At last! Clothes for boys that wear like iron, yet have the classiest style and finish. Suits for "regular" red-blooded boys, who run, jump, wrestle and ride their "bikes" as all boys should do to build body, brawn and brain into perfect health.

PARENTS!—You can now cut the cost of dressing your boys and know that they are perfectly and correctly clad, be proud of their appearance, especially during the opening of school, and save money in the bargain.

INSIST ON STEEL FIBER NIK SUITS

because they have built in protection at the weakest points. Seat and knees reinforced by an extra thickness and patent interweaving stitches. That's the reason why they give twice the wear and cut the cost of dressing the boy.
