north of town for a landing place. The field was so small last year that it was dangerous, as after they had strated there was no chance to stop even though the start was not made right.

They said their lunch was the best ever, but they said it is always the story to some one who wasn't there.

Attorney S. S. Johnson left Saturday for Toledo, the county seat of Lincoln county, where he had a case set for Monday in the circuit court. Although Lincoln county adjoins Tillamook county it is necessary to go through half dozen counties to get there, making a circuit of Portland and Albany. This shows the need of a wagon road to connect the two counties. Mr. Johnson returned to the city on Wednesday.

The annual picnic of the Holstein Breeders Association will be held next Wednesday, Aug. 11, at the F. R. Eals, Hilland Grove Farm, Tillamook. All Holstein breeders and those interested are urgently requested to be present, as there are important matters to be discussed in regard to the County Fair and other matters for the good of the Black and White. Don't forget to bring the lunch basket, as this is to be an all day affair.

A rather serious accident occurred on the train Sunday just as it reached Timber. A boy from Dayton, about twelve years of age, was standing on the rear platform of one of the cars and when the cars stopped they were thrown apart, the springs in the diaphragm connecting the cars jammed together, crushing it. He is now at the hospital at Wheelock and placed under the care of Dr. Rinehart, who says the injury was very serious.

J. E. Calavan, the club leader connected with the State School, superintendent's department was in Tillamook last week in the interest of the Industrial Clubs. He paid visits to the members of the clubs throughout the county, and reported that there were one hundred and eighty members enrolled in the county.

Mr. Calavan was formerly the School Superintendent of Clackamas county, and has just started in the club work. He is a real live wire and just the man for the position. The work here pleased him very much and he wishes the boys and girls to go ahead and complete the work which they are doing. Special stress is being laid upon the work of the Calf clubs, and there are more members this year than before, the Jersey Calf Club alone having enrollment of fifty five members, twenty two of whom have their own Jersey calves.

The Academy has the largest enrollment of members in the county there being 64 in all. An effort is being made to have an exceptional exhibit of the club work at the county fair, and the fair this year, and the calf clubs are to try and have at least twenty five calves on exhibit.

Man Seriously Hurt in Gravel Shaft
George Vogel, who works for the Tillamook Transfer Co., at their gravel pit on the Wilson river, near the William's place, was seriously hurt Wednesday morning as he was drawn into the gravel shaft.

The accident occurred about 11 o'clock in the morning. He was feeding the gravel screen, and as he stooped over to remove some rocks the wind blew his coat into the collar of the shaft and he was drawn into the shaft and carried entirely around it two times, then forced through an opening about three or four feet wide. When he reached the ground he was so nearly unconscious that he could only gasp for someone to pick him up, then came complete oblivion.

Harry Gilliam, one of the men working with Vogel, brought him to town in his car, and to the Vidito hospital where he was examined by Dr. Robinson, who found that he sustained severe internal injuries. His friends wish him a speedy recovery from his injuries, and that he will be none the worse for his unusual experience.

Constance Talmadge in "Romance and Arabella"
Lewis J. Selznick presents Constance Talmadge in a new Select Picture, "Romance and Arabella" which will be seen on Sunday Aug. 8, at the Gem Theatre.

"Romance and Arabella" is the tale of a very young widow who is determined that her second marriage shall be the outcome of romance and that her lover will have to shower her with thrills before he can win her. Her devoted admirer is rather prosaic and therefore holds no interest for her. Her lover introduces a succession of suitors and every time the heroine is treated to a disillusion.

To Eliminate Grade Crossing at Bay City
A number of the State Highway Commissioners, Fred G. Butchel, chairman of the Commission; Clyde Packer, engineer; Ben Forbes, reporter; Paul Ferrens, representing the Southern Pacific Co. and Atty. Devers, counsel for the company, drove over Friday, returning Monday to Salem. The purpose of their visit was to hear the cases concerning the closing of the highway.

The six crossings were investigated on the Willamina road and the hearings will be held later at Salem. When the question of eliminating crossings in Tillamook county arose there were about six hazardous ones, but owing to the fact that the survey has not been completed, the evidence concerning four of them will be held in reserve by the commission.

