in Tillamook last week. It is interesting to know that Mr. Laufman is the oldest traveling man on the coast, having been on the road for forty-four years. He made frequent trips to Tillamook when just a young man.

Mrs. B. J. Curly, of Portland, was in Tillamook a few days last week to look after her property interests at Netarts. She had planned on starting a restaurant there this summer, but as the roads will not be in good condition, business would be greatly hindered, so she will wait until next year.

The dance at Garibaldi Cove Saturday evening was a huge success. There was a large crowd and good music, so everyone had a good time. The prize for the best waltz was awarded Miss Alice Van Nortwick, of Rockaway and Wilbur Davis of Tillamook. This is the 8th prize won at dances by Mr. Davis.

Bert Thompson, who was in Tillamook last week to visit, sailed on the U. S. S. Mantague, for Japan, on the 18th of this month. During the war Mr. Thompson was in the navy, and made numerous trips across on destroyers and transports. This is the

second voyage of the U. S. S. Mantague, it being a new ship.

If Dame Fashion would only get behind the movement to reduce the cost of clothing and advocate overalls for men and coversalls for women the question would be solved, but there is no danger of Dame Fashion doing anything like that, nor will there be any great desire on the part of the people to wear overalls and coversalls.

The few friends who were present at the charming little party given by Miss Velda Van Tuyle, at her home last Thursday evening, said they had a very good time indeed, and that they wished to go again soon. The evening was spent at cards and music, and also candy was made and enjoyed by all those present.

Those leaving on the train Thursday morning were Mrs. Louis Dick, Chester Moor, for Bay City; Mr. and Mrs. Fred Nickalus, for Belding; Mr. and Mrs. L. G. Freeman for Hillsboro; Mr. and Mrs. W. M. Church, for Portland also Mr. and Mrs. Earl Foughs and Mrs. J. E. Mahoney for Portland and Arthur Tippin, for Hillsboro.

Sappington, to Ocean Lake; Hilding Anderson, to Timber; H. O. Behrens, to Garibaldi; Mr. and Mrs. L. E. Bousher to Barview and Mrs. J. R. Meyers, to Brighton.

One day last week a certain person who wished to see R. C. Jones, was sent to Dr. Reedy's Cattle Exchange to find him. On arriving there the person was told by the Doctor to look in a pen where a couple of calves were, for him. "You can tell Mr. Jones," he said, "for he's the one with the hat on." Three of a kind, we'll say.

J. T. Bethel, who represents the Sperry Mithell Co., was in Tillamook this week from Portland. This was his second trip to this part of the county. It is interesting to know that in 1889 Mr. Bethel attended college at Olympia, where John Leonard Henderson, now of Tillamook, was at the head of the commercial department.

J. A. Smyth has followed in the wake of the other jitney drivers, and has squandered his perfectly good money on a new Dodge Sedan. It is the classiest car in town, isn't it Mr. Smyth? Now that Bill Withrow has a new Oldsmobile, Wilbur Davis, a King, and "Schmiffy" a Sedan, we think it will be the Ford Doctor's and Clark Enbum's turn next to invest.

Did you notice that Dr. Reedy took Saturday afternoon off? Perhaps you will wonder why we speak in this manner well, it is this way, he had just bought a new Moon car from Noyes and Rogers, and had to put it on exhibition down by the Rialto. We'll say it is a prettiness car anyway, for we had the privilege of getting inside, "just to look at the upholstery, and see how soft the springs are."

J. M. Edwards, who lives on Sutton Creek, about five miles south of here, has killed six large bears already this spring. He has a couple of hunting hounds that go right after them. The dogs belong to B. Miner, who lives on Foley creek. Last summer eighteen bears were killed that had been treed by them, as many as three being killed in one forenoon. Last week, near Coats' camp, Edwards killed one bear Friday, one Saturday and two Sunday. Bruin won't last long at that rate.

The Loyal Sons of the Christian Sunday School gave a party last Friday evening in the Christian Endeavor room. A contest had been held some time before between the Loyal Sons class and the Loyal Daughters' class, the losing class giving the party at the end of the contest. About twenty young people were present, and every one had a delightful time. The cats were especially good as they were furnished by the boys.

