

# Inside and Out- FULLER

PAINTS, VARNISHES, ENAMELS, Etc.

preserve  
and beautify

**T**HE first essential of paint is to preserve. Second, to beautify. Too many people make the mistake of considering only the latter, consequently buy paints of inferior quality. The result is a temporary beautifying effect, without preserving the wood.

FULLER Paints and other products are of that quality which preserves and beautifies. Through their use, inside and out, years of life will be added to your home and it will be made more livable to yourself and family.

Seventy-one years of paint-making experience are back of every brushful of FULLER Products. Insist on FULLER'S and you'll be sure of results. And remember, there's a FULLER Product for every paintable surface—inside and out.

A Communication

(Paid Advt)

To the Voters of Tillamook County.  
In regard to my candidacy for the office of County Clerk, I wish to state, that owing to my work as principal of the Public School of Nehalem, it has been impossible for me to meet the people of the county as I would like to have done.

I like to meet people, for every acquaintance I make is a new friend, and a fellow running for office, to be successful, needs a wide acquaintance. Being in school five days of the week, leaves Saturday and Sunday as the only days for me to get away very much.

To the voters in the county who do not know me, personally, I will say, that I am a plain school teacher, having taught almost continuously for 35 years. I was born in Erie, Penn. over a half century ago. My parents moved to Bourbon County, Kansas during the Civil War. My father fought in that war to help preserve the Union. I was reared on a farm in Kansas and am well acquainted with hard work. After finishing the common school course, I attended an academy for one year and then spent 3 years in the Kansas Normal College, at Fort Scott, finishing with a teacher's training course.

After teaching for seventeen years in Kansas in public and high schools, with my wife and three children I came to Oregon in 1903. After teaching three years in Clackamas and Multnomah Counties, I entered the service of Uncle Sam, and for six years worked in the Portland Post Office, most of the time as stock clerk and finance clerk. I worked under the administrations of John W. Minto, John C. Young and Charles B. Merrick. As stock clerk, it was my duty to order all the postage stamps, and other stamped stock, for the city of Portland, as well as most of the other supplies. As finance clerk, it was my duty to take a paying window twice each month and help pay off over 300 clerks and carriers. A post office inspector checked up my accounts every month, and I have yet the first time to be found with my accounts one cent out of the way.

Most of the time while I was working in the post office, I was teaching in the Night Schools of Portland. In 1911, I resigned my position in the post office and came to Tillamook County, again taking up teaching, as principal of the Cloverdale School, where I taught for two years. My wife and I have a farm near Beaver, this county, where we have lived a part of the time while in this county, and where our children went to school.

After leaving Cloverdale, I taught four years at Garibaldi, and have been here three years in my present position. As an instructor in this County, the most of the people know me. You have always found me in the teacher's institutes and conventions, active in behalf of better schools and a better county. You have most always found me at the County Fair with a school booth and with my school. I have always been an earnest supporter of our County Superintendent and have ever given them my full cooperation. The Gymnasium at Garibaldi and the New Public School Building in Nehalem, are two achievements that I promoted and to which I point with pride.

I have been a member of the Methodist Church for over seventeen years. I am a member in good standing of the Nehalem Assembly United Artisans, and also of the Nehalem Lodge Knights of Pythias.

I recently purchased a place in Tillamook and there I expect to make my future home.

My record in this County is one that I am not ashamed of although I have made many mistakes. Now, in conclusion, kind friends, in asking for your support for the office of County Clerk at the polls on Friday of next week, I have only the foregoing to offer you. If I am successful, I will give the people of Tillamook County the very best service possible, and to the extent that not one of my supporters will ever have cause to regret their action.

Very respectfully,  
H. S. Brimhall

LODGE MEETINGS.

Nehalem Notes

Mr. and Mrs. L. F. Meade and daughter, of St. John's, are paying an extended visit with Herman Scholmeyer and family of this city.

Oscar Steele was a Tillamook visitor last Saturday.

Mr. G. B. Lamb, County School Superintendent, of Tillamook was a visitor in this city last week.

Mrs. Viola Fraser of Salem, Ore., is visiting her sister Mrs. H. J. Hickeron of this city.

F. T. Fitzpatrick, of Tillamook was tacking up, "Johnson for President," placards in our city Monday of this week.

Herbert Thompson had the misfortune to cut his hand quite badly Monday afternoon by slipping while standing on a spring board, and in order to catch himself, he threw his arm around suddenly, and struck the back of his hand against the ax. Dr. McGee dressed the wound which was quite painful.

O. F. Tony, with his new 3 1/2 ton truck, brought in 500 gallons of gasoline from Astoria last week, for the Nehalem garage.

The past few days have been fine for road work and the road crew is rushing things, too.

Roy Lamb, who was formerly in business here with A. S. Tilden some six years ago, was visiting his old friends here last week. Recently he has been in Alaska where he has been engaged as engineer with a railroad company.

W. B. Summerville, of Salem, who is with the State Industrial Commission, was in town last week, checking up with the logging camps and saw mills, where large numbers of people are employed.

Rev. Warren, of Yamhill, Ore. is the new Methodist minister in Nehalem. He preached his first sermon, Sunday night, on, "Mother" it being Mother's Day. He expects to move his family here this week.

Sunday evening Walter Meade returned from his Boardman trip all safe and sound. All of his party enjoyed the trip greatly. He says everything is on the boom around Boardman. It is a great alfalfa country around there and the government has a large irrigation ditch which is a great help to alfalfa industry.

Notice of Final Account.

Notice is hereby given, that the undersigned has filed her final account as executrix of the last will and testament of C. W. Hogen, deceased, in the office of the County Clerk, of Tillamook County, Oregon, and the county court of said county has appointed Monday, May 10th, 1920, at the hour of 10 o'clock a.m. at the court house in Tillamook City, Oregon, as the time and place for hearing objections to said final account and the settlement thereof. Dated this April 8th, 1920.  
Elizabeth Hogen, Executrix.  
H. T. Botts, Attorney.

Raymond Fosdick, whom President Wilson appointed to represent us as official of the league of nations, says the league is a "going concern". It don't know where it's going but its on the way.

## It's dollars to doughnuts—

no man ever smoked a better  
cigarette at any price!

**CAMELS** quality, and their expert blend of choice Turkish and choice Domestic tobaccos hand you a cigarette that will satisfy every smoke desire you ever expressed. You will prefer this Camel blend to either kind smoked straight!

Camels mellow-mildness will certainly appeal to you. The "body" is all there, and that smoothness! It's a delight!

Go the limit with Camels! They will not tire your taste. And, they leave no unpleasant cigarettly aftertaste nor unpleasant cigarettly odor!

Just compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes for 20 cents, or ten packages (200 cigarettes) in a glassine paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

## MONEY MADE BY OUR VULCANIZING

In these days of saving and avoiding  
waste, and especially in view of the  
rising cost of new tires why not make  
your tires last two and three times  
as long by letting us vulcanize their  
weak spots? Many an otherwise  
sound shoe can be saved by our vul-  
canizing.
