"Wings of the Morning" With Wm. Farnum as Star

The Gem Theatre will show on Tuesday, August 24th, Wm. Farnum, the eminent William Fox star, in his latest photodrama, "Wings of the Morning" a picturization of the well-known novel written by Louis Tracy. This is a stirring sea story with all the elements necessary for a superior screen entertainment.

The romance opens in faraway Singapore, at a British army post. Mr. Farnum, as the hero, is cashiered out of the service on a false charge, and later found as a sailor on board a passenger steamer crossing the China Sea. The boat is wrecked on an uncharted island during a typhoon, and he rescues the daughter of the owner of the line. Their vicissitudes and adventures on the island and the final denouement are said to be developed along extremely dramatic lines.

The picture was directed by J. Gordon Edwards.

Call For Bids.

Sealed bids will be received at the Recorder's office, of Bay City, Ore., for grading and graveling of Ocean Street from 4th St. West to 2nd Street, and 2nd Street from A Street North to Main Street. The plans may be seen at Recorder's office in Bay City. The council reserves the right to reject any and all bids.

F. W. Smith,
Recorder of Bay City.

Governor Coolidge has been made a Doctor of Laws. He qualified as an enforcer of laws several months ago.

Having your house wired by folks who know their business is not a thing to be dreaded. It can be done with far less muss and fuss than you put up with in having the house papered or painted.

We can wire your house in two or three days and leave not a scar on your wood-work or plaster.

There's no dirt, nor any inconvenience to you and the cost is what we will come and tell you exactly what it will cost if you wish.

"no muss no fuss"

Sixth Annual Picnic of Tillamook County Holstein Breeders' Association

Mr. and Mrs. F. R. Beals of the Highland Grove farm are developing finest herd of Registered Holstein cattle in county.

Enjoyable day, with the favorite breed, much talk, plenty to eat and enthusiastic breeders from north and south ends of the county present.

What promised to be the most enjoyable as well as profitable get-together meeting of the pure-bred live stock developers of Tillamook county was Wednesday, Aug. 11th, when over fifty boosters for better stock participated in the annual picnic of the Holstein Breeders Association at the Highland Grove Farm of Mr. and Mrs. F. R. Beals. The day being exceedingly pleasant the picnic commenced at 10:30 a. m. and there was something doing every minute until 4:30 p. m. when it was realized that the time had come when all should depart to take care of their respective obligations which come along about milking time.

The forenoon was spent in getting acquainted and renewing old friendships and looking over the farm. At the noon hour a great long table loaded with eats was spread in the grove and everybody enjoyed the big feed topped off with an auto load of large watermelons. After the feed, the meeting was called to order by president, B. A. Folks, of NoyFolk Farm who, in his most enthusiastic style gave an interesting and instructive talk. After Mr. Folks' talk, the Secretary-Treasurer, Rollie Watson was called upon for a report showing a healthy condition of the association work for the past year. The correspondence of the National Association and the report of the National meeting and sale of St. Paul was read and placed on file.

Mr. Chas. Kunze, of Dykeland Farm from Nehalem and ex-president and leading breeder of Holstein cattle in Tillamook county made timely and interesting remarks also Dr. Glaisyer, Roy Jones, Dolph Tinnerstet and F. R. Beals all of which were enthusiastically received and approved. The "Roll of Honor" for the official testing for month of July gave Mr. Beals' herd several very enviable records. Matters pertaining to the County and State Fairs were discussed and a good showing will be made by our breeders. Dr. Glaisyer reported on what was taking place relative to placing Tillamook county in a "clear list" or "Accredited Herd Area" this movement is under way so that Tillamook county will be inspected by Federal inspectors and by next year will be undoubtedly the first section of the United States to be given a clear bill of health as far as our cattle are concerned; the much dreaded TB, being practically eliminated from this county. A motion was carried to co-operate with all other breeders in securing an O. A. C. tester to officiate at the County Fair Board for this work. The Holstein Association are also trying to secure the services of Prof. Brandt of the O. A. C. to judge the cattle, whose services were so generally satisfactory to all last year. Rollie Watson was appointed as a committee of one to take charge of the booth at the Fair. Mr. Dolph Tinnerstet, county dairy inspector was called on and he made an excellent talk on the lines of his chosen work; among other things, he stated that he had "scored" Mr. Beal's barn and that it was the best scoring barn in the state of Oregon and went on to explain that the scoring made was 98.2 perfect, this of course, was very gratifying, as Mr. Beals is very proud of his fine barn and his wonderful herd of cattle. After the meeting was over, everybody went thru the barn and were introduced to the Royalty, of which Mr. Beals has a number of official work and all of this produced much interest as several of Mr. Beals' cows are milking around a 100 lbs. and over every day, also several milking over 60 lbs. per day that have been in milk for over ten months. Mr. Chas. E. Gabby, formerly of Hollywood, is Mr. Beals' head herdsman and is very interesting in his knowledge of feeding and rationing the grand-dames, that are making the records.

The next meeting of the Holstein Breeders will be at the farm of Jack Rupp, in Fairview on Thursday, Aug. 26th, when it is expected that Mr. Fred Simpson, of Hollywood and Mr. Geo. One of Yakima, Wn. will be present. These gentlemen are both prominent in the Holstein cattle business and have a wide acquaintance and National reputation; their deliberations will carry great weight in anything they may have to offer to the breeders of Tillamook county; everybody is welcome to the meetings of the Holstein Breeders, in fact you are invited to be with us at all times. Nothing will be said or done to hurt the feelings of anyone that may differ with our opinions in regard to our favorite breed. In case the weather is disagreeable, or raining on Aug. the 26th, the meeting as stated at Mr. Jack Rupp's will be held at the Fairview Grange Hall. Everyone interested in the development of better stock is invited.