A baby specialties shop has been opened on the balcony at King & Crenshaw's by Mrs. Edith King. Our models of hand embroidered dresses, coats, rompers, etc., are the very daintiest and sure to please. Stamped designs in embroidery and cross-stitch await your inspection. We do our own work and will take your order if we haven't on hand just what you wish. We also carry the Standard Fashion Co.'s Patterns. Spring styles are now in. We will be pleased to have you call.

Little Miss Anne Louise Burton entertained a few of her little friends Saturday afternoon, the occasion being her third birthday. The invited guests were: the Misses Louella Mae Morrison, Helen and Ruth Leary and Masters Charles Koch, Jack Carroll, Junior McGhee and Marville Heisel. After two hours of playing the little folks were served with ice cream and angel cake and all went home happy. The little hostess was the recipient of many useful and pretty gifts.

The Woodmen of the World Convention is to be held in Tillamook City this year, beginning May 23rd, and lasting three days. At the regular meeting Tuesday night the following were appointed as chairmen of the various committees, Joseph Mannix, publicity committee; A. H. Harris, entertainment committee; T. E. Epplett, Committee of finance, and they are to choose the other mem-

bers. The definite plans for the convention will be announced in a later issue. All the Woodmen are requested to be present at the regular meetings.

The Shakespeare Club met Friday afternoon at the home of Mrs. John Great and a very enjoyable time was spent by all those present. The rooms and the table were decorated with daffodils, hyacinths and other beautiful spring flowers. The regular business of the club was attended to, and the fourth chapter of "Antony and Cleopatra" was read, after which a dainty lunch was served. The invited guests were Mrs. Barnes, Mrs. Koch, Mrs. Farley, Mrs. Haltom, Mrs. Faulkner and Mrs. Bales.

Frank A. Rowe, of Wheeler, who is an aspirant for joint representative, a position he previously held, was in the city on Tuesday. He appeared a little surprised that F. R. Beals had also announced himself a candidate. Having entered the race Mr. Rowe intends making a fight for the nomination, leaving it to the voters to choose between him and Mr. Beals, but should Mr. Beals succeed in winning the nomination, Mr. Rowe says he will give Mr. Beals his support at the general election for both candidates are on friendly terms.

The Measuring Social which was held at the Reformed Church parsonage Friday evening, was a pronounced success. Each person was measured and were to pay ten cents for each foot high they were, and one cent for each additional inch. The money is to be spent for repair work on the interior of the parsonage. Games were played, and a short musical program was held, numbers were given by a male quartet, and several piano and violin solos were also very much appreciated by those present. The ladies served refreshments to about fifty guests, and everyone came away feeling that they had spent one of the most enjoyable evenings of their lives.

A meeting was held last week at the sheriff's office, the purpose of which was to organize for the Salvation Army Home Service Drive, which is to take place in Tillamook, May 1-10. The following officers and committeemen were chosen: president, W. L. Campbell; Vice-President, A. M. Hare; Secretary, T. H. Goyno; Treasurer, I. E. Keldson; organization committee, H. T. Botts, chairman, P. W. Todd, C. I. Clough and G. B. Lamb; Publicity committee, F. C. Baker, chairman, C. E. Trombley and C. B. Nunn; speakers committee, Jos. Mannix, chairman, T. B. Handley and Rollie W. Watson; Advance Gifts committee, J. M. Smith, H. Crenshaw, and C. A. Johnson.

The funeral of William G. Dwight was held at the R. N. Henkle Chapel Saturday afternoon at one o'clock. Rev. Tucker, of the Christian church officiated. The fifteenth chapter of First Corinthians was read, also the Nineteenth and Twenty-third Psalms. A few remarks were made by the Odd Fellows, and several hymns were sung by the Odd Fellows. The Odd Fellows acted as escorts to and from the chapel, also at the cemetery, where their services were held. Mr. Dwight was born in New York, April 1, 1881, and died in Tillamook April 15, 1920 at the age of 39 years. He had lived in Tillamook for many years. Deceased leaves a widow and a large number of friends to mourn their loss.