The remaining two crossings are at Bay City, near Provost's store. When the survey was made the plans were to eliminate one or both of them, as advised by the Southern Pacific Co., owing to the hazards the public was exposed to, for both crossings are very dangerous. The city of Bay City brought a complaint against them stating that if either were closed great property damages would be done. At the hearing held there Saturday the County Judge, Commissioners, County Surveyor and G. P. Winslow, attorney for the plaintiffs, also being present, besides the State Commission men, H. L. Provost and the Stone Logging company were also present. H. L. Provost and chief witnesses, the former claiming that his property would be damaged and the latter that the elimination of a crossing would interfere with work, as all the logs are hauled to the bay on trucks and dumped into the water. Dr. Hawk, Mayor of Bay City, also testified to these conditions. The Commission reserved its decision until its return to Salem, and the result is to be known in a about ten days.

The party left Sunday, with the exception of Mr. Butchel, who returned Monday as far as Grand Ronde, where he was to hear a case concerning trouble with telephone companies.

I. O. O. F. Items.
Mrs. Blanchard, the new Noble Grand of the Rebekah lodge, started her official turn on time, just as she said she would; promptly at 8 o'clock the gravel rapped for order, from then on business was dispatched with promptness, and as was expected, a good attendance was on hand at the opening ceremonies, for she had given them advance notice. The lodge would go on whether the majority of the members were on hand or not. So Sisters if you want to have your say in the business of a lodge, come on time, for five makes a quorum and they can do all the business whether you like it or not.

Bro. Hubbard who has been absent for some time was back in lodge again. Bro. R. W. Watson was returned from his vacation trip to California, Nevada and other points. Bro. S. W. Conover is taking a few days vacation at Netarts, other Bros. who have not been in the lodge room for months, maybe on their vacation, at least they never show up at lodge meeting, but last and not least, our Secretary is going to try this vacation stunt soon, is must be great.

Several visiting Bros. from Dallas and Portland last meetin. We are always glad to have visitors from other lodges.

Through the efforts of Bros. M. A. Schultz, O. I. Myers, and others, who were instrumental in getting Bro. C. A. McQuire to paint two scenes, representing some of the lessons of the Second Degree, Tillamook lodge will not take a back seat for any lodge in the state and at our last meeting a vote of thanks was extended to Bro. C. A. McQuire for these beautiful scenes which he has so generously contributed to his lodge, and ours, we certainly appreciate them.

Six candidates were instructed in the work of the Second Degree, some will join the team following. One more application for Initiatory Degree received.

Encampment meets on Aug. 12, The Royal Purple Degree will be conferred. All members please be on hand and help out.

We are proud of the Odd Fellows, who so generously contributed their mite to the fund raised for a deserving cause, it shows their hearts are right, and their minds willing, when the cause is deserving.
Attend your lodge and keep up in the work.

Twenty members of the Calf Club are now owners of Jersey heifers, which has qualified the Club to obtain the \$75 the American Jersey Cattle Club is offering for premium money. There has already been over twenty clubs qualified for this same amount. If your club should obtain the \$75, same will be used for premium money at the County Fair.

Some of the Club members have not paid the membership fee of 50 cents, so please pay up at once so you can compete for the premium money at the County Fair.

Gala Day at Pacific City Next Sunday
Pacific City next Sunday is to have a gala day, and preparations are being made to entertain a large crowd. This is one of the prettiest summer resorts in Tillamook county, and large numbers of visitors from the Willamette valley visit it every year. One of the principal features of the day will be an open air concert given by the celebrated Graves Girl Band, consisting of 36 talented musicians. At noon there will be a clam bake on the camp grounds and if arrangement can be made there will be an airplane flight with thrilling curves, loops, and other spectacular dodos. The key of Pacific City will be turned over to the public and everything will be absolutely free.

Mrs. Case and Mrs. Dawson were hostesses for the club on Wednesday afternoon.

There was very little business for transaction, so the ladies who entertained put their guests through a great many "stunts". Mrs. Merriel Smith and Mrs. Emmett Hales being captains, Mrs. Smith's side winning by some "rouge."

