

Ten miles used to be a long way

WHAT a difference in these motor-car days, when every point in the county is hardly more than "just around the corner."

People's ideas are changing, too.

They're beginning to figure out how much it is costing them to keep a car. And the man who is doing the greatest amount of figuring is the man with the moderate-price car.

II

There still seems to be a notion in some quarters that any tire is good enough for a small car.

That's not what the man who owns it thinks.

In recommending and selling U. S. Tires we are trying to see his side of the propo-

sition—finding out what he wants in a tire and giving him that.

III

Large or small, U. S. Tires are built to only one standard of quality—the standard that produced the first straight side automobile tire, the first pneumatic truck tire.

Every tire that bears the name "U. S." is built the best way its makers know how. It isn't the car, but the man who owns the car, that counts with the oldest and largest rubber concern in the world.

IV

As representatives of U. S. Tires in this town, we offer you the benefit of our experience and advice in settling your tire problem.

Select your tires according to the roads they have to travel:
In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.
For ordinary country roads—The U. S. Chain or Usco.
For front wheels—The U. S. Plain.
For best results—everywhere—U. S. Royal Cords.

When you learn about the Real Tobacco Chew.

A small chew of rich tobacco lasts so much longer than the old kind.

You don't need a fresh chew so often. That's why it costs less to use.

Any man who uses the Real Tobacco Chew will tell you that.

Odd Fellows News

About 20 of the live ones made the trip to Cloverdale last Saturday night, and report another enthusiastic meeting, as this was the Second Degree team. You may know the candidates there were thoroughly instructed in the mysteries of the Second Degree, and if they practice the lessons they received, we know they will make better men and better citizens. Better plan to go along next time and get more out of Odd Fellowship. Then get busy and practice it. The more you practice the principles of the order, the less knocking and dissatisfaction you will see, and the lodge will grow as you would have it.

Grand Lodge, May 26. You Delegates, have you made application for rooms and board at Baker? If not, better get busy. Rooms and accommodations in Baker, like Tillamook, are scarce. Better see that your names are in the entertainment committee's hands at once.

Bro. J. A. Bailey, with the J. C. Penney Co. store, and who received the second and third degree here, says he intends making Tillamook his permanent home, and although a single man has rented apartments at the Shaw, where he now holds forth. He has made application for transferring his membership from Oregon City Lodge to Tillamook. Sounds like two new members for the Rebekah Lodge. Let the good work go on.

Think Endowment, work for the Endowment, pay your share of the Endowment, then get it out of your system, so you can forget it. Remember your pledge to care for the widows and orphans.

Have you solicited any applications for membership?

Again we must call the attentions of the members to the Endowment fund, which is coming in far too slow. Bro. Chas. Bennett has been appointed a special Committee to collect the balance of the amount at once, as Grand Lodge meets May 26 and the full amount should be in the hands of the committee not later than May 20th. Can it be done? Ask Charley Bennett. Will you do your part? Of course, you will, so now accept the thanks of the Aged Odd Fellows, their widows and orphans, who are now living in this Home.

Light attendance, only 25 members, and two visitors at Lodge last meeting night. A banquet give by the Tillamook Merchants Credit Association.

Lowell Moulton was Initiated into the Lodge Tuesday evening, and several candidates are ready for next Tuesday, when the Initiatory degree will be conferred, thus making a good sized class for the First degree on May 18th.

Bro. Peter Schranz reported improving and J. C. Holden again at work.

Chas. Bennett is a busy Bro. these days, so do not detain him for explanations when he calls on you, give him the \$5.00 for the Endowment, thus relieving your lodge of the \$300.00 yearly Grand Lodge Assessments, get your name on the honor roll and help Tillamook put her over the top.

One more application last meeting for Initiation, and two for Transfers from Oregon City and McMinnville.

Lodge meets every Tuesday at 8 o'clock. Something extra next meeting, better Come.