William Owens became insane at the Brighton Camp No. 4 last Thursday. By some means he procured a Colt's 45 automatic revolver and proceeded to make good use of it, by forcing a number of men to play cards with him and then taking the winnings for himself. He escaped with the loot and was found in the top of a fir tree near Rockaway, at three o'clock in the morning, by a searching party. They brought him to Tillamook where he was judged insane. As there was a strike among the employees of the Insane Asylum, no guards could be sent for him, so on Sunday he was taken to Salem by deputy Sheriff F. B. McKinley and Elmer Rice, who made the round trip in one day. Owens has a wife and child in Hillsboro, and his father lives in Wheeler.

## Coming—"Sundown Trail."

"Oh, east is east and west is west, and never the twain shall meet."

That oft quoted phrase of Rudyard Kipling may or may not be true, but west and south meet on common ground in "Sundown Trail" a new Universal six reel production starring Moroe Salsbury, which comes to the Gem Theatre next Monday.

Salsbury is seen as "Quiet" Carter, Southern aristocrat, who finally finds himself in "Spanish Bar," the wildest wooliest mining camp of "the west that was."

How "Quiet" Carter bests the frock coated bully of the camp and saves the girl he loves from a fate worse than death, provides the vital dramatic situations of the story.

## Christian Church.

Our Sunday evening services will be different from the customary program. We are going to have a portion of the Easter program repeated as many who heard about it have expressed a desire to hear and see "A Token of Love." Nothing better has ever been given. There will be special music and a sermonette. All in all it will take about one hour to render the program. The public is invited.

Harry E. Tucker, Minister.

Latimer, and together they crossed the plains and settled in Marion county. The following year they moved to Tillamook County, where she has since resided.

Let us join together at the Jubilee and appreciate the enjoyment.

## Ex-Service Men Take Notice.

Notwithstanding the efforts of the government of the United States to help ex-service men in various ways, it seems that many are doing for themselves at their own expense, the things which the government really wants to do for them.

Those who gave their services to the country in time of need are rightfully entitled to all that has been provided for them and the government holds to the opinion that the country has not done its full duty until every thing possible has been offered, it is therefore the duty of each man who has any claim whatever to avail himself of the various means available in taking care of his problem.

Many have disability claims, compensation claims, problems in regard to allotments, insurance and many other things which require help to adjust, for all of these and many others the Home Service Department of the American Red Cross stands ready to render assistance, having been organized for the express purpose of taking care of everything that pertains to the welfare of the home and home maker.

Possibly the reason for the failure to fully appreciate the gratitude of the government toward the men, is due to the fact that all cases are handled confidentially, no discussion of, nor publicity given to any case whatever, hence the work of the department has had no advertising to

call attention to the service it is able to render. It may be a matter of interest to say that numbers of cases have been handled in Tillamook County, yet there are many others who should seek the help provided before the work closes which will be in the near future.

One of the greatest benefits which has been provided for disabled men is that established by the Federal Board for Vocational Education. Because the plan was not thoroughly understood, some who are eligible to take this training have hesitated because of their dependents, not knowing that such dependents were generously provided for by the government during the time such training was being received.

The Tillamook Chapter American Red Cross, has an office in room 200 of the Tillamook building, and the secretary in charge will be very glad to render the assistance provided by the Home Service Department to all ex-service men who have problems to solve, to the families of men who were in service—in fact it would be impossible to enumerate the numbers of ways in which the Home Service Department can be of help, and it is hoped that many will avail themselves of the opportunity offered.

## Jersey Cattle Club Meets.

The Tillamook Jersey Cattle Club met at the Fairview Hall on April 15th, 1920. Considering the weather and the condition of the roads, the attendance was very good. It was not possible for those living at a distance to attend this meeting of the club.

The matter of the Jersey Jubilee was taken up by different members of the club, and all expressed a desire to attend if it is possible to arrange to do so. An effort is being made to have the state officials visit Tillamook at the time the Jubilee disbands at Salem, or at some time in the near future.

The subject of the county fair was also introduced and discussed by members of the club.

The subject of tubercular testing was also discussed by a number of the members all of whom are anxious to have their herds tested. Mr. Raker of Portland, who was with us, talked to us of the Pioneer Jersey of Tillamook, stating, among other things, that Dr. E. W. Mills was the first to introduce the pure bred Jersey in this county. Mr. Wilbur gave us an interesting talk on official testing, and encouraged all to test. Mr. Ellis, of Spokane, Wash., who represents the Oregon Farmer, was also present.

