BASEBALL

Wheeler Defeats Tillamook 4 to 2 on Sunday.

The loggers of Wheeler got away home town of Tillamook, by the with the chessmakers from our close score of 4 to 2 last Sunday, on the Nehalem grounds.

There were too many men on the Tillamook line-up who are deluded with the idea that they can star any place on the field—when in fact and in truth they need a lot of practise at any one position in order to beat a first class semi-pro team, such as Wheeler has proven to be, and much less the Sheridan ball team that comes to Tillamook next Sunday to give us battle. The writer refers in particular to one Mr. McClellan, Mr. Wallace and Crimmins. These gentlemen undertook to place themselves in different positions from where they had been playing good ball—even causing second-sacker Gabriel to be put over to short—and even though a good fielder should field good any place he is bothered with his change of surrounding positions. Crimmins could not receive throws from home like Wallace could, which brought in the winning runs for Wheeler on two different occasions. Travis who played excellent ball in the absence of Himes, would have served on short or third very well and left Crimmins to hold down first as he should have. If McClellan insisted on playing the infield he should have played short in Eberman's absence and left Gabriel on second.

Manager Edmunds was in Portland celebrating in his own little way, so with no manager we got what we deserved.

When the Tillamook men learn that when you get a man on the bags, (which is very important in winning ball games) you must not throw your opportunity away, but must let your man advance on wild pitches or on a bunted or slow traveling ball, to where he can score on a nice hit of any kind by the next batter, then we may beat good ball teams, never till then.

It is a peculiar hobby with certain of the local batmen to have two or three men on the bases when they come to bat—with none or one out—then hit a nice grounder to the infield and retire the whole side, no hits, no runs, no game.

Of course the writer does not play perfect, but he tries to play the game as it should be played. That's what will make a good team eventually, though its hard for some fellows to work for the good of the team, preferring to stand out alone.
