Carl Robitzsch

Carl Robitzsch, a pioneer of Tillamook and a veteran of the Civil War, died Thursday, June 24th, 1920, at the home of his son Fred Robitzsch, at the age of almost 97 years. Born in Germany in 1823 he came to America as a young man of 22 years, and had lived in Tillamook county over 30 years. In his old age his sight and hearing weakened gradually otherwise he still possessed physical strength. By his good faculty of thinking he also understood the voice of God even in his advanced years. A few years ago when the grand-daughter passed away, and he bid God speed to his grandsons who served in the great war, he was heart broken and very much grieved, and from that time he became a different man according to his own testimony. Although he was unable to attend our services on account of old age, he was interested in our church. For the last three weeks he did not feel well but was not confined to his bed until the last week. The deceased had made his home with his son Fred for many years and Mrs. Robitzsch cared for him with tender love. Carl Robitzsch is survived by a son and a daughter, Fred Robitzsch and Mrs. Louise Kaufmann, 16 grand-children 8 great-grandchildren and many friends. Funeral services were conducted in the church Saturday. Rev. Richard Schuetze, officiating. Interment was made in the I. O. O. F. cemetery.

Hans C. Hanson

Hans C. Hanson was born at Little Falls, Minn., March 28, 1882, and came to Tillamook when a small child. He lived here most of his life, about thirty four years in all. He attended school in Tillamook, afterwards attending the Phiomath college for two years.

In his early manhood he was converted at the Wilson River school-house, and was immersed in the river. From then on he was a devout Christian, being always faithful and true to his belief. His prayer even into the last moment was "Not my will, but thine be done, O God." On Nov. 30, 1907, Mr. Hanson was united in marriage to Miss Bertha

Rowe, of Beuna Vista, Oregon. Rev. Wayne Phelps, husband of Mrs. Hanson's sister, officiating. One child, Rowena, was born to this union. He was a very industrious young man.

M. Hanson had been in very poor health for over a year, being at death's door more than once, suffering from acute pains of an incurable disease. But he was brave until the last, bearing it without a murmur, saying that if it were God's will, he would live. He had gone to Rochester, Minn., and to other places in search of health, but in vain. The last trip was a month or so ago, when he was taken to Bend, and was brought back to Portland immediately to receive the attention of specialists. The end came Tuesday, June 22, at 3 o'clock in the afternoon, at the Portland Hotel, his bedside being surrounded by loving relatives.

The remains were shipped to Tillamook the next day for burial. The funeral services were held at the Christian church Thursday afternoon at 2 o'clock, Rev. H. E. Tucker, officiating.

Rev. Wayne Phelps spoke very tenderly of the life of the deceased as he knew it. He told in a touching manner of his excellent qualities, how he suffered silently, and how many times they had gone into the valley of shadow together.

After the services the procession tarried at the railroad, on its way to the cemetery, for the arrival of the 11:15 train, on which Barney, the brother from Bend, Or., came.

The services at the grave were simple and impressive, being conducted by the Odd Fellows.

Mr. Hanson leaves to mourn his wife, daughter, father, mother and two brothers, who have the heart felt sympathy of their many friends during their hour of sorrow.

Card of Thanks.

We take this opportunity of expressing our gratitude to the many friends who helped us bear our extreme sorrow during the illness and death of our beloved one, Hans Hanson. He was a faithful husband, father, son and brother, and his beautiful Christian life will ever be precious to us.

AMERICAN PEOPLE CAN STOP CARNIVAL OF EXTRAVAGANCE

Do you know the government spent from 1917 to 1920, 36 billion 818 million dollars?—4 years!

Do you know the total appropriations from 1789 to 1917 were only 20 billions?—129 years!

Do you know for 1917 to 1920 the government spent 150 million dollars building port terminals at Charleston, Norfolk and other places from which not a single ship sailed during the war?

Do you know the government spent 20 million dollars building a terminal up the river from Charleston which ships could not reach because the river was too shallow to float them?

Do you know the government spent 120 millions of dollars building nitrate plants, but did not produce a pound of nitrate for use during the war?

Do you know the government spent 100 million dollars on tanks but that

the first American tank reached France after the armistice?

Do you know the government spent one billion dollars on shells, but that only 17,000 American made shells reached our forces in France—about ten minutes' supply?

Do you know the government spent 117 million dollars on gas but that not a single American made gas shell was fired by the American forces in France?

Do you know the government spent 478 million dollars of guns but that only seventy-two American made guns reached our forces at the front?

Do you know the government spent 7 million dollars on a naval training camp in Virginia after the armistice was signed?

Do you know the government spent 70 million dollars on a powder plant at Nitro, W Va., and sold it for 8 million?

Do you know the government spent 100 million dollars for a nitrate plant at Muscle Shoals, Ala., and additional appropriations to make this plant capable of producing fer-

tilizer?

Do you know the items and others like them—cited by Representative E. E. Denson of Illinois in a recent speech—helped to explain the size of the expenditures for which the people are paying today and will continue to pay for years to come?

Do you know that more than seven hundred thousand people are working (?) for the government, when all the work necessary could be done by less than fifty thousand?

Do you know that, on his own authority, at ruthless and unjust expense to the taxpayers, without their consent and against their will, a president of the United States commandeered a great palace ship for himself and wife and his thirteen hundred government-paid servants, took a great hotel and the palace of a prince and made a royal tour of Europe—spending millions in a proven orgy of waste and extravagance?

Do you know why, when you know all this, the American people cannot stop right now the shameful disgraceful carnival of public crime?