A committee of three was appointed to express the sympathy of the club to Mr. and Mrs. Hare in their recent bereavement and prolonged illness in their family.

The day was spent pleasantly and profitably, and each expressed himself as having a good time.

The club adjourned to meet at the home of Joe Donaldson on Thursday, the 28th day of May, 1920.

Rose Crawford, Sec. Treas.

## The Court House Overall and Coverall Brigade.

Have you seen the latest thing in spring wearing apparel? In the cities you are away behind the times unless you are clad in a pair of beautiful blue and white striped overalls, that is, if you are a man, and if you are a woman you should wear overalls. This is a good way to get the goat of old H. C. of L., and, of course, everyone looks stunning in overalls, especially those of us who are inclined to be rather weighty.

We thought that it would be a good idea to suggest to the Court House officials that they introduce the fashion in Tillamook, for then everyone else would follow suit. When we suggested it to Sheriff Campbell, he said, "Sure I'll wear 'em, that is, if they are striped ones, and providing someone will give me the price of a pair." Judge Hare said that he too, would wear the official court dress if he could afford it, but as he could not he would sign a contract to wear his old clothes for another year. That's what we call the spirit of self sacrifice.

County Clerk Mason always did look dolled up in overalls, being a familiar dress with him when pumping Guernseys, for he is one of the dairymen in the county that old Bossy warns up to, when dressed in that style, and County Treasurer, Kathleen Mills has no objections to wearing coveralls. County Assessor C. A. Johnson said he had no objections to donning them if the other courthouse officials would do the same, for he has always believed the high cost of living should be given the knock out blow.

Up in the roof of the court house, or up in the "gods" would be the proper expression if the court house were a theatre, the surveyor and his staff are so used to wearing overalls and other inexpensive clothes that they want to see the other fellows do the same.

Justice of the Peace Stanley says that overalls are no new thing to him for he has been reducing the cost of living all his life by wearing them, and Agriculturist Jones says he always wears them, for he says you never can tell when a pesky Ford is going on the "blink", and it saves time to have your overalls on already. T. E. Epplett says he is going to wear overalls because he knows how "catty" he looks in them. We know they would for the are especially becoming to one of his build.

## Strike Causes Some Trouble.

Carl Haberlach reports that the strike of freight switchmen has caused all kinds of trouble. A car of cheese stranded at Bakersfield was finally hauled by auto truck to Los Angeles and San Diego, the distance to San Diego from Bakersfield being about 225 miles. On Tuesday a car of 400 cases of cheese was expressed to Los Angeles. Thursday a straight car is being sent to San Francisco by express. Altogether about 1,200 cases have been expressed. A like number were shipped to Beaverton and trucked to Portland to connect with California steamers. The cheese has been kept moving however, and this means a lot to Tillamook, as it would mean a great loss to have the cheese pile up at Tillamook at the flush of the season. Prices remain the same, 32c. Tillamook for triplets and 33c. for Longhorns and Y. A's.

Production of cheese is considerably above last season, despite the bad weather and grass conditions. A number of the cheese factories are making extensive improvements. Maple Leaf Creamery is putting an addition to its building and is putting in a new separator. Fairview is putting in a new boiler and generally improving conditions. Red Clover has ordered a new DeLaval 8000 lb separator. Beaver is putting in a new boiler. Red Clover has just finished putting in a new boiler. Tillamook Creamery has made a lot of extensive improvements. Several of the factories also intend painting plants.

The association is figuring on putting in one or two turning stations possibly one at Fairview to make up the milk of the Milwood, Fairview, Holstein and Red Clover cream into butter, and one at the Tillamook for Tillamook Creamery and the factories south. The whey cream all tests up A. 1., and we are getting 4c. premium in Portland market for the cream. It seems a waste of effort to some to send out the cream and send in inferior butter. On the other hand while butter fat in whey cream is selling at about 58c. per pound.

## Presbyterian Church.

Sunday School, 10 a.m. Morning worship, 11 a.m. Subject "The Peril of Paganism." Evening worship at 7:30 p.m. Subject "Loyalty, A Test of Greatness."

Make this your church home, if you do not already have one. You cannot be a stranger in this church, unless you are a stranger to God. The Divine Christ is the only hope of the World's redemption who you help us extend his kingdom? Everybody welcome.

Allan A. McRea, Minister.
