Why You Can Trust Your Winchester Rifle

FOR your protection in any possible emergency, your Winchester Rifle is severely tested at the factory before you are allowed to buy it.

It must pass the most rigorous tests for strength, accuracy, dependability, and smoothness and reliability of action.

Knowing what it has stood up under, the manufacturers back it with a sweeping guarantee.

For your next hunting trip, get a tested Winchester which you can trust.

Come in and see the different models, and let us tell you all about them and their Winchester Ammunition.

And get more genuine chewing satisfaction, when you use this class of tobacco.

This is because the full, rich, real tobacco taste lasts so long, you don't need a fresh chew nearly as often.

And a small chew gives more real satisfaction than a big chew of the ordinary kind ever did.

Any man who uses the Real Tobacco Chew will tell you that.

Sweep and Weep or Clean and Smile

We'll guarantee that *no woman likes to work in a dust storm.* It used to almost make us weep.

So we don't do it now.

We don't weep at all. *We clean* and enjoy fresh air while doing it.

Sweeping—broom sweeping—spoiled our curtains and made endless work for duster.

Cleaning—*Electric Vacuum Cleaning*—is done in no time and satisfactorily. No dust from a sweeping storm left on the furniture. *No double work.*

For less than \$2.50 a year for electricity we do our cleaning. The cost and the results make us smile.
