BASEBALL.

Beaver Berry Pickers Lose to Cheese Makers.

Clent King tried like a herioc Trojan to come from behind and bring his team to the winning end of the ball game at the Fair Grounds last Sunday, but his mates had suffered .85 from such an attack of nervousness .69 shock, and lack of practice, for the first few innings of the game that the Tillamook men were able to put over a few runs in quick succession that put the game well beyond reach of the Beavers' ability to overcome the Tillamook lead.

This is the second time that a visiting team of the county has succombed to the onslaught of the local bastmen in the early stages of the game, and we hope that the next time they meet that our county rivals 60 from the north and south end of the county will step into the game with more confidence and cool-headedness. as the writer knows they both have the material for better ball than displayed in the last two games.

The stick work of Carl Heisel and the fielding of Driscoll for the local team was above par. McClellan took a fling at the Beaver boys from the pitcher's box about the fifth inning, relieving Donovan after he (Donovan) had safely put the game away for Tillamook. Both men worked exceedingly well. Outside visitors coming here this summer had better 45 bring their shock absorbers with them, as Tillamook is coming strong. We might also add the Sunday's fog made manager Edmunds' face and the Beaver aggregation look like twin brothers.

The Whole Secret of A Better Tire

Simply a Matter of the Maker's Policies

This you will realize - once you try a Brunswick-that a super-tire is possible only when the name certifies that the maker is following the highest standards.

For tire making is chiefly a matter of standards and policies-cost plus care. Any maker can build a good tire if he cares to pay perfection's price.

All men know Brunswick standards, for Brunswick products have been famous for 74 years.

Formulas, fabrics and standards vary vastly in cost. Reinforcements, plies and thickness are a matter of expense. And these variations affect endurance. It rests with the maker how far he wishes to go-how much he can afford to give.

For there are no secrets nor patents to hold one back.

To ascertain what each maker offers one must analyze and test some 200 tires—as our laboratories have done.

Then it is a matter of combining the best features and building according to the highest standards.

Once you try a Brunswick you will understand how we have built model tires, regardless of factory

Yet Brunswick Tires cost you the same as other like-type tires. Our saving is on selling cost, through our nation-wide organization.

We realize that you expect more from Brunswicks, and we assure you that you get it. ONE Brunswick will tell you the story.

And then you'll want ALL' Brunswicks. No other tire, you'll agree, gives so much for your

Nehalem Notes.

Prof. John Ashton, successor to Prof. Brimhall, as principal of the Public School, was in town Sunday, getting acquainted with conditions, and trying to secure a house in which to live this summer with his family. He expects to work in the Wheeler Mill during vacation, or a part of the time at least. He expects to attend summer school for a few weeks. Leonard Cain spent a few days.

out at O. A. C., last week, attending some of the closing excercises and renewing old acquaintances.

Saturday, Miss Stevenson left for her home near Medford, Ore., It was her first visit home since the begining of school last fall. Mrs. and Mrs. Gage left Friday even-

ing for their home at Sheridan, Or-Prof. Brimhall left for Tillamook. Monday, where he will make his future home. He has been principle of our school for the past three years and leaves many warm friends.

Prof. and Mrs. Barnes and daughter, Ruth, left for Creswell, Ore., Tuesday where they will spend the summer on their ranch.

The public school closed a very successful term of school last Friday, with a picnic at Manzanita beach. The day was ideal and the entire school with many of the patrons enjoyed the day to the fullest extent. It has become an annual event with the school, and is looked forward to with great interest by the pupils and teachers alike.

H. J. Hickerson is now keeping bachelor's hall, his wife and baby having left the first of the week, to spend two or three months with her parents in eastern Oregon.

The commencement excercises of the Nehalem High School were well attended last Friday night. The mair. address was delivered by Prof. James T. Matthews, of the Willamette University at Salem. Two hours after Prof. Matthews had arrived in Nehalem last Friday, he received a telegram stating that his mother had died very suddenly at Ocean Park, Wash., for which place he left Saturday morning.

Wheeler and Nehalem ball teams crossed bats on the home grounds last Sunday with the result standing 6 to 3 for Wheeler. It was some live game.

Lumber is on the ground for repairs and additions to the Methodist parsonage now occupied by Rev. Warren and family.

The children of the public schools are anxiously awaiting the announcement of their grades as the result of the recent state examination.

Our Ranch

A little ranch house stood But, Oh, its comfy and cozy Is this little house in the wood.

Near is a large oak tree, Where in the summer hours I sit and read and enjoy

The scent of sweet wildflowers There's a dear little one-roomed play-

With lots of dollies and toys, Where we play in sunny daytime And at night dream of childish

joys. The squirrels live in the treetops And chatter away in fun;

While the birds sing to us everyday, From morning till set of sun.

There is an orchard of many acres With apples and peaches to spare, And we children have fun in riding A gentle and plodding old mare.

The scotch broom blooms on the hill-The golden rod on the lawn.

And up by the spring in the hollow, The Oregon Grape grows on There are shrubs and vines of many kinds,

There are blackberries galore. There are fern and laurel and pines. What child could ask for more? Yes, its just a little ranch house

That stands at the edge of the wood But, Oh, its comfy and cozy Is this little home so good. Ruth Barnes, Nehalem, Ore., age 11.