R. W. Watson, Sec.-Treas.

An Important Sale of Holstein Bull

An important sale in Ohio is reported from Maplecrest Farm, the purchasers being a syndicate of Ohio breeders consisting of Nims Bros, E. Orwell, R. E. Dillon, Lyle and Ed Allen, of Williamsfield.

The bull is a son of Ohio's first 30 lb. cow, Burton Highlawn 2d's Hartog, one of Mr. Dimmick's foundation cows. She has never had an opportunity of making a long time record owing to an injury to her udder which occurred after making her 30 lb. record, but her owner, Mr. Dimmick and others who know her well, are confident that she was, when in her prime, a real 100 lb. cow as far as capacity is concerned. She is alive and in good health and believed to be safe in calf at the advanced age of 18 years. Although she has no long time record herself, she has three daughters with records averaging well over 1000 lb. each, one of the number being made a junior two-year-old. Probably her most famous daughter is Highlawn De Kol, who until recently was known as the only cow with a 1200 lb. butter record to have a 1200 lb. daughter. She has several other good sons besides the youngster just purchased by the Dillon, Allen, Nims combination, perhaps the most famous being Maplecrest Pontiac Hartog, one of the leading herd sires in the famous herd of Peter Small of Chesterland, Ohio.

Dimmick's sire of the young bull Mr. Dimmick has just sold is out of Maplecrest Pontiac Flora Hartog, who is a 1232 lb. daughter of an Ohio's first 30 lb. cow who was just mentioned as being the dam of the young bull himself. This is real constructive breeding and should get results.

The sire of the calf in question is Friend Hengerveld De Kol Butter Boy who is the only sire in the world to have five 30 lb. daughters each of which has herself produced a 30 lb. daughter. "Old Friend" sired the first 1300 lb. cow and was the first sire to have three 1200 lb. daughters.

The Ohio breeders "that pooled their resources to purchase this valuable young bull are to be congratulated upon securing a young bull with such a remarkable combination of great records on both sides of his pedigree. A representative of the World recently had the pleasure of seeing this young bull and does not hesitate to pronounce him as one of the grandest individuals of the breed with about as fine a top line any bull ever carried. Altogether he is a young bull that any one might be proud of.

The above has reference to a bull, which is an animal that has the same dam and also the granddam of the sire is the dam of a bull now doing service in Tillamook county. This will give you an idea of the value that some of the leading breeders of the country place upon the Maplecrest stock.

Government Folder Describes Oregon's Recreat on Areas

A handsomely illustrated folder which includes a map of the principal highways for the entire State of Oregon has just been issued by the Forest Service. This is the first time this branch of the United States Department of Agriculture has issued a map of an entire State. The new publication should prove of immense value to all persons, particularly motorists, seeking recreation in this region endowed with such a variety of natural attractions.

The booklet is entitled, "Road and Recreation Map of Oregon," and contains descriptions of recreation spots in the national forests of that State. These picturesque areas, many of

Notice.

Any one in Tillamook county who has any amateur photographs, paintings or work of Art of any kind that may be exhibited at the Tillamook county Fair, will please let me know by letter or otherwise at your earliest convenience. Let us have a good display. Don't depend on the other person furnishing the exhibit. Address, E. G. Lantz, Superintendent of Art Department, Tillamook County Fair, Tillamook, Ore. Both phones.

While some of the Democratic punsters and jokersmith are worrying who put the hard stuff in Harding and the cool stuff in Coolidge, they might take time to inform us who put the mock in Democracy.

them heavily forested, are "in every sense free recreation grounds," says the pamphlet, "and no trammels are put on your enjoyment. All the Forest Service asks is that you be careful with fire and that you look to the proper sanitation of your camp."

Not only is this wonderfully characterized by scenes infinitely varied, out as the map shows, they are easily accessible. In the construction of the present highway system the Forest Service has played an important part, having built many miles of road. When all plans have been carried out, there will be over a thousand miles of good highway in these national forests.

Many well-laid-out camp sites await the outdoor enthusiast. Several of these are close by streams where fish are abundant and where hunting is good. Numerous camp grounds are equipped with stone fireplaces. The extensive telephone systems of the Forest are available to the Public free in case of emergency.

Persons desiring copies of this pamphlet may obtain them by addressing a request to the District Forester, Portland, Oregon.

Taylor Holmes in "Nothing But Lies"

Coming to the Gem Theatre Friday and Saturday, August 20 and 21 is Taylor Holmes in one of those howlingly funny stage comedies written for Mm. Collier and adapted for the screen use of Mr. Holmes. This third one—the first was "Nothing But The Truth" and the second "The Very Idea"—is entitled "Nothing But Lies" and it was written by Aaron Hoffman.

The plot—for there is a most amusing one in this play—concerns the efforts of a young man to cover up a friend's mistake, made at the instigation of a radical young woman who is known to her friends and the police as Riot Rosie. A she-Bolshevik type, but when a lurid pamphlet she has her friend write is sent to the papers in place of a big firm's advertising copy, something of a stir is created. And such a stir can be explained by nothing but lies.