The luncheon which was served from a daintily decorated table was delicious, the flowers used for the occasion being Shasta daisies and red rambler roses.

The club will be entertained in September by the next in line, Mesdames Franklin and Foster.

The guests carried tin articles of all descriptions, thus carrying out the "tin wedding" idea, also the light refreshments were not forgotten.

One of the party disguised himself as a minister, and Mr. and Mrs. Plank were united again in a mock ceremony, for we hope another long period of years.

The evening was spent in many happy ways, "the boys" being truly boys again, and also "the girls" all taking part in the various games.

The friends who were present were Mr. and Mrs. Franklin, Mr. and Mrs. Lewis, Mr. and Mrs. Reichers, Mr. and Mrs. Bales, Mr. and Mrs. Condit, Mr. and Mrs. Reedy, Mr. and Mrs. Haberlach, Mr. and Mrs. Hill, Mr. and Mrs. Ira Smith, Mr. and Mrs. Case, Mr. and Mrs. Mason, and Mrs. Lewis, Sr.

Young Man Faces Serious Charge
Tries to Chloroform a Young Woman in Her Bed Room
One of our local young men, Fred DeLillies, son of J. M. DeLillies, is in the county jail awaiting the decision of the court on a charge of having assailed a fourteen year old girl with the intent to rape. The girl is Isabel Woods, daughter of A. N. Woods, who is in the garage of Moon and Woods, and who lives across from the Christian church.

It seems as if DeLillies had been bothering a number of the girls across town for some time, but the Woods girl had not paid him any attention, and thought nothing about him, as she knew him only by sight.

While she and a girl friend were in a drug store Friday evening about 9:30, on an errand, they were accosted by DeLillies, who wanted to accompany them home. They refused, Isabel saying that she would not be seen on the street with him. He replied saying, "I guess you will be seen on the street with me." He then said, "I see that you have just been weighed, I will be weighed and if I am heavier than you I will walk home with you." As he was several pounds heavier he insisted on accompanying them home, although they had not agreed to the proposition.

One of the clerks in the store kept him there until the girls reached home. Isabel said she saw nothing more of him until the next morning when she was rudely awakened at 3:30 by a bottle being bumped against her nose. She felt grossly and could not move, as the bottle was filled with chloroform and she had inhaled almost enough to render her unconscious, but she recognized the face of DeLillies and ordered him to leave, screaming at the same time for her father. DeLillies had disappeared by the time Mr. Woods entered the room.

As the girl's bed room was on the ground floor, on the west side of the house, and the head of her bed close to the window, which was open about six inches, it was a comparatively easy matter for her assailant to thrust his arm through the opening and apply the chloroform to her nose. Dr. Robinson was called and he thought for a time that she would have a nervous break down, but she was better later on.

Marshal Gruber, night watchman Biggs and neighbor, Roscoe Beckwith, were called and sent to the DeLillies apartments across the street. They aroused Mr. DeLillies, and were told that Fred was in his bed asleep but when the door to his room was tried it was found to be locked, and upon entering it with a pass key they found that his bed had not been slept in during the night. Mr. Gruber then went down town to look him up, and when he found DeLillies he arrested him. DeLillies admits having bought the chloroform to clean his clothes, and also admits that he chloroformed the girl, but that he doesn't know why he did it. He was taken to the county jail, and complaint sworn to. He was bound over to the grand jury, and his bond was placed at two thousand dollars, but he was unable to furnish it.

The case will doubtless go hard with DeLillies, as he was out of the penitentiary on parole, having been sent from St. Helens some time ago on a charge of forgery. His sentence was from one to fifteen years and he had served only eleven months.

There appears to be a question whether DeLillies is not somewhat deranged.

Announcement.
After mature consideration, I hereby revoke my candidacy for District Attorney for Tillamook County. If elected to that office, I should be compelled to do one of two things: either neglect the affairs of the County and State, or neglect my private practice. I could not do the former, and in difference to my family, my loyal clients and myself, I cannot afford to do the latter.
