

"When good fellows get together, I'm right there" —Chesterfield

THE most companionable bunch of tobaccos ever rolled into a cigarette — silky, aromatic Turkish, and fine, full-flavored Domestic, expertly chosen and expertly blended. That's Chesterfield. And they sure do "satisfy!"

Chesterfield CIGARETTES They Satisfy

It is pure, wholesome and sweet. Made by a new process which does not mill out the delicious, nut-like flavor of the wheat.

"TONE UP"

After the rigors of winter, during which time you have lost some of the energy, ambition and "pep" of normal time, you need a tonic.

You can regain all your previous Strength and Energy as well as get rid of that "Languid, listless" "what's-the-use" feeling.

Also improve your appetite and digestion, by taking the regular course of one of these special tonics:

REXALL BEEF IRON AND WINE. BAMBOO BRIER BLOOD BUILDER. IRON AND CASCARA TONIC WITH CELERY. SANSAPARILLA TONIC AND PEPTONA.

These preparations are not so-called secret remedies. We can tell you what they contain, and in what way they will benefit you.

THE ODDFELLOWS CELEBRATE 101st ANNIVERSARY.

Enthusiastic Meetings in Other Parts of County—Plans For Coming Week.

Twenty Bros. visited Mt. Hebo Lodge last Saturday night and celebrated the first degree on one candidate. They report a good attendance, fine time and the usual big feed. We know all who made the trip came home more enthused with Odd Fellowship, and as they generally say we are going again.

Next Saturday night, May 1st, a bunch of the boys are going to Cloverdale, and will center the second degree. All who wish to go, please meet at R. W. Watson's office not later than 6:30 and all who wish may go.

250 members, sisters Rebekahs and friends, gathered at the hall last Monday night in celebration of the 101st anniversary of Odd Fellowship and at the same time the odd bucks paid the price of being beaten in the contest, by the young bucks. After a fine program, the young bucks were served with a four course dinner. Were they satisfied? Just ask the young bucks. Now as the contest is closed, the feast is a matter of history, the dividing lines between the old and the young bucks has passed into oblivion, so now we are all working together in the degree teams. Applications for membership are coming in, and our lodge is prospering.

Bro. Peter Schranz is still confined to his bed, but we hope to see him out again soon. Bro. J. C. Holden was reported on the sick list at the last meeting. Bros. remember the admonition, "visit the sick."

Sister Mrs. Roy Wilson was taken sick while helping in the kitchen during the banquet, and had to go home, and before morning the Dr. was called, later reports are she is better, but still sick.

Only three more weeks before Grand Lodge and only a few have responded to the call of the Endowment fund. Bros., are we going to fall down in this, the first call ever made directly from the grand lodge to individual members to help support our Odd Fellows' home in Portland. We feel sure you intend to put her over the top before grand lodge session, but it will be a great relief to the committee if you will do it at once.

The initiatory degree will be conferred in our lodge on three candidates, on May 4, and again on six candidates on May 11, then the following week all will take the first degree. Better come and see the work. There will be something special in the good eats next Tuesday night. Ask Claude Myers and the Tillamook Milling Co., Bro. Bettcher.

Lodge meets Tuesday at 8 p.m. F. F. Conover, Sec.

City Needs a Spring Cleaning.

First impressions are generally the lasting ones. Did you ever stop to think what impressions visitors have of our town? A town that is as progressive as Tillamook ought at least to refuse to have its appearance ruined by rubbish and other unsightly places, that destroy its beauty and make a breeding place for flies. There are a great many such places in the back alleys, vacant lots and back yards. There are also a great many boards scattered about, that would, if picked up, make fairly good firewood. These boards when dry, and the rubbish are veritable fire traps. Third street should be cleaned up and made to be one of the prettiest places in town, because all the people arriving on the train come that way; and get to see that part of the city first. By the time they have reached the business section they have already formed an opinion of the city, and we want it to be a good one, don't we? We must not forget, either, that it is just as important to keep the back yard clean as it is to keep the grass on the front lawn mowed.

Let's improve the looks of the city by having a general clean-up week, and then each do our bit to keep it looking clean and beautiful. We all love beautiful things, and shall be much happier if we live in a clean, sanitary and beautiful city.
